"GENTLEMEN: *Thaddeus Noble*, gunsmith, of this District, has made application to us, the Committee of the said District, for our recommendation in his behalf to your Committee, as an able workman at his trade or occupation of gunmaking. Being willing to lend said *Noble* our assistance in such a necessary and laudable business at such a time as this, when muskets are so much needed to defend our natural rights and liberties against the potent power of *Great Britain*, we do accordingly hereby recommend said *Noble* as a workman at said business, so far as we are acquainted therein, and can inform that we have often seen of his said work, and that it has been generally to the acceptance of the publick. And as said *Noble* may not be able to procure all such materials as may be necessary for carrying on said business, if you, gentlemen, should contract with said *Noble* for making muskets, &c., if he should want money for any part of the business, we desire you to furnish him therewith to the amount of thirty pounds, if he requires that sum; and, on his failure, we will be accountable for the same; and any order that you shall have occasion to give from time to time in the premises, we shall readily obey. If you grant said request, please to let this Committee know, and the terms, &c.

"Gentlemen, we are your very obedient servants.

"In the name and behalf of said Committee,

"MATTHEW ADGATE, *Chairman*.

"To the Committee of Safety of the Province of *New-York*."

The said *Thaddeus Noble* was called in to the Committee. They conversed with him on the subject of the said Letter, and he was desired to attend again at five of the clock in the afternoon.

The Committee adjourned to four o'clock, in the afternoon.

Die Jovis, 4to ho. P. M., April 25, 1776.

The Committee met pursuant to adjournment.

Present: *Pierre Van Cortlandt*, Esquire, Chairman.

FOR NEW-YORK.—Mr. *Scott*, Mr. *Randall*, Colonel *McDougall*, Colonel *Brasher*, Major *Stoutenburgh*, Mr. *Prince*.

FOR KING'S.—Mr. *Polhemus*.

FOR SUFFOLK.—Mr. *Tredwell*.

FOR ORANGE.—Mr. *Cuyper*.

FOR ALBANY.—Mr. *Oothoudt*.

FOR WESTCHESTER.—Colonel *Cortlandt*.

FOR RICHMOND.—Mr. *Adrian Bancker*.

Colonel *McDougall* informed the Committee that General *Washington* requested of the Committee a copy of all the late Resolutions of the Continental Congress relative to the Fortifications in the Highlands.

Ordered, That the Secretaries transcribe copies of the said Resolutions, and deliver the same to the General.

Captain *Heman Allen* attending, was admitted. He delivered a Letter from Major-General *Schuyler*, as to sundry

demands of Captain *Allen* not within his department; also a Certificate from *Richard Varick*, the General's Secretary, certifying the number of men he had in service last year, with some other matters relative thereto. He also delivered a Muster-Roll of his Company, and a number of Accounts for Blankets, the use of Arms, Clothing, and Money, by him advanced, Commissions and Moneys by him received and paid, &c.; whereby he claims a balance of upwards of three hundred and ten Pounds.

Ordered, That the said Letter and Accounts be referred to the Auditors.

Colonel *McDougall* informed the Committee that General *Washington* had permitted Lord *Drummond* and Doctor *Peter Middleton* to go passengers in a vessel they procured for that purpose, to *Bermuda*, on their parole of honour not to communicate any information or intelligence whatever, and in substance the same as the Affidavit hereinafter written; that the General submitted it to this Committee to take such Oaths of Secrecy of the Master, Mariners, and other passengers going in the said Sloop, as the Committee should think proper.

Thereupon the following Oath was administered to *John Heddy*, the Master, *Thomas W. Kenny*, the Mate, and to *Nicholas Vineyard*, *Charles Le Tellier*, and *John Rosemary*, Mariners of the Sloop *Charming Polly*:

"You do severally solemnly swear upon the Holy Evangelists of Almighty God, that you will not communicate any information or intelligence whatever, either by word or writing, to any person or persons whomsoever, in any place whatsoever, relative to the state of the Army or Navy of the United Colonies in *America*, or any part thereof, or of any Fortifications erecting for the defence of this City and Colony, or of any other part of *America*; that you will take every care and precaution to avoid speaking with any *British* vessel or vessels belonging to the *British* Navy, and that you will not take any person or persons on board of your vessel but such as shall have permission from General *Washington*, or this Committee."

*John McAdam* and *Henry Nicoll*, two passengers intending to go on board of the said Sloop to *Bermuda*, and *Robert Cheesly*, a Servant to Lord *Drummond*, severally attended the Committee, and were respectively sworn in the words of the Oath above-mentioned, except the last sentence relative to taking passengers or other persons on board of the said vessel.

A Letter from General *Washington*, dated the 20th instant, which had been before read, was again read, and now filed, and is in the words following, to wit:

"April 20, 1776.

"GENTLEMEN: I thank you for the polite and ready attention you paid to my requisition of the 17th instant. When the civil and military powers co-operate, and afford mutual aid to each other, there can be little doubt of things going well. I have now to request the favour of your information in what manner and in what time a body of two thousand or two thousand five hundred Militia might be collected from this Colony for actual service, upon any sudden emergency. Although we may not, and I trust in God shall not have occasion for their aid, common prudence does, nevertheless, dictate the expediency of a preconcerted plan for calling them in, that, in case of necessity, they may be drawn together in proper corps without tumult or disorder, and at the same time with the utmost expedition. This will not be the case if men are not regularly imbodyed, and notified that they are to step forth at a moment's warning.

"The idea which strikes me as the most proper to be pursued at present, is, to establish, out of the Continental forces, good look-outs on the heights and headlands, (at the entrance of the harbour,) who, upon the appearance of a fleet, shall make such signals as, being answered from place to place, shall convey the earliest intelligence to Head-Quarters, of the strength and approach of the enemy; these signals, for greater certainty, to be followed by expresses, and then, in case anything formidable should appear, for the Committee of Safety (if sitting, if not, to those to whom the power shall be delegated,) upon application from the commanding officer of the Continental forces, to order in one, two, or more battalions, as the exigency of the case may require; or, for greater despatch, such Militia, or part of them, as shall be allotted to this service by the Committee, might be assem-

bled (if in the town or its vicinity) by signals to be agreed on. A mode of proceeding of a similar kind concerted with *Jersey* would bring in a reinforcement speedily, and without those irregularities and unnecessary expenses which but too frequently attend the movement of Militia.

"Thus, gentlemen, I have expressed my sentiments to you upon the occasion. Your prudence will suggest to you the necessity of adopting these, or other methods of a like nature; and your wisdom will point out the most effectual and expeditious manner of carrying them into execution; I therefore submit them to your consideration; and am, with very great respect, gentlemen, your most obedient and very humble servant,

"GEORGE WASHINGTON.

"To the Chairman of the Committee of Safety for the Colony of *New-York*."

Another Letter from General *Washington*, dated the 24th instant, was also read and filed, and is in the words following, to wit:

"*New-York*, April 24, 1776.

"GENTLEMEN: It being necessary that I should know the number of troops to compose the Army here, I must request the favour of your honourable body to inform me how many regiments are raising in this Province for the Continental service by order of Congress, and what their state is as to men and arms. From the accounts I have had, I have reason to fear there is a great deficiency in the latter, which, at a crisis when nothing else seems left to decide the contest we are engaged in, is truly alarming, and calls aloud on every power for their utmost exertions to procure them. The pleasing and ready assurances I have received from you, to co-operate with me in every measure advance of the common cause, leave me no room to doubt but proper steps will be pursued for obtaining them, and lead me to ask what expectations and source you have for getting a supply.

"If any officers have been commissioned by you, I shall be obliged by having a list of their appointments.

"I have been informed that there is a number of arms at *Kingston*, that were taken from the Tories in *Dutchess County*; if so, are they not at your disposal, and can they be had?

"I am, gentlemen, with the greatest respect and esteem, your most obedient servant,

"GEORGE WASHINGTON."

A draft of an Answer to the two Letters received of General *Washington*, was read, and approved of, and is in the words following, to wit:

In Committee of Safety, *New-York*, April 25, 1776.

SIR: The polite sensibility with which you have been pleased to treat our attention to your requisition of the 17th instant, affords us singular pleasure. Convinced with you that there can be little doubt that things will go well under a harmonious co-operation of the civil and military power, permit us once more, sir, to assure you of our most vigorous exertions in seconding your efforts in the common cause.

We wish it were in our power immediately to inform you in what time a body of two thousand or two thousand five hundred Militia might be collected from this Colony for actual service on a sudden emergency. Although we do not at present foresee that emergency, it may nevertheless happen. It is therefore our indispensable duty to be provided with a plan for calling them in with the utmost despatch, well equipped, and without disorder; and this we are fully convinced cannot be effected without a preconcerted plan. To this end, we would request an explanation, whether you would wish the proposed aid should exclude or include the Militia of this City. As soon, sir, as we are favoured with an explanation on this head, we shall lose no time in forming an arrangement for so important a service; we flatter ourselves, however, that, in either case, the required number will, upon such steps as we shall take, be ready at a very short warning; and lest necessity should require the aid in any small interval of adjournment of this Committee, we shall take care to have our place supplied by a sub-Committee, to comply with the application of the Commander-in-Chief, whenever the exigency of affairs shall require it.

Give us leave, sir, to express our approbation of the plan you propose for establishing good look-outs. And as you very properly judge it best that they be made out of the

Continental forces, we can only assure you that, upon notice of the approach of danger, or on any other necessity for the assistance of the Militia, all the succours in our power to command shall be most cheerfully and speedily contributed. We shall consider of a necessary signal, on such occasions, which may, perhaps, be best settled, when we know that which, besides expresses, is to convey intelligence to the Commander-in-Chief from the look-outs you propose to establish. The whole plan would, perhaps, be best formed in concert with *New-Jersey*, the vicinity of which will afford this City as speedy succours as the nearest Counties in this Colony. On this head, we are ready, sir, if you should think it necessary, to appoint a Committee, to meet you for settling the arrangement, especially as we cannot sufficiently thank you for the confidence you are pleased to place in us. We cannot think of taking so momentous a matter entirely upon ourselves.

We heartily wish it were in our power to inform you of the present state of the *New-York* Continental Troops. The number of troops to be raised by us, and destined by Congress for the protection and defence of this Colony, is four battalions. Besides these, there is one battalion for the *Canada* service, directed to be commanded by Colonel *Von Schaick*, an inhabitant in the northern part of this Colony. This regiment was naturally to be recruited in that quarter. For this reason, the moneys sent to us for that purpose by Congress, we immediately sent to General *Schuyler*, who has the forming of that battalion solely under his direction.

With respect to the four battalions, Congress has thought proper to put them under our immediate direction, saving in the appointment of Field-Officers, the right of appointing out of our recommendation. The Field-Officers are all appointed, and a list of them is subjoined. We have issued warrants to all the officers under that degree. We have taken the necessary steps for filling up the battalions, and for enforcing a return of their present state, with which we will furnish you as soon as we are possessed of them. The list of those under the degree of Field-Officers is so mutable in its nature, that it would answer no purpose to trouble you with it now. Their warrants are all conditional in their nature. If any of them are negligent or unfortunate in recruiting, they must give way to new appointments, for we are determined to fill the four battalions with the utmost expedition; and for this purpose, we have ordered returns. When the arrangement is settled, it shall be laid before you.

You cannot, sir, feel more sensibly than we do at the prospect of a deficiency of arms, at a crisis when we are compelled by *Great Britain* to the last appeal, in which we must, without arms, necessarily prove unequal combatants. We should therefore esteem ourselves deaf to the most alarming call, should we not exert our every power to procure them. When the affair of *Lexington* proclaimed the war, this Colony was extremely destitute of arms. Our brethren of *New-England*, who were first called on for the defence of *American* liberty, purchased many arms from our inhabitants. Our Colony troops were supplied last year with arms at our Provincial expense. Most of those still remain in the *Canada* service. These considerations, together with our ineffectual attempts to obtain foreign supplies, increase the difficulty of arming our battalions. We are not, however, without hopes of succeeding. We have made several contracts already with manufacturers. We have published encouragement for people in that branch. We shall continue to make as many contracts for the purpose, as we shall from time to time have in our power. We have also directed the Committees in the several Counties to purchase arms, and we hope we shall be able to furnish our four battalions. The number already furnished by our Commissary is three hundred and eleven. He has still on hand a few. We have reason to believe many of our troops will come provided, and, upon the whole, we shall not be very deficient in so material an article. Colonel *Ritzema* is authorized to send an officer into the different Counties wherein his officers have recruited, for the purpose of collecting from the Committees the arms that have been taken from the disaffected inhabitants; and as we have given repeated and pressing orders to the Committees to execute the Continental resolve for disarming Tories, we hope for some supply from that source.

Your information concerning the arms at *Kingston*, is well founded; and we shall immediately order them either

to this city, or to be applied for arming the troops raising in that quarter. We assure you, sir, we shall not fail to furnish you with returns of the men and arms, as often as we shall be able to procure them.

We would beg leave, sir, to inform you that, since the commencement of hostilities, our situation and the publick exigencies have obliged us to submit to the burden of a great variety of departments, not properly within the sphere of a Provincial Congress, such as Paymaster, Commissary, &c., for Continental service, in the course of which we have received and issued large sums of Continental money; and though our accounts are nearly ready to lay before Congress, they are so excessively voluminous that it will require some weeks to complete them. However, though the balance is not struck, we are sure it must be considerably in our favour. In the mean time, sir, we should think ourselves inexcusable were we not to inform you that we have not one farthing of Continental money in our hands, and that the publick service under our care is now suffering for want of an immediate supply. We shall, without delay, apply to Congress; but we cannot have the necessary relief from that quarter so soon as the despatch of business requires it. We are, therefore, constrained to request of you the advancement of six thousand pounds, of which, if you please, you may estimate the subjoined advancements to the different commanding officers as a part, and for which we are ready to give you a receipt; or, if you think it best to advance the whole sum to us, we will debit the Congress with the moneys advanced to those gentlemen.

We are, sir, with the greatest respect and esteem, your most obedient servants.

To His Excellency General *Washington*.

On a separate sheet, was transmitted with this Letter, a list of the Field-Officers of the four Regiments raised for the defence of this Colony; the list of the Moneys lent to the General Officers, and the copy of the state of the Companies, as undernamed, viz:

Ordered, That Captain *Ezekiel Hyatt*, with his Subalterns and Company, be a part of the First Regiment in this Colony in the Continental service, on condition that he bring a full Company; and he is hereby directed to join his Regiment with as much despatch as possible.

Ordered, That Colonel *McDougall* take such prudent measures as he may think proper, to secure and have brought to this City such Arms taken from disaffected persons as are now in the custody of *Alexander Hunt*, of *Rye*, who has offered to deliver them to the order of this Committee.

Ordered, that Mr. *Richard Norwood*, Commissary, &c.,

deliver to Mr. *Jacamah Allen* twelve pounds of Gunpowder, to enable him to clear shot and stones out of the Cannon near *King's Bridge*.

Ordered, That Mr. *Van Zandt* advance to *Thaddeus Noble* thirty Pounds, and take his obligation for that sum; and that he contract with Mr. *Noble* for thirty Muskets, at eight Dollars each, without Bayonets; and to be allowed a reasonable price for fixing Bayonets to them if he shall have to put Bayonets to them.

The Committee met pursuant to adjournment.

FOR NEW-YORK.—Mr. *Van Zandt*, Mr. *Beekman*, Mr. *Prince*, Mr. *Evert Bancker*, Major *Stoutenburgh*.

FOR ALBANY.—Mr. *Oothoudt*.

FOR KING'S.—Colonel *Van Brunt*.

FOR SUFFOLK.—Mr. *Tredwell*.

FOR WESTCHESTER.—Mr. *Van Cortlandt*.

FOR RICHMOND.—Mr. *Adrian Bancker*.

Mr. *Van Zandt* delivered in a Contract by him made with *Thaddeus Noble*, for the making of Muskets, which was read, and filed.

The said *Noble* has thereby agreed to deliver to Mr. *Van Zandt*, on account of the Provincial Congress, thirty good Muskets, well finished, and with Steel Ramrods, on or before the 10th day of *June* next, at the price of eight Dollars each; and if he should deliver Bayonets fitted to the said Muskets out of some of the old Bayonets brought from *Crown-Point*, *Noble* is to be allowed a reasonable reward for the same.

Mr. *Van Zandt* also delivered the obligation of *Noble*, by him taken for the payment of thirty Pounds advanced to *Noble*, agreeable to the order of this Committee, made yesterday; and the same was read, and filed.

Ordered, That *Peter Van Brugh Livingston*, Esq., as Treasurer of the Provincial Congress of this Colony, pay to Mr. *Jacobus Van Zandt*, thirty Pounds, to repay him the money advanced (by order of this Committee, made yesterday) on a contract with *Thaddeus Noble*, for the making of Arms.

A draft of an Answer to the Letter of the Committee of *King's* District was read, and approved, and is as follows, to wit:

SIR: Your letter by Mr. *Noble* was received, read, and immediately taken into consideration. In consequence of your recommendation, we have contracted with Mr. *Noble*, and advanced him thirty pounds. We think the Committee of *King's* District have merited the applause of their country, by interesting themselves in the promoting a manufactory so necessary for the defence of the rights and liberties of *America*.

We are, &c.

To *Matthew Adgate*, Esq., Chairman, and the Members of the Committee of *King's* District.

A copy of a Letter from Governour *Tryon* to the Mayor of this City, dated the 19th instant, was read. He thereby informs that the Commander of the *King's* Ships on this station had thought it necessary to burn the Pilot-House, near the Light-House; that proper care has been taken of *Adam Dobbs* and his family and effects; and that if a Sloop is sent down to receive *Dobbs*, his servants, and effects, she will be permitted to return safe.

Ordered, That Captain *William Dobbs* wait on his Excellency General *Washington*, with the said copy of a Letter.

The residue of the morning was spent in hearing applications of country Officers, and other matters relative to the raising of the four Regiments, to be raised in this Colony, for the Continental service.

FOR SUFFOLK.—Mr. *Tredwell*.

FOR ORANGE.—Mr. *Cuyper*.

FOR RICHMOND.—Mr. *Adrian Bancker*.

Mr. *Sands*, from the Committee of Accounts, requested the advice of the Committee on many different matters in the Accounts delivered in by Captain *Heman Allen*. A considerable time spent in the examination of the sundry Papers and Accounts, and the general principles on which the Accounts should be settled, were fixed, except as to the Clothes.

Captain *Heman Allen*, attending at the door, was admitted. He says that he furnished his men with clothes, and did not receive any clothing for his men.

The Accounts were left with the Auditors for further consideration.

Mr. *Sands* produced the Account of Captain *William W. Gilbert's* Company, for guarding the Records one month, amounting to two hundred and sixty-seven Pounds eleven Shillings and six Pence; and requested the advice of the Committee as to passing the same.

The Committee considering that that Guard was instituted by the Provincial Congress, on the 5th of *March* last, and this Committee have some time ago endeavoured to relieve the Colony from that expense, in which they succeeded for a few days only, advised Mr. *Sands* to examine and compare this account with that formerly passed for the Grenadier Company; and if further advice should appear necessary, then to delay the account, if he can, until the meeting of the Provincial Congress.

A certain Captain *Cornelius Steinrod*, who lately commanded a Company of Minute-men, and has formerly applied for a Warrant to raise or enlist a Company in the Continental service, attending, was admitted. \*

\* TO THE CONVENTION GENTLEMEN:

SIRS: I have called on you to know whether there was a call for a company of Horse or not; and I never have had an answer; and if you please it is easy to give an answer, yes or no; for since the Committee had some talk of it, I could get a company by this time, and can have them ready soon for service.

CORNELIUS STEINROD.

GENTLEMEN—SIRS: If there is a call for the oath to be handed out, and it is expedient for all to swear, it is time that some did set about it; for the thing is still, and numbers have not, nor wont swear; and if all are to do it, and you think proper for it to be speedily brought to hand, I will call them to swear, or put them under guard. This from

CORNELIUS STEINROD.

I should be glad if, when you see what I want, you will write a word whether you will, or will not.

GENTLEMEN—SIRS: I wish you would do one favour for me, and give me a line, so that my fuller that tends my fulling-mill will stay at home, for the whole County is wanting cloth-dress, and I cannot get anybody to tend the mill; and if you will give me a note for him to stay, (as long as I can't be at home to take care myself,) I should take it as a favour; for I have three mills, and if my millers must be drafted, and I from home, and my mill stand still, it will hurt the publick as well as myself. I am willing to do as much as any man to help the cause so ruined.

Yours to serve,

CORNELIUS STEINROD, Captain.

possession) as may be necessary to complete the Medicine-Chests for the Armed Vessels fitted out and arming, on account of the Provincial Congress of this Colony.

Mr. *Adams* further requested a permission to purchase of Doctor *Treat* a part of those Medicines on his own account.

The Committee informed Mr. *Adams* that they will take his applications into consideration.

Captain *Cornelius Steinrod*, of *Westchester* County, attended, and informed the Committee that he can enlist a complete Company of men for Continental service in fourteen days.

The Committee taking the same into consideration, and considering that a great many men are still wanting to complete the four Regiments ordered to be raised in the Colony for the defence thereof,

*Resolved*, That if the said *Cornelius Steinrod* shall, and do, within fourteen days from the date hereof, enlist a full and complete Company of able-bodied men, and have them ready to join such Regiment (of those raising for the defence of this Colony) as shall be determined on by the Provincial Congress, or this Committee; in such case this Committee hereby gives him full assurance, that he and his Subalterns, with the said Company, will be employed as part of the Troops raising for the defence of this Colony.

Major *Joseph Benedict*, who was appointed Major of the First Regiment of the Troops raising for the defence of this Colony, attending, was admitted.

Major *Benedict* resigned his Commission.

*Ordered*, That Colonel *McDougall* be authorized, and he is hereby authorized, to settle with, and pay Major *Joseph Benedict*, from the date of his Commission to this day.

Colonel *Ritzema* requested of the Committee a more general order to the Commissary for Arms.

*Ordered*, That Mr. *Richard Norwood*, Commissary of Colony Stores, deliver to Colonel *Ritzema*, or to such Captains in his Regiment as shall have Colonel *Ritzema's* order, all the Muskets and Fire-Locks fit for use, which now are, or may come into the Colony Store, in the course of fifteen days from the date hereof; and that the said Commissary take a receipt of Colonel *Ritzema*, or the Captains to whom such Arms are delivered, to the end that the same may be accounted for, and paid for, to the Colony.

"New-York, April 27, 1776.

"GENTLEMEN: In answer to your favour of the 25th, delivered to me yesterday, I shall beg leave to inform you, that it was my design to have included the Militia of this City in the two thousand or two thousand five hundred men which I thought might be wanted upon an emergency; but whether common prudence may dictate the expediency of extending your views to a greater number, in case of necessity, is submitted to the wisdom of your Board.

"The signals which I intended should convey the first notice of the approach of an enemy's fleet, you will find in the enclosed paper; but if you will please to appoint a Committee of your body, I will desire the Brigadiers *Sullivan*, *Greene*, and Lord *Stirling*, to meet them and adopt a better, if a better can be thought of. *New-Jersey* is already advertised of these signals.

"If the four battalions which were directed to be raised under the command of the Colonels *McDougall*, *Clinton*, *Ritzema*, and *Wynkoop*, are placed under the immediate care of the Committee of Safety for this Colony, by Congress, I should be glad to know how far it is conceived that my powers over them extend, or whether I have any at all; sure I am, that they cannot be subjected to the direction of both, and I shall have no small reluctance in assuming an authority I am not vested with powers to execute, nor will my solicitude (further than as a well-wisher to the cause) on account of arms for, and returns of, these regiments continue, if they are not considered as within the line of my command. It becomes therefore my indispensable duty to be ascertained of this matter, and to know whether these regiments cannot be ordered out of the Colony, for instance, to *New-Jersey*, if necessity should require it.

"It would give me singular pleasure to advance you the sum asked for, but the low state of our cash, and heavy demands upon the Paymaster, render it altogether impracticable at this time. The Quartermaster and Commissary are both wanting money, and cannot be supplied; nor can

General *Ward* get what he has sent for to pay the five regiments to the eastward till a fresh supply arrives, of which Congress is informed. General *Heath*, since my arrival here, has obtained a warrant upon the Paymaster for money to replace the sum which your Committee kindly lent him; and, to the best of my recollection, General *Thompson* told me that he also meant to do the same. These matters shall be inquired into.

"With great respect, I remain, gentlemen, your most obedient and most humble servant,

"GEORGE WASHINGTON."

"To His Excellency General WASHINGTON, Commander-in-Chief of the AMERICAN Army.

"MAY IT PLEASE YOUR EXCELLENCY: In obedience to the orders given us, we have met and deliberated upon the several matters referred to us by your Excellency, and beg leave to report, that the following Signals be given upon the approach of any number of ships towards this Port, viz: Upon the appearance of any number of ships by day, from one to six, a large Flag is to be hoisted on the highlands of *Neversink*; upon the appearance of any number from six to twenty, two Flags; and for any greater number, three Flags. Those Flags to be hoisted upon Flag-Staffs, arranged there from East to West, at twenty yards distance from each other. The Signals by night to be given by an equal number of fires, arranged in the same order and at the same places. These Signals to be reported both by day and night on the heights of *Staten-Island*, by Flags and Fires, arranged in the same manner. The commanding officer in each of those departments to see that a good look-out be kept for ships both by day and night; and, upon their appearance, he is not only to give the Signals before-mentioned, but is, as soon as possible, to give intelligence by express to the Commander-in-Chief.

"We recommend that the day Signal be given by large Ensigns, with broad stripes of red and white; and that, upon the appearance of three Flags by day or three Fires by night, the country is to take the alarm, and communicate it as soon as possible, for the purpose of calling in the Militia.

Present: *Pierre Van Cortlandt*, Esq., Chairman.

FOR NEW-YORK.—Mr. *Sands*, Colonel *McDougall*, Major *Stoutenburgh*, Mr. *Evert Bancker*, Colonel *Brasher*, Captain *Denning*.

FOR ALBANY.—Mr. *Oothoudt*.

FOR WESTCHESTER.—Colonel *Cortlandt*.

FOR KING'S.—Mr. *Van Brunt*.

FOR SUFFOLK.—Mr. *Tredwell*.

FOR ORANGE.—Mr. *Cuyper*.

FOR RICHMOND.—Mr. *Bancker*.

A Letter from *John Dennis*, Chairman of *New-Brunswick* Committee, with the three Prisoners referred to in the Letter of *Samuel Tucker*, President of the *New-Jersey* Committee, received on the 25th instant, was read and filed, in the words following, viz:

"City of New-Brunswick, April 23, 1776.

"SIR: By order of the President of the Committee of Safety for the Province of *New-Jersey*, I herewith send you three Prisoners, who deserted from the ship the *Lady Gage*. A letter containing their examination was sent you a few days ago; but when you receive their personal information, it will afford you more satisfaction than could be expected from a letter.

"I am, sir, your obedient humble servant,

"JOHN DENNIS.

"To the President of the Provincial Congress of the Province of *New-York*, or, in their recess, to the President of the Committee of Safety, *New-York*."

*Henry Smith*, late of *North-Castle*, being examined, says: That one *Thomas Gibson*, who informed the examinant that he lived at *Fishkill*, came to the examinant at *Joseph Golding's*, in *North-Castle*, and persuaded him to enlist; that he enlisted about the 1st of *April*; that, about a week afterwards, he left home, which is now four weeks ago; that

the said *Thomas Gibson* also enlisted *William West* and *John Lownsberry*, (son of *Henry Lownsberry*,) from *Cortlandt's Manor*; *John Jones* and *Arthur Orson*, (son of *Joseph Orson*,) from *Sing-Sing*; and *Stephen Daniels* and himself, (the said *Henry Smith*,) from *North-Castle*; that they travelled in the night, and lay by one day in the woods, and another day in *Purdy's Barn*, about two miles beyond the *White Plains*; that he thinks *Purdy* knew they were enlisted, and going on ship-board; that they left the shore at the *Narrows*, on *Long-Island*, where a barge received them and carried them on board of the *Lady Gage*. That *Jones* and *Orson* deserted from the *Lady Gage*; that *Daniels* and the examinant came off together. That his father did not know that he enlisted. That *Thomas Gibson* promised him three Pounds fourteen Shillings bounty, twenty Shillings a month pay, besides clothing, and two hundred acres of conquered land. That there were about one hundred men on board of the *Lady Gage*, most of them country people and recruits, as he thinks, and some of them sailors. That he saw *William Lownsberry* on board of the ship; that two of the *Gidneys* are on board, one named *Solomon*; that some men of the name of *Haynes* are on board, and one *Robert Sneadon*; that he is a Sergeant on board; that one *Barnes* is there, said to be a Lieutenant; one *Campbell*, a Captain. That they had some guns brought from the *Phenix*; that they had only salt provisions of flour and pork on board. That he signed a paper which *Thomas Gibson* produced to him when he enlisted; that it contained nothing but names, to his knowledge; that he met *Gibson* at *Joseph Golden's*; that *James Travis* is on board of the ship; that they tarried about a week at *Daniel Denton's*, below *Hempstead*, and at a tavern in the town of *Hempstead*, before they went on board of the ship, and that *Gibson* supported them.

A Letter, or recommendation, from the Committee of the County of *Ulster*, dated the 4th day of *April*, 1776, signed by *Johannes Hardenbergh*, Chairman, was read and filed. They thereby (pursuant to the resolution of the Provincial Congress of this Colony) recommend *Henry Wisner*, Jun., Esquire, and Major *Phillips*, in partnership, as proper persons (having the convenience of a good stream) to erect Mills and carry on the manufacturing of Gunpowder.

Another Letter, or recommendation, from the Committee of *Orange County*, dated *April* 18, 1776, and signed by *Elihu Marvin*, Chairman, was read and filed. They thereby recommend *Henry Wisner*, Esq., and *John Carpenter*, as proper persons to erect and carry on the manufacturing of Gunpowder, and recommend a place at or near *John Carpenter's* Saw-Mill as a proper place for building the same.

A Letter and application from *Henry Wisner*, Jun., relative to the Powder-Mill to be erected agreeable to the recommendation of the Committee of *Ulster County*, was read and filed. He thereby applies for the loan of the money resolved by Congress in such case to be sent.

A Certificate, or recommendation, from the Committee of *Albany*, dated *March* 30, 1776, signed by *Abraham Yates*, Jun., Chairman, was read and filed. They thereby recommend *Henry Van Rensselaer* and Sons, of *Claverack*, as proper persons for erecting a Powder-Mill for manufacturing Gunpowder at *Claverack*, at the distance of more than two miles from *Hudson's River*.

The said *John Carpenter* in person, and the said *Henry Van Rensselaer*, Esq., in person, applied to the Committee for the sum of one thousand Pounds each, on behalf of themselves and their partners, according to the Resolution of the Provincial Congress of the 9th day of *March* last, in such case made and provided.

Resolved, That each of the said three Companies, applying, are entitled to the loan of one thousand Pounds, and that an order shall be issued to the Treasurer of the Provincial Congress for the sum of one thousand Pounds to each Company respectively, as soon as they give such security and enter into such contract as is mentioned in the said Resolution of the 9th of *March* last.

A Letter from the Committee of *Albany* was read, and is in the words following, to wit:

"Albany Committee-Chamber, April 11, 1776.

"SIR: Yours of the 1st instant, together with a copy of General *Putnam's* letter of the 5th, directed to the Chair-

man of the Committee of Safety of the Province of New-York, we have before us; and now to the contents.

"We have now the officers of five Companies recruiting in this City and County; their names, and the number of men by them respectively inlisted, you have in the enclosed return; and, considering that nearly the whole of Colonel *Van Schaick's* Regiment is recruited in this County, and that General *Schuyler* has engaged here a number of carpenters and batteauxmen for the Continental service, we are persuaded that no part of the censure thrown on this Colony can justly be attributed to this County; besides, our officers without an advance of a shilling of money must necessarily meet with difficulties in recruiting, when, with many, the principal inducement to enlist arises from the hopes of cash. This Committee, some time ago, apprized of these difficulties, wrote to Congress for such a sum of money as they might conceive necessary to promote the service.

"Without any authority over the troops, this Committee are at a loss to know how they can order their march. They will refer the request to General *Schuyler*.

"By the promotion, death, or removal, of several of the Militia officers in this City and County, it often happens that vacancies arise in the Regiments. We would therefore be glad if you would furnish this Committee with about one hundred blank commissions, which will be filled up, from time to time, as occasion may arise, and return to Congress the names of such officers as shall be so commissioned.

"We observe a resolve of the Continental Congress, requesting all Tories to be disarmed; we humbly request to receive with all speed your instructions in the premises.

"We are, respectfully, sir, your very humble servants.

"By order of the Committee:

"ABRAHAM YATES, JUN., Chairman."

The List and Return of the Companies raising in the County of Albany was read and filed, and is in the words following, to wit:

"Albany, April 11, 1776.

"List of Officers recruiting in the City and County of ALBANY, and the number of Men inlisted for each Company.

"*Cornelius Van Santvoordt*, Captain; *Abraham Becker*, First Lieutenant; *Obadiah Vaughan*, Second Lieutenant; *David Becker*, Ensign.—Eighty-nine men inlisted.

"*Samuel Van Veghten*, Captain; *John Hoogkirk*, First Lieutenant; *John Ball*, Second Lieutenant; *Daniel Everts*, Ensign.—Forty-seven men inlisted, officers included.

"*John H. Wendell*, Captain; *John C. Ten Broeck*, First Lieutenant; *John Welch*, Second Lieutenant; *John Ostrander*, Ensign.—Forty-nine men inlisted, officers included.

"*Gerrit S. Veeder*, Jun., Captain; *Solomon Pendleton*, First Lieutenant; *David Bates*, Second Lieutenant; *Ephraim Snow*, Ensign.—Thirty-eight men inlisted.

"*Harman Vossburgh*, Captain; *Barent Staats*, (*Salisbury*), First Lieutenant; *Isaac Bogert*, Second Lieutenant; *Silas Howard*, Ensign.—Seventy men inlisted, officers included.

"Two Companies in Tryon County. *Henry O'Hara*, Captain in Charlotte County.

"Colonel *Wynkoop*.

"Lieutenant-Colonel *Cortlandt*."

The Committee took the said Letter and Return from the Committee of Albany into consideration;

And thereupon Ordered, That the Companies within mentioned, the two Tryon County Companies, and Captain *O'Hara's* Company, compose Colonel *Wynkoop's* Regiment.

And Resolved and Ordered, That *Peter V. B. Livingston*, Esq., as Treasurer of the Provincial Congress of this Colony, advance to Lieutenant-Colonel *Philip Cortlandt* the sum of one thousand Pounds (out of the first moneys that shall come into the Treasury) for the recruiting and billeting of Colonel *Wynkoop's* Regiment; that Lieutenant-Colonel *Cortlandt* proceed to Albany, to forward the recruiting of the said Regiment; that he wait on his Excellency General *Washington* for such directions as he shall give; and that he call on Colonel *Wynkoop* in his way for his aid and direction and assistance.

Resolved and Ordered, That Doctor *Ebenezer Haviland*

be, and is hereby, appointed Surgeon to Colonel *Wynkoop's* Regiment; and that he immediately take the directions of the Field-Officers of the Regiment, as to his duty and attendance.

The Committee then took into consideration the appointment of Companies to Colonel *Clinton's* Regiment.

And thereupon appointed the following Companies to compose that Regiment, viz: 1, Captain *Griffin's* Company; 2, Captain *Rosekran's* Company; 3, Captain *Davis's* Company; 4, Captain *Jackson's* Company; 5, Captain *Bellknap's* Company; 6, Captain *Swartwout's* Company; 7, Captain *Childs's* Company; 8, Captain *Roe's* Company.

Ordered, That a copy of this appointment be given to Lieutenant-Colonel *Henry B. Livingston*.

Colonel *McDougall* informed the Committee that there are some of the Sentinels of Colonel *Ritzema's* Regiment sick; and that it is necessary to appoint a Surgeon or Mate to take care of them.

As Doctor *Woodruff*, who has been recommended by Colonel *Ritzema* to that Regiment, is not yet returned from Canada, and is soon expected, the Committee are determined to appoint a Surgeon's Mate to the Regiment.

The certificate of Doctor *John Jones* and Doctor *Samuel Bard*, dated the 13th day of April, recommending *Daniel Menema*, and which has since remained on file, was read.

Ordered, That *Daniel Menema* be appointed, and he is hereby appointed, Surgeon's Mate to the Regiment of Continental Troops whereof *Rud. Ritzema*, Esq., is Colonel.

The Committee took into consideration the recommendation of two gentlemen to the Continental Congress, for the Majority of Colonel *McDougall's* Regiment.

And thereupon, Resolved and Agreed, That Major *Barnabas Tuthill*, of Suffolk County, and Captain *Marinus Willet*, of this City, be recommended to Congress for that office.

Doctor *Treat*, at the request of the Committee, attended. He informed the Committee that he has reason to believe that the orders to Mr. *Adams* for medicines for two of the Armed Vessels are nearly completed; that bark is scarce, and not to be obtained; that the quantity purchased by the Colony, and in his care, is large, being one hundred weight or upwards; that medicines are provided for three Regiments of this Colony; that he stands in need of one or two pounds of bark for the use of such Continental Troops now here as have not Surgeons to their Regiments; that *Adams* has some pretence to a preference to a small part of those medicines, if any are spared, because he made and furnished to the importer the invoice for importing them.

Mr. *Adams's* application for part of the medicines, was also read.

Ordered, That Doctor *Treat* supply Mr. *Adams* with such Medicines (out of those in his custody belonging to the Colony) as will complete the Medicine-Chests for the Armed Vessels; and, also, with five pounds of Bark for Mr. *Adams's* own use.

And Ordered, That Doctor *Treat* have liberty to use so much of those Medicines as he shall have occasion for, for the use of the Troops which he now does, or shall hereafter attend, while the Medicines are in his custody.

Die Lunæ, 10 ho. A. M., April 29, 1776.

Die Lunæ, 3 ho. P. M., April 29, 1776.

The Committee met pursuant to adjournment.

Present: *Pierre Van Cortlandt*, Esq., Chairman.

FOR NEW-YORK.—Mr. *Scott*, Mr. *Sands*, Colonel *McDougall*, Mr. *E. Bancker*.

FOR ALBANY.—Mr. *Oothoudt*.

FOR ULSTER.—Mr. *Wynkoop*.

FOR ORANGE.—Mr. *Cuyper*.

FOR SUFFOLK.—Mr. *Tredwell*.

FOR WESTCHESTER.—Colonel *Cortlandt*.

FOR KING'S.—Mr. *Leffertse*.

*Henry Van Rensselaer*, Esquire, attending, was admitted. At his request, they consented and agreed, that Mr. — have four weeks to complete his application for the loan of one thousand Pounds, for the erection of a Powder-Mill, by giving the necessary security, and entering into contract, agreeable to the Resolution of the Provincial Congress.

A draft of a Letter to the Committee of *Albany*, in answer to their Letter of the 11th, was read and approved of, and is in the words following, to wit:

GENTLEMEN: We acknowledge the receipt of your favour of the 11th instant, with the returns of the companies raising in your County. These companies, with the two companies from *Tryon* County, and one from *Charlotte* County, are placed under Colonel *Wynkoop*; and Lieutenant-Colonel *Cortlandt*, with one thousand pounds in cash, proceeds immediately for *Albany*, to take charge of the Regiment, unless Colonel *Wynkoop* should be there.

The Treasury has been empty many days. This has rendered us unable to give any prior assistance with cash.

Enclosed you have copies of the resolutions and recommendations for disarming disaffected persons. We again earnestly recommend to you to carry them into execution without delay, and with all possible vigour.

We expected *Peter R. Livingston*, Esq., had furnished you with these resolutions long since, and the arms of such disaffected persons would in part arm the troops raised in this Colony for Continental service.

We have not the number of blank commissions you request. We have not delivered out any blank commissions hitherto, and hope it will not be inconvenient to your Committee to have them delayed until the meeting of Congress.

We are, respectfully, gentlemen, yours, &c.

To *Abraham Yates*, Jun., Esq., Chairman, and the Members of the Committee of the County of *Albany*.

In Committee of Safety, New-York, April 29, 1776.

SIR: Your favour of the 27th, we have received; in answer to which, we would inform you that we shall, as soon as possible, take measures for putting our Militia in such a situation as to afford the Army the most speedy and effectual assistance in our power, whenever you shall think it necessary to call for their aid, either for the defence of this or the neighbouring Colonies. We thank you for the information respecting the signals fixed upon below to give intelligence of the approach of an enemy. We assure you, sir, we meant not by our letter to intimate the least desire of being consulted in that matter, for which the gentlemen of the Army must be more competent than ourselves; but as you intimated that similar signals might possibly be of service in assembling the Militia in the neighbourhood of this city and the adjacent parts of *New-Jersey*, we proposed to appoint a Committee to wait upon you; and that we might be informed of any plan that you might have thought of for that purpose.

We omitted in our last to inform you that we have not been entirely inattentive to the subject of this part of your recommendation. Every regiment of our Militia has its place of rendezvous appointed, and riders are fixed at different stages in this and the neighbouring Colonies, to alarm the country in case of invasion; but if, upon consideration, we shall judge that signals may be of service in calling in our Militia more speedily than can be done in that way, we shall communicate to you our determinations upon that head.

We are sorry to find there is a possibility of misunderstanding the passage in our letter respecting the four battalions raising in this Colony. Be assured, sir, that we never considered them as under our direction, except so far as concerned the forming and equipping them. And if you will be pleased to refer yourself to our last letter, the distinction taken therein between the four battalions and *Van Schaick's* Regiment will convince you that we meant nothing more than, in obedience to Congress, to have the completing of them for the command of the Continental General. Nor do we esteem them so pointedly under our direction in this respect as to exclude your solicitude, as Commander-in-Chief,

to have them speedily completed and armed; a solicitude highly becoming your station, and which, instead of affording the least ground for umbrage, serves to heighten the opinion which your former conduct has invariably taught us to entertain of your vigilant attention to the important duties of your office, and of your zeal for the defence and security of the rights of this much injured country. You have an unquestionable right to know the state of the regiments raising in this Colony; and it has given us no small concern that we have not been able to procure the necessary returns from the Counties (though we have some time since taken the proper steps for that purpose) to enable us to give you other than a very partial and unsatisfactory information upon that head.

We enclose you a return, in which you will find the first battalion is most deficient. The return is formed from information which came to hand since we had the honour of writing our last letter to you. We send you herewith a blank warrant containing our terms of enlistment, which are substantially a copy of the resolutions of Congress. But, upon these, we would observe, that although it appeared to us that the defence of this Colony was the primary or more immediate object for which the four battalions were designed, yet we took particular pains to inform the recruiting officers that we did not conceive that to be the only object, but that they would be liable to be ordered into any of the neighbouring Colonies, (*Canada* excepted,) where the commanding officer in this department should judge their assistance to be necessary for repelling the invasions of our common enemy. We hope, sir, that the general nature of the cause we are engaged in, the generous attention of the Continent to the defence and security of this Colony, and the readiness of our neighbours to come to our assistance from time to time when they have apprehended us to be in danger, will serve to exclude from our minds the narrow distinction of Colonies, and teach us to esteem the *British* fleets and armies as much our enemies while on the coasts of *Connecticut*, *New-Jersey*, or *Carolina*, as if they lay in the *East River*.

We have to acknowledge the receipt of your letter of this day, enclosing the resolve of Congress on the subject of arming the *New-York* Battalions. In answer to which, we beg leave to refer you to our letter of the 25th instant; and to assure you that we shall exert ourselves by every means in our power for their being properly armed and accoutred.

To General *Washington*.

In Committee of Safety, New-York, April 29, 1776.

GENTLEMEN: On the 23d of *March* last, we wrote to you upon a subject of the utmost importance—the command in the Marine department on the Lakes. Our application was occasioned by a letter from General *Schuyler*, a copy of which we then enclosed to you. The General, in that letter, informed our Congress that, in case Major *Douglass* should decline that command, there was “no person he would more willingly have to command the vessels than Captain *Wynkoop*; and requested, at any rate, to send him up the soonest possible, with a sufficient number of sailors for the two schooners and sloop.” We further informed you that we immediately sent for Captain *Wynkoop*, communicated to him the General's letter, and sent him, with a copy of it, to Major *Douglass*; that he delivered it to him, and received for answer from Major *Douglass*, that “he was then in service, and that it would be at least two months before he could attend at the Lakes, if his health would permit;” that we thereupon wrote him a letter, a copy of which, and of his answer, we also enclosed to you. In our letter to him we gave him a gentle reproof for his uncertain answer to *Wynkoop*, and signified that we expected his immediate answer, and, in case of his acceptance, he should stand ready for the execution of his duty at a minute's warning, whenever the service should require it. In his answer he informed us, “I told Captain *Wynkoop* what I now tell you, that whenever I should receive orders from the Congress or General, I was willing to comply, if my health would permit; and, as Captain *Wynkoop* is desired by the General to get his men and go up, I beg you would assist and forward him; and if I am not called upon, shall endeavour to serve my country in some station of as much importance as to command the Lakes.” We further reminded you in the above-mentioned letter, that the season was so far advanced that the service would suffer if the vessels on the Lakes

were not immediately employed. And conceiving that Major *Douglass's* indetermination would make room for a new appointment, we took the liberty, through you, to recommend Captain *Wynkoop*, as a person who was bred a mariner, had frequently been master of mercantile vessels, had served with reputation in the last war, both in the land and sea service; that we then thought him (as we still do) an officer of merit, and that we had heard his conduct in the last campaign highly applauded; conceived him to be worthy of the trust, and thought, from General *Schuyler's* letter, the appointment would not be disagreeable to him. We further informed you that Captain *Wynkoop* would not continue in the Marine service under Major *Douglass*; but that, nevertheless, we had prevailed on him, with the argument of danger that the service would suffer, to engage seamen, and proceed to the General with all possible despatch. To this letter we have hitherto not been favoured with an answer, but have heard a report that some order from Continental Congress has been sent to Major *Douglass* to repair to the post assigned him. General *Schuyler*, still attentive to the importance of the service on the Lakes, in a letter of the 4th instant to General *Thompson*, who furnished us with a copy of it, writes thus: "Will you be so good as to request the *New-York* Congress that the sailors may be sent up without delay." In consequence of this, we sent for Captain *Wynkoop*, being convinced of the impossibility of sending up the seamen without an officer, and engaged him to enlist the men, and to proceed to put the vessels in order, under the present uncertainty of his station, on condition that he be permitted to quit the service in case he should be superseded. Of this we informed General *Schuyler* by letter of the 25th instant, of which Captain *Wynkoop*, who is gone up with his seamen, is the bearer. After what has been said already in recommendation of Captain *Wynkoop*, we shall presume to say no more than that, in case Major *Douglass* should decline, we hope that this fresh instance of Captain *Wynkoop's* zeal for the publick service, added to his former merit, will have sufficient weight with the Congress to confirm him in that command which was destined for Major *Douglass*.

We herewith send you the petitions and remonstrances of *New-York* for redress of grievances.

Major *Benedict*, of the First *New-York* Battalion, conceiving himself unfit for that office, has made a voluntary resignation, by which that Majority is become vacant. On this occasion we conceive it to be our duty to hold up two candidates for the choice of Congress—Major *Barnabas Tuthill*, of Colonel *Holmes's* Regiment of the last year's levies, and the person who, from an attention to rank, we put on the list of Lieutenant-Colonels for the present levies, is one. He was an officer in the last war, and we have never heard anything to his disadvantage, either in civil or military character. Captain *Marinus Willet* was in service during the last war, and was Captain in the last year's *New-York* levies; and with an attention to his rank as Second Captain in the First Battalion, and when Captain *Weisenfels*, who was the First Captain, was promoted to a Lieutenant-Colonelcy, we recommended Captain *Willet* for the Majority; but by some mistake, as we conceive, Captain *Benedict*, the Second Captain of the Fourth Battalion, was preferred to him. Captain *Willet* cannot, in our opinion, have a better recommendation than General *Schuyler's* letter to us of the 4th of *March* last, which is literally as follows, to wit: "When an officer has acted with remarkable attention and propriety, it becomes a duty in his commander to give publick testimony of it: such has been the conduct of Captain *Willet* during the last campaign. He is therefore entitled to the attention of his country." For these reasons we beg leave to hold up Captain *Willet* as another candidate for the Majority. And are, &c.

To our Delegates, at *Philadelphia*.

"*New-York*, April 29, 1776.

"GENTLEMEN: Sometime before I left *Cambridge*, I received an order of Congress to apply to the Assemblies or Conventions of the four *New-England* Colonies for arms to supply the deficiency of their respective regiments, and if not to be had, to discharge the men that wanted them. When I came to this place, and was informed by Colonel *Ritzema* of the want of this article for his regiment, and the other troops of this Colony, it became my duty to make

this want known to Congress, at the same time giving it as my opinion that, as we found it no easy matter to recruit men, with the expedition they were required, it might be disserviceable to discharge any of the *York* troops, as some lucky hit might throw arms into our hands. In consequence of which, I received by post the enclosed resolution, which, without delay, I lay before your honourable body; and am, gentlemen, your most obedient, humble servant,

"GEORGE WASHINGTON."

"In Congress, April 26, 1776.

"Resolved, That none of the Troops already raised be, for the present, disbanded for want of Arms; and that the General apply to the Convention and Committee of Safety of *New-York* for such Arms as may have been collected under the Resolve of Congress for disarming Non-Associators and disaffected persons, or any other Arms they can supply and deliver to the *New-York* Troops."

Die Martis, 10 ho. A. M., April 30, 1776.

The Committee met pursuant to adjournment.

Present: *William Paulding*, Esquire, Chairman.

FOR *NEW-YORK*.—Mr. *Scott*, Mr. *Sands*, Mr. *Evert Banker*, Captain *Denning*.

FOR *ALBANY*.—Mr. *Oothoudt*.

FOR *ORANGE*.—Mr. *Cuyper*.

FOR *KING's*.—Mr. *Leffertse*.

FOR *SUFFOLK*.—Mr. *Tredwell*.

FOR *WESTCHESTER*.—Mr. *Paulding*.

FOR *ULSTER*.—Mr. *Wynkoop*.

Mr. *Abeel*, Deputy Chairman of the General Committee of the City of *New-York*, attended, and was admitted. He informed that a number of Fire-Arms, formerly belonging to the Troops under the command of Captain *Clark*, are at Captain *Clark's* house.

Ordered, That Mr. *Scott* call on Mr. *Clark*, and make inquiry as to those Arms.

Mr. *Abeel* further informed that, by the unanimous consent and request of the Committee, he was directed to inform the Committee of Safety that Mr. *Robert Ray* has had the management, inspection, and direction of all Permits to Vessels permitted to export; and that the General Committee request that, in the establishment of a Custom-House, Mr. *Ray* may be thought of as an officer.

Major *Malcom*, Captain *Wool*, and Mr. *Blake*, of the Second Battalion, attending, were admitted. Major *Malcom* informed the Committee that, by the resignation of several Officers, and the consequent promotion of other gentlemen in their places, new Commissions are become necessary for most of the Officers of the said Battalion; that he and the gentlemen with him were sent to request of the Committee the said Commissions. Major *Malcom* further informed that the Officers of that Regiment have, amongst themselves, thought of such persons as would be agreeable to them for Field-Officers; that the Regiment are fully sensible that the right of nomination of Field-Officers belongs to this Committee, and not to the Regiment, but that the Officers of the Regiment, notwithstanding, request to know whether it will be agreeable that they should mention in their Return, by way of recommendation, the names of those gentlemen who would be agreeable to the Regiment for Field-Officers.

The Committee informed Major *Malcom*, and those gentlemen with him, that new Commissions should be made out for the Captains and Subalterns of the said Regiment, when a return of their names and rank should be made to this Committee; and that it would be agreeable to the Committee that the Officers of that Regiment should mention in their Return the names of those gentlemen of whom they approved for their Field-Officers; and that they send their Return to this Committee, by Mr. *Stoutenburgh*, as soon as convenient.

Mr. *Comfort Sands* informed the Committee that he is about to make a journey to and beyond *Albany*; that, by a determination of the Committee at *Albany*, it is become necessary that every friend to liberty, travelling through their District, to have a passport from some Committee of the place from whence he came; that therefore he requests a Certificate of this Committee.

A Certificate was given to Mr. *Sands*, in the words following, to wit:

"It is hereby certified that the bearer hereof, Mr. *Comfort Sands*, is a respectable and useful Member of the Provincial Congress of this Colony, and of this Committee of Safety; that he has steadily exerted himself as a sincere and active friend to the liberties of this country, and as such he is hereby most cordially recommended to all friends to *American liberty*."

"New-York, April 30, 1776.

"GENTLEMEN: I perceive by the tenour of your favour of yesterday, that my letter of the 25th has given umbrage, which I am sorry for, as it was not most distantly in my ideas to give any. Three things led me to suspect that the *York Battalions* were not upon the same establishment of the other Continental Troops: current report, an implied exception in the order for detaching six more battalions to *Canada*, and that part of your letter signifying that four of these battalions were to be raised under your immediate direction; which intimation coming in corroboration of the two first reasons, (for I never had any information of this matter from Congress,) led me to believe that you intended it as a genteel hint that I was not to consider them in the same light I did the others. It was not to be wondered at, therefore, that I should wish to know the extent of my authority over them, that my conduct might be regulated thereby, or that I should be so solicitous in arming regiments raised for local purposes, as those for the general service, when the latter are also greatly deficient in this essential point. These were the ideas that filled my mind at the time of writing. If the extreme hurry, occasioned by a variety of business which is continually pressing upon me, clouded the meaning I wished to convey, I can only add, that it never was, and I hope never will be, my intention to give unprovoked offence. Of this your Committee may be once for all assured, that it is my earnest wish to co-operate with them in every measure which can conduce to the general good; and that if I should at any time differ from them in the means, I shall feel my share of the concern; being, with respect, gentlemen, your most obedient, humble servant,

"GEORGE WASHINGTON."

A Letter from *Christopher Tappen* and *Joseph Gasherie*, Esquires,\* Loan Officers of the County of *Ulster*, dated at *Kingston*, April 23, and directed to Mr. *Wynkoop*, was read and filed. They thereby inform that they have received more of the money mentioned in the Resolution of the 9th day of *March* last, than they will be able to let out. They also mention sundry other difficulties as to carrying the said Resolution into execution.

Ordered, That the said Letter remain for the consideration of the Provincial Congress.

A Letter from Captain *John Belknap*, dated at *Fort Montgomery*, yesterday, was read and filed. He therein complains that, by the list or arrangement which he has

\* KINGSTON, ULSTER COUNTY, April 23, 1776.

SIR: Notwithstanding the resolve passed in the Provincial Congress on the 9th of *March*, 1776, prolonging the payment of one-tenth part of the principal sum due to the loan officers of this Colony, many persons, having money on loan in this County, do choose to pay the said sum, which we do not think safe to refuse; and being at a loss how to dispose of the moneys so paid in, and conceiving that we are not warranted by the said resolve to put those moneys out on interest, (but if this is intended by the resolve, we beg leave to inform the honourable Board that we have already more of the whole principal sums paid in than what we think we shall be able to let out,) should be glad and request their directions about the disposition of the same.

We are, sir, your most humble servants,

CHRISTOPHER TAPPEN,  
JOSEPH GASHERIE.

seen of Colonel *Clinton's* Regiment, he is placed below Captain *William Jackson*; that he is willing to serve his country, but cannot serve his country in that rank.

Mr. *Stoutenburgh* delivered in a Return of the Field-Officers, Captains, Subalterns, and Staff-Officers, of the Second Battalion, as at present arranged. The same was read and filed.

Ordered, That Mr. — *Bayley*, of this City, Cutler, be directed to exert himself to finish, with all possible despatch, the Trepanning Instruments and Scalpels which he was employed to make for this Colony; that he give that work the preference, as it is the most important; and that one of the Secretaries serve Mr. *Bayley* with a copy of this order.

A Letter from *John Jay*, Esq., one of the Delegates of this Colony at Continental Congress, was read and filed, and is in the words following, to wit:

"Philadelphia, April 27, 1776.

"GENTLEMEN: The Congress having been informed of a very extraordinary oath ordered by Governour *Tryon* to be administered to passengers in the late Packet, whereby they bound themselves not to disclose anything relative to *American* affairs, except to the Ministry, have appointed a Committee, of which I am one, to ascertain this fact. I must therefore request of you, gentlemen, to appoint proper persons to examine into this matter, and, if possible, ascertain the truth of the report, by affidavits taken before the Mayor or one of the Judges of the Superior Court.

"I have the honour to be, gentlemen, your most obedient servant,

"JOHN JAY.

"To the Honourable the Committee of Safety for the Colony of *New-York*."

Ordered, That Mr. Alderman *Brasher* and Captain *Denning* be a Committee to take the said Letter, and comply with the contents thereof, and report thereon to the Provincial Congress or this Committee of Safety.

*Francis Lewis*, one of the Delegates of this Colony to the Continental Congress, attended the Committee, and delivered in a charge against *John Thurman* and *Normand Tolmie*, which (he said was in the handwriting of one of the witnesses) was read and filed, and is in the words following, to wit:

"On the evening of *Tuesday*, the 23d instant, (*April*.) Messrs. *John Thurman* and *Normand Tolmie* reported, in the presence of Messrs. *William Maxwell*, *William Lowther*, *John Ramsay*, and *David Currie*, that *Francis Lewis*, Esq., having had an order from the Continental Congress to make a purchase of a considerable quantity of Duck in this City, for the service of the publick, which he effected at the rate of three Pounds currency, per piece; but that he charged and rendered an account thereof to the said Congress, at the rate of four Pounds ten Shillings, said currency, per piece, for same.

"Also mentioned that there were several instances where persons had sent their vessels with cargoes to sea, of their own property, with whom the Congress had agreed to run the risk of the whole interest, if lost or taken; and that on the arrival of said vessels, the owners were to receive one hundred per cent. advance on the cargoes from the Congress."

Thereupon Ordered, That Messrs. *John Thurman* and *Normand Tolmie*, of the City of *New-York*, do, respectively, personally appear before this Committee, at the Assembly Chamber, in the City-Hall of the said City, to-mor-

row, at eleven o'clock in the forenoon, to answer to a charge exhibited against them by *Francis Lewis*, Esq., for publicly charging him with fraud in the execution of a trust to which he is appointed by order of the honourable the Continental Congress.

*Ordered*, That Mr. *Pettit*, the Doorkeeper, serve Messrs. *Thurman* and *Tolmie* each with a copy hereof, and that Mr. *Pettit* summon the Witnesses to attend likewise.

Mr. *Pettit* returned and informed the Committee that he had been to the usual places of abode of Messrs. *Thurman* and *Tolmie*; that he was informed Mr. *Thurman* was gone to *Albany*; that Mr. *Tolmie* was abroad, but was expected home in the morning; and that he left a summons at his house.

Die Jovis, A. M., May 2, 1776.

FOR NEW-YORK.—Mr. *Scott*, Mr. *Evert Bancker*, Captain *Denning*.

FOR ALBANY.—Mr. *Oothoudt*.

*Normand Tolmie*, pursuant to the summons of this Committee of yesterday, attended.

Mr. *Tolmie* denied the general charge as exhibited against him by Mr. *Lewis*.

Mr. *Maxwell* and Mr. *Currie* attended likewise.

Mr. *Maxwell*, on his examination, says: That Mr. *Thurman* said, in the hearing of him, Mr. *Currie*, Mr. *Lowther*, and Mr. *Ramsay*, that in several instances persons had sent vessels and cargoes to sea, of their own property, with whom the Congress had agreed to run the risk; and that the persons or shippers were to have a profit of one hundred per cent. on the proceeds of the cargo; and that Mr. *Tolmie* said he had heard the same story some months ago.

Mr. *Maxwell* further said that Mr. *Thurman* declared, in the hearing of him (Mr. *Maxwell*) and the other gentlemen, that Mr. *Lewis* had purchased a quantity of Duck, by order and on account of the Continental Congress, at the rate of three Pounds per piece, and that Mr. *Lewis* rendered an account of the same at the rate of four Pounds ten Shillings per piece; that Mr. *Thurman* said he knew this of his own knowledge.

Mr. *Currie*, being called, agreed with Mr. *Maxwell* in his relation of the whole conversation.

Mr. *Tolmie* acknowledged that (on Mr. *Thurman's* relating the matter relative to the Congress insuring the vessels, and allowing the person so great a profit) he said he had heard the same story some months ago, but that he had entirely forgot who he heard it of.

A Letter from *John Lloyd*, Jun., to *John Sloss Hobart*, Esquire, dated the 8th of *April*, and another Letter from Mr. *Lloyd* to *Thomas Tredwell*, Esquire, dated the 25th of *April*, the subject whereof is hereinafter recited, were severally read. The Committee came to a determination thereon, in the words following, to wit:

Whereas *Henry Lloyd*, who is under the censure of the publick, and has lately fled from *Boston* with the Ministerial Fleet and Army, has left a considerable Real and Personal Estate in *Queen's Village*, in *Queen's County*, on *Nassau-Island*, in this Colony:

And whereas his nephew, *John Lloyd*, Jun., of *Queen's Village*, aforesaid, has, through *John Sloss Hobart*, Esquire, represented to this Committee his willingness to save the said Estate from destruction; and that the live stock belonging to the said *Henry Lloyd* is in a suffering condition, and if not removed, will, from its exposed situation, be in danger of falling into the hands of the enemy during the course of the summer; and requested the opinion and advice of this Committee what steps he should take respecting said Estate, especially the live stock:

*Resolved*, That it be recommended to the said *John Lloyd*, Jun., that he, together with *Zebulon Williams* and

*Samuel Townsend*, Esquires, do take an exact Inventory and Appraisement of all the Real and Personal Estate of the said *Henry Lloyd*, within this Colony, and report the same in writing under their hands to this Committee, or the Provincial Congress of this Colony, without delay; and that the said *John Lloyd*, Jun., remain in possession of the said Real and Personal Estate, and that he do not make any sale or transfer of any of the said Real or Personal Estate, until order can be taken therein by Provincial Congress.

*Ordered*, That one of the Secretaries certify a copy thereof, to be transmitted to the said *John Lloyd*, Jun.

FOR RICHMOND.—Mr. *Bancker*.

A Letter from *Cornelius D. Wynkoop*, Esquire, Colonel of the Fourth Regiment of the Continental Troops raising for the defence of this Colony, directed to *Dirck Wynkoop*, Esquire, was read, and filed. He therein recommends Mr. *George Graham* as Surgeon's Mate to his Regiment.

A Certificate from the Doctors *John Jones* and *Samuel Bard*, dated *April* 10th, 1776, was also read, and filed. They therein certify that they have attentively examined Mr. *George Graham* respecting his knowledge in Physick and Surgery, and that they find him completely qualified to act as a Surgeon's Mate.

Thereupon *Resolved and Ordered*, That *George Graham* be, and he is hereby, appointed Surgeon's Mate to the Fourth Regiment of Continental Troops, whereof *Cornelius D. Wynkoop*, Esquire, is Colonel.

*Ordered*, That Colonel *Curtenius* supply to any of the Field-Officers of Colonel *Clinton's* Regiment, or the order of any one of them, and, in the absence of all the Field-Officers of that Regiment, then to the Captains of that Regiment, respectively, the following articles for the respective Companies of that Regiment, who have not already been supplied, viz: Shoes, Frocks, Bed-Covers, Cartouch-Boxes, Belts, and Gun-Slings, Canteens, Haversacks, and Hose. And that he take receipts of such Field-Officers or Captains, to whom he shall have delivered the same.

Colonel *Gilbert Drake* having informed this Committee that he is bound, by bond, for seventy Pounds and upwards, payable to *William Lounsberry*, (one of the persons concerned in spiking the Cannon at *King's Bridge*, and who escaped from confinement, and is now supposed to be on board the *Asia* ship-of-war,) on the 1st day of this instant, (*May*), and that *Reuben Bloomer* had applied to him by letter, signifying that he was authorized by the said *Lounsberry* to receive the said moneys, and demanding payment thereof,

*Ordered*, That the said Colonel *Drake* withhold payment of the said moneys until further order of this Committee, or the Provincial Congress of this Colony. And that Colonel *Drake* cause a copy of this order to be served on the said *Reuben Bloomer*.

A Letter from *Isaac Gidney*, dated the 20th day of *April*, was delivered by Colonel *Joseph Bull*, and read, and filed. The said *Isaac Gidney* requests to be enlarged, on his giving security in such manner as this Committee shall direct.

*Resolved and Ordered*, That *Isaac Gidney*, a Prisoner, confined in the County Jail of *Westchester County* by order of this Committee, be, and he is hereby discharged from his confinement, and permitted to go at large on his giving sufficient security to the Chairman of the Committee of the said County, that he will personally appear before the Provincial Congress or Committee of Safety of this Colony when he shall be thereto required; that he will not bear arms against the inhabitants of the *American Colonies*, or

do any other act inimical to the liberties of the said Colonies, or contrary to any resolution or order of the Continental Congress or of the Provincial Congress or Committee of Safety, or of any of the County Committees of this Colony, during the present contest between *Great Britain* and the *American Colonies*; and on his paying the expenses of his confinement, if he has any means wherewith to pay the same.

Whereas *Joshua Gidney*, of *Westchester County*, who was confined as Prisoner for his agency in spiking up the Cannon beyond *King's Bridge*, formerly escaped, and it has been intimated to this Committee of Safety that the said *Joshua Gidney* is desirous to return to his family, and give security for his appearance when required, and future good conduct:

*Resolved and Ordered*, That the said *Joshua Gidney* be, and is hereby, permitted to return to his family in *Westchester County*, and to go at large on his giving sufficient security to the Chairman of the Committee of the said County that he will, from time to time, personally appear before the Provincial Congress, or Committee of Safety of this Colony, when he shall be thereunto required; that he will not bear arms against the inhabitants of the *American Colonies*, or do any other act inimical to the liberties of the said Colonies, or contrary to any resolution or order of the Continental Congress, or of the Provincial Congress, or Committee of Safety of this Colony or of the Committee of any County in this Colony within which he may reside, during the present contest between *Great Britain* and the *American Colonies*.

A Return from *William Cross*, Chairman of the Committee of *Hanover Precinct*, in *Ulster County*, dated the 22d of *April*, was read and filed. He thereby returns *Henry Van Keuren* (who had been formerly elected First Lieutenant) duly chosen Captain of the Company of Militia of *Foot*, (formerly commanded by Captain *William Jackson*, now in the Continental service,) and *Robert Munnell* duly elected First Lieutenant in the place of *Henry Van Keuren* promoted; that the elections were held agreeable to the rules and orders of the Provincial Congress, in the presence of *John Berkley*, *James Rea*, and the said *William Cross*.

*Ordered*, That Commissions issue for those gentlemen, agreeable to the said Return; and they were then issued accordingly.

*Mr. Garrison*, Chairman of the Committee of *Richmond*, now present, requests to know:

1st. Whether the inhabitants will be paid for some Firewood furnished to the Troops in *Richmond County*. And whether they must continue to supply the said Troops with Firewood.

2d. To whom the Committee must apply for payment for repairing the Guard-House, which was done at the request of Lord *Stirling*.

He was directed to apply to Colonel *Mifflin* for both these matters.

*Mr. Garrison* mentioned that he had lent a small sum to an Officer recruiting in *Richmond*, and requested to know if he would be paid.

He was desired to send in his Account before the Billeting Roll, or recruiting fees of the Company, are paid off.

The Committee met pursuant to adjournment. Present: FOR NEW-YORK.—*Mr. Evert Bancker*, Colonel *McDougall*.

FOR RICHMOND.—*Mr. Adrian Bancker*.

FOR ALBANY.—*Mr. Oothoudt*.

FOR ULSTER.—*Mr. Wynkoop*, *Mr. Wisner*, Jun.

FOR ORANGE.—*Mr. Cuyper*, Colonel *Allison*.

FOR SUFFOLK.—*Mr. Tredwell*.

FOR KING'S.—Colonel *Van Brunt*.

*Mr. William Paulding*, who has been Chairman, with leave, departed, that County being fully represented; and *Dirck Wynkoop*, Jun., Esq., was unanimously chosen Chairman.

The Committee being informed that Captain *Jesse Hunt*,

of *Westchester County*, is about to take a journey to *South-Carolina*; they made a Certificate as to Captain *Hunt*, and delivered for his use a copy thereof, in the words following, to wit:

"It is hereby certified that the bearer hereof, Captain *Jesse Hunt*, of *New-Rochelle*, in *Westchester County*, is one of the Captains of the Militia in Colonel *Drake's Regiment*, of that County, formed pursuant to the regulations of the Provincial Congress of this Colony; that the said *Jesse Hunt* is a most vigilant and active officer, a steady friend and guardian of the liberties of his country, and, in his private character, a gentleman of good reputation; and he is hereby cordially recommended to all friends to *American liberty*."

A Return from the Committee of *Southhold*, attested by *Robert Hempstead*, Chairman, whereby it appears that the following persons were chosen Officers of two Companies of Minute-men in Colonel *Josiah Smith's Regiment*, viz:

First Company: *Jonathan Bayley*, Captain; *Joshua Youngs*, First Lieutenant; *John Tuthill*, Second Lieutenant; *James Reeve*, Ensign.

Second Company: *Paul Reeve*, Captain; *John Corwin*, First Lieutenant; *David Horton*, Second Lieutenant; *Nathaniel Hodson*, Ensign.

*Ordered*, That Commissions issue to those Officers respectively.

A Memorial of *Dirck Leffertse*, of the City of *New-York*, Merchant, dated the 1st instant, was read, and filed. He therein, in substance, sets forth, that upwards of thirty Minute-men from *Westchester*, under the command of Colonel *Drake*, have been quartered upon him at his house, from some time in the month of *February* last until now, or very lately; that he has furnished them with many necessities and conveniences, viz: Firewood, Vegetables, Cider, &c. That the said Minute-men, by order of Engineer *Smith*, (as he supposed,) went on the woodland of the Memorialist, purchased for his own particular use to supply his family with firewood, and cut down or destroyed a great part of the trees there growing, and almost entirely ruined the young wood there, for building the Fort at *Horne's Hook*.

The Memorialist thereby prays the Congress or Committee to take the matters mentioned in the said Memorial into consideration, and grant him such redress as they in their discretion may think reasonable and adequate to the loss and damage he has sustained.

*Ordered*, That the said Memorial be referred to the consideration of the Provincial Congress.

The Committee took into consideration the Letter from *Samuel Tucker*, Esq., President of the Committee of Safety of *New-Jersey*, dated the 20th of *April*; and the examination of *Henry Smith*, on the — of *April*, relating to the persons therein mentioned to have been employed in inlisting men for the Ministerial Army.

Thereupon *Ordered*, That the Secretaries prepare and certify copies of the said Letter from *Mr. Tucker*, and examination of *Henry Smith*, and enclose one copy of each to the Chairman of the County Committee of *Weschester* County, another copy of each to the Chairman or Committee of Correspondence of *Dutchess* County, and a third copy of each to the Chairman of the Precinct Committee at *Fishkill*.

That each of the said County Committees, and the Committee of *Fishkill*, respectively, be requested to give the most pointed directions and use every means in their power to have *Thomas Gibson* and *Robert Hamilton* seized and taken; that they cause both, or either of them that may be taken, to be immediately confined in close Jail, in such manner as to prevent an escape, or any conference with any accomplice, until he or they respectively can be brought to trial, or until the further order of the Provincial Congress, or of the Committee of Safety of this Colony; and that each of the said Committees give such prudent directions as to prevent the said *Thomas Gibson* or *Robert Hamilton* from having any notice of this order, or of any proceedings thereon that may occasion their flight.

And *Resolved*, That any Captains or Officers by whose neglect or default the value of any one or more such Arms shall be lost to the publick, shall be accountable for the value thereof.

4to ho. P. M., May 6, 1776.

The following Members met pursuant to adjournment.

Present: *Dirck Wynkoop*, Jun., Esq., Chairman.

FOR NEW-YORK.—Colonel *Lott*.

FOR ULSTER.—Mr. *Wynkoop*, Mr. *Wisner*, Mr. *De Witt*, Colonel *Palmer*.

FOR ALBANY.—Mr. *Oothoudt*.

FOR ORANGE.—Colonel *Allison*, (of the Provincial Congress, but not of the Committee of Safety.)

FOR KING'S.—Mr. *Polhemus*.

FOR RICHMOND.—Mr. *Lawrence*, (late.)

The gentlemen present, for want of a sufficient number of Members to form a complete quorum, could not do any final act as a Committee; but Mr. *Peter Puillon*, who was apprehended at the *Narrows*, and *Joseph Blanchard*, arrested by order of General *Washington*, and sundry military gentlemen who are witnesses, and necessarily obliged to return to *King's* County, where they are stationed, being attending, it was thought absolutely necessary to examine.

Thereupon, the Letter received from General *Washington* this morning, was read. The General thereby informs that *Peter Puillon* was yesterday apprehended for having supplied persons on board of the King's Ships with Provisions, in violation of, and contrary to, the regulations which have been adopted for preventing such practices; and that *Joseph Blanchard* was apprehended for carrying on a correspondence with persons on board.

"New-York, May 6, 1776.

"GENTLEMEN: I beg leave to refer to your examination *Joseph Blanchard* and *Peter Puillon*, who were yesterday apprehended, the former on suspicion of carrying on a correspondence with persons on board the King's ships, the latter of having supplied them with some provision, in violation of, and contrary to, the regulations which have been adopted for preventing such practices. There are witnesses against both, which are ordered to wait on you; and also some papers found in possession of Mr. *Blanchard*, which, though previous to your resolves in point of date, indicate an intimacy between him and Colonel *Fanning*, the Secretary, to whom, I am told, he has written since their publication, and his knowledge of them.

"I am, gentlemen, with great esteem, your most humble servant,

"GEORGE WASHINGTON.

"P. S. Captain *Gibbs* will deliver the papers."

Captain *Derby* says that on *Friday* evening last he was in company with Mr. *Joseph Blanchard*; that *Joseph Blanchard* said that the communication was not entirely cut off with the ships below; that he had lately received letters from thence; and that on the then last *Monday* he had written a letter to Colonel *Fanning*, and delivered it to a friend to convey it, and that he was informed and believed it was sent on board. Mr. *Blanchard* says he believes his letter did go on board. Captain *Derby* further says, that yesterday he went into Mr. *Fisher's* after he left the General's; that Mr. *Blanchard* there said several disagreeable things; intimated that he thought Captain *Derby* would take away his life; spoke in reflecting terms of the Army, and said they were bought Whigs, and that it was not in the power of the Army to cut off the communication with the ships.

*Joseph Blanchard* says: That he did not mean to reflect on the Army in general; but said he was a Whig from principle, but that they were bought Whigs, (meaning the company then present.)

Captain *Derby* says that Mr. *Blanchard* said if he had been treated like a gentleman it was in his power to have found out the person who had conveyed the letters, but that it was now too late, as he did not know that he could now discover. Colonel *Prescott* confirms what Captain *Derby* says as to what passed at *Fisher's*; and says that, if it had not been with an expectation of getting further intelligence, he should not have borne the insults thrown out against the Whigs, and the insults offered to Captain *Derby*. That the

woman spoken of to have conveyed a letter from *Blanchard* and some military books, was Mrs. *Hatch*.

Captain *Gibbs* says that after he had arrested *Joseph Blanchard*, by order of General *Washington*, Mr. *Blanchard* told his landlady that he was arrested as being suspected of carrying on a correspondence with Governour *Tryon* or his Secretary; and that at that time he (Captain *Gibbs*) had not intimated to Mr. *Blanchard* the cause of the arrest; that the several letters and papers now delivered to the Committee were taken or received from the said *Joseph Blanchard*.

That the first paper he saw in the room was on his table, and was General *Sullivan's* Brigade orders to his brigade before he left *New-York*; that Mr. *Blanchard* told the examinant he did not know how he got that paper; and made that observation before he asked anything about the paper or the orders.

That Mr. *Blanchard* said he had delivered the letter to Mrs. *Hatch*; that Mrs. *Hatch*, after some recollection, said that Mr. *Blanchard* often inquired there for letters; that she had not any acquaintance with him; that he left a letter and some military books for Colonel *Fanning* about ten days ago; and that they were sent by Colonel *Fanning's* servant.

Captain *Gibbs* says the letter to Lord *Stirling* was sealed when he received it from *Joseph Blanchard*.

Captain *Derby* and Captain *Gibbs* severally say that Mr. *Blanchard* said that he knew the communication with the vessels was stopped, and that any communication with them was against the Resolution of the Committee of Safety, and the General's Proclamation.

Lieutenant *Brown*, of Colonel *Prescott's* Regiment, confirms Captain *Derby's* testimony; and says, further, that Mr. *Blanchard* said he received those orders of General *Sullivan* at Lieutenant *Fisher's*, of Colonel *Wyan's* Regiment; that he has inquired of Lieutenant *Fisher*, who says he never saw such orders, and does not know that such had been in his house or taken from thence.

That Mr. *Blanchard* said he was not paid for being a Whig; that the officers were paid for being Whigs, and were bought Whigs. Colonel *Prescott* says that Mr. *Blanchard* said the communication with the ships never would be found out, and never would be stopped; that he did not know the method of communication; that he never asked the mode of communication, or he supposed it would have been told him; that he did not desire to know the method of the communication; and that if he did know it he would not discover it.

Mr. *Blanchard* says that a woman who lives with Mrs. *Hatch* brought him the letter from Colonel *Fanning*; that she told him she would soon have an opportunity to send down there; that when he sent his letter, he knew it was against the Resolution of the Committee of Safety; and that his only reason for writing was to endeavour to secure the money mentioned in one of the letters, which he was unwilling to lose.

FOR SUFFOLK.—General *Woodhull*, Mr. *Tredwell*, Mr. *Wickham*.

FOR WESTCHESTER.—Mr. *Paulling*, Mr. *Ward*.

Mr. *Philip Woodward*, of *Newtown*, in *Queen's* County, on *Nassau-Island*, (having received a warrant from the Provincial Congress of this Colony for recruiting men in a Company of Continental Troops, raising for the defence of this Colony,) attended, and was admitted. He informed this Committee that, notwithstanding the best endeavours of the officers of the Company, they have been unsuccessful in that service, and have little prospect of being able to recruit

so many men as will entitle them to Commissions. Mr. *Woodward*, considering that the defence of this Colony necessarily requires the immediate raising and embodying the said troops, generously offered to resign his said warrant in the said Company, to the end that some other person be employed who may have it in his power to raise the men with that expedition which the service absolutely requires.

Thereupon, *Resolved and Ordered*, That, from the necessity of the case, Mr. *Woodward's* resignation be accepted of; that he be paid for his services from the date of his warrant to this day, and that the thanks of this Committee be, and are hereby, given him for his patriotick spirit shown on this occasion; that Mr. *Woodward's* conduct is an additional proof of his attachment to the true interests of his country; and that the benefit of the publick service only has induced Mr. *Woodward* to this resignation, and induced this Committee to accept it.

*Ordered*, That a copy of the foregoing be delivered to Mr. *Woodward*.

*Thomas Mitchell*, of *Great-Neck*, in the Township of *Hempstead*, in *Queen's* County, being examined, says: That Captain *John Sands*, agreeable to the Resolution of the Provincial Congress, has called out his Company once a month to muster; that *Thomas Wooley*, of *Cow-Neck*, Feltmaker, within the district whereof Mr. *John Sands* is Captain, on two different days of mustering or training, would not answer to his name, nor appear in the ranks, or muster; that Captain *Sands* levied a fine for each neglect; that he (this examinant) was informed, by sundry persons, that the said *Thomas Wooley* applied to a Magistrate to have a suit brought against Captain *Sands* to recover back the fines which had been levied by distress; that on *Saturday*, the 4th instant, the Company was again called out to muster and train; that the said *Thomas Wooley* was there at the place of training, and refused to train, or answer to his name when called; that when he was called on *Saturday* last, he went to Captain *John Sands*, and spoke to him in an abrupt manner, and, about half an hour after, abused the Captain very much, and challenged the Captain to fight him with sword and pistol; that some days before this, he (this examinant) was informed that said *Thomas Wooley* challenged Captain *Sands* in the like manner, and that Captain *Sands* told him he should apply to the Committee if he thought himself aggrieved, and that *Wooley* said he knew no Committee, but would apply to a Magistrate; that Captain *Sands's* Company were called to train on the first *Saturday* in *April*; that after the Clerk had, on that day, called his name three times, and he neglected to answer, Captain *Sands* said, Mr. *Wooley*, it seems you do not choose to answer to your name; that *Wooley* answered, I will so far answer as to let you know that you have no right to call me here, and that I do not consider myself as within your District. That on *Saturday* last, after the said *Thomas Wooley* had ill-treated the Captain and challenged him, and refused to answer when called, Captain *Sands* made out a warrant against the said *Thomas Wooley*, and sent him under a guard, with *Aspinwall Cornell*, his Second Lieutenant, to *Queen's* County Jail; that he (the examinant) was informed that *Hope Mills*, the Jailer, when the prisoner was brought to him, said he was not a Jailer for the Congress, and thought he had no right to keep him; that he has been further informed, that on the next day the Jailer applied to the Sheriff, who, as this examinant was informed, directed him not to retain the prisoner without a warrant from a Magistrate; that the said *Thomas Wooley* was that day discharged; that the said *Wooley* publickly says, that the Captain's warrant was of no validity, and threatens to prosecute the whole guard who went with him to *Jamaica*, in obedience to Captain *Sands's* warrant.

THOMAS MITCHELL.

Sworn this 8th day of *May*, 1776, before me,

AB. BRASHER, Alderman.

*Ordered*, That Captain *John Sands*, of *Great-Neck*, be requested, without delay, to cause *Thomas Wooley*, of *Cow-Neck*, Feltmaker, to be apprehended and sent to the Provincial Congress or Committee of Safety, at *New-York*, under a proper Guard, at the sole expense of the said *Thomas Wooley*, and, with all convenient speed, to be further dealt with as the said Congress or Committee of Safety shall

direct; and that Captain *Sands* send down any one or two witnesses that he may think proper.

The Committee took in consideration, and examined into the case of *Peter Puillon*; and heard the said *Peter Puillon* also state his case, which he appeared to do with candour. It fully appears to this Committee, that the Regulations adopted for preventing the intercourse with the Ships were not published in *Richmond* County until *Thursday*, the 2d, or *Friday*, the 3d instant; that the said *Peter Puillon*, from his remote situation, was entirely unacquainted with any Regulations on that subject; that the said *Peter Puillon* left his house with a considerable sum of money to discharge a debt he owed to a person in *King's* County, and with some articles of provisions, intended for *New-York* market, of the value of about three Pounds. It further appears, by the testimony of a gentleman of reputation, that the said *Peter Puillon* was as near to the shore with his boat, and at as great a distance from the Ship *Asia* at the time the ship fired at him, as he could be with safety at that time of the tide; that his situation with the wind and tide was such, that he could not safely escape when the Ship fired at him. It further appears, by the testimony of reputable witnesses, that the said *Peter Puillon*, from the general tenour of his conduct and behaviour, has appeared to be, and has been esteemed a friend to the liberties of his country.

*Resolved therefore*, That though the said *Peter Puillon* has been unfortunate in being the means of supplying the Ship *Asia* with certain Provisions, mentioned in a list or memorandum now in his custody, and would have been culpable for the risk he run with the said Provisions if he had known of, or had an opportunity to have known of the Regulations adopted with respect to the said Ships; yet it is the opinion of this Committee that the said *Peter Puillon* was entirely innocent in this instance, and did not take the said Provisions in his Boat with any intention or design to supply the said Ship with Provisions.

And it is earnestly recommended to the said *Peter Puillon* not only to be very cautious himself, but also to endeavour to prevent any other inhabitant of *Richmond* County from attempting to come, with any Provisions, within reach of the guns of the said Ship, or of any other Ministerial Ship or Vessel which may be in that Channel, and to use his best endeavours to make the Regulations adopted with respect to the said Ships publickly known in *Richmond* County.

*Ordered*, That Colonel *Curtenius* deliver to Captain *Beauman* such Barrack necessities for his Company, agreeable to the Continental, or usual Regulations, as he may want, and Colonel *Curtenius* has in store, taking Captain *Beauman's* receipt for the same.

Major *Malcom*, Mr. *Berrien*, and Mr. *Harper*, of the City Committee, attending, were admitted. They requested that a Magistrate, or some proper person, may be appointed to attend, with the Members of the Committee of the City, to administer an oath to such persons as they shall disarm, that they have faithfully delivered up all their arms.

Mr. Alderman *Brasher*, now present, was requested to attend that service; and it is agreed that he be excused from attendance in the Congress Chamber while he is employed in that service.

A Letter, and an Indent therein enclosed, from Captain *Varick* to Mr. *McKesson*, (by order of General *Schuyler*,) were read, as follows, viz:

"Albany, May 1, 1776.

"SIR: I am directed by General *Schuyler* to write to

you, desiring you to send up one hundred spades with all possible despatch to Mr. *Philip Van Rensselaer*, store-keeper at this place.

"I am also directed by the General to send up to *Ticonderoga* a suit of sails of certain dimensions for a periaugur, and 'as much rope as will rig two *Albany* sloops, (cables, shrouds, and hausers excepted,) and also enough for two large periaugurs. Blocks for all.'

"On inquiry, I am informed that no sailcloth is to be had in this town, and that the Provincial Congress have purchased all that was to be had at *New-York*, for the use of the Colonies; I therefore request you, in the name of the General, to send up to Mr. *Rensselaer* five bolts of good sailcloth, without the least delay.

"Enclose you an estimate of the rope which will be wanted for the purposes above-mentioned, of which none is to be had here, and which I also request you, in the General's name, to send immediately to this place.

"Captain *Jovis* (who is now here) informs me that his son can supply this article.

"It may be proper to show the estimate to some rope-maker or rigger at *New-York*, to know whether there will be sufficient; if there is not, you will be pleased to send as much as may be thought necessary.

"I beg you to procure an account of what blocks will be necessary for two sloops and two periaugurs, from some rigger or blockmaker in *New-York*, and to send them up with the rope, as none of these articles are to be had here.

"All the articles above-mentioned are so much wanted at the Lakes, and not to be had anywhere but at *New-York*, that I must earnestly entreat you that no delay may be made in sending them up to this place.

"I am, sir, your most obedient humble servant,

"RICHARD VARICK,

"Secretary to Maj. Gen. *Schuyler*.

"To John *McKesson*, Esq., Secretary to the *New-York* Provincial Congress, or, in his absence, to *Robert Benson*, Esquire.

"An Indent for making Running Rigging and Stays for two Sloops, the size of *Albany* Sloops.

"Two coils, 2½ inches, 100 fathom each, for Halliards; Tackle Falls; Jib Sheets; 2 Jib Stays, 16 fathom each; 2 Down Hauls, 1½-inch, 16 fathom each; 100 fathom Ratline; 2 Schooners' Rigging, viz: 100 fathom, 3-inch; 2 Stays, 28 fathom, 3½-inch; 2 coils, 2-inch, 120 fathom; 1 coil of Thread Ratline; Spun Yarn in proportion for the whole, Houseline, Marline; 1 dozen Hamberline, white."

A Letter from Captain *Varick*, Secretary to General *Schuyler*, directed to Mr. *McKesson*, was read, and is prefixed. Mr. *Varick* thereby requests, in the General's name, the articles mentioned in the following order, to be forwarded to *Albany* with all possible despatch.

Thereupon *Ordered*, That Colonel *Curtenius*, as Commissary, transmit to *Albany* by the first opportunity for the Continental service, in compliance with General *Schuyler's* request, (made by his Secretary,) a complete set of Blocks, of every kind, for two Vessels and two rigged Periaugurs on the Lakes, and five pieces of English Duck for Sails for the Periaugurs; and the following Rigging and necessities, viz: 6 coils of Spun Yarn; 2 Jib Stays, of 6½ inches; 200 fathom 2-inch Rope; 200 fathom 2½-inch Rope; 100 fathom 3-inch Rope; 2 coils of Ratline; 3½-inch Stays; 1 dozen of white Hamberline; 12 dozen of Marline and Houseline; and that he direct the Storekeeper or Commissary at *Albany* to give notice thereof, when he receives those articles, to Major-General *Schuyler*, or to Captain *Varick*.

#### NEW-YORK PROVINCIAL CONGRESS.

Die Mercurii, 4 ho. P. M., May 8, 1776.

Several matters of the utmost importance, as well to the United Colonies in general, as to this Colony in particular, rendering it necessary for a speedy meeting of the Provincial Congress of this Colony, the Committee of Safety therefore ordered Circular Letters to be sent to all the Members, requesting their attendance in Provincial Congress, at *New-York*, on the first day of this instant, (*May*.) On that day, and every day since, many Members attended, but not a

sufficient number to make a Congress till this afternoon; when the following Members met, viz:

FOR NEW-YORK.—Mr. *Scott*, Mr. *Beekman*, Colonel *McDougall*, Mr. *Evert Bancker*, Colonel *Brasher*, Mr. *Denning*.

FOR WESTCHESTER.—Mr. *Ward*, Colonel *Joseph Drake*, Mr. *Paulling*, Colonel *Lewis Graham*.

FOR RICHMOND.—Mr. *Lawrence*.

FOR ALBANY.—Mr. *Cuyler*, Mr. *Oothoudt*, Mr. *Glen*.

FOR ORANGE.—Colonel *Allison*, Mr. *Haring*.

FOR KING'S.—Mr. *Polhemus*.

FOR ULSTER.—Mr. *Wynkoop*, Mr. *De Witt*, Colonel *Palmer*, Mr. *Wisner*.

FOR SUFFOLK.—General *Woodhull*, Mr. *Tredwell*, Mr. *Wickham*.

The President, General *Woodhull*, took the Chair, and the Congress proceeded to business.

The Congress having found, by experience, that the publick service is daily suffering for want of money, and being informed by many Members that the Treasury has for the most part of the time been empty near three weeks past, and that several Members have lent considerable sums for the publick service; that sundry officers under marching-orders from the General, are now in town, waiting for money to discharge the billeting; and other expenses of their men, without which they cannot remove them; that the sum this Congress ordered to be issued by the Committee of Safety, being entirely in small bills made for change, requires so much time to sign the bills that the money cannot be signed so fast as to satisfy the demands on the Treasury:

Therefore *Resolved and Ordered*, That the whole sum ordered by this Congress on the 5th day of *March* last, to be printed, be issued. That Mr. *Isaac Roosevelt* be requested to have all the Bills mentioned in the Resolutions of this Congress on that day, and ordered by those Resolutions to be printed, to wit: the whole sum of one hundred and thirty-seven thousand five hundred Dollars, numbered, signed, and sent to the Treasury.

The Congress took into consideration the state of Colonel *McDougall's* Regiment, and heard the Returns of each separate Company read.

*Ordered*, That Captain *Brown*, of Colonel *McDougall's* Regiment, and his Subalterns, and the Subalterns of the Company whereof Captain *Willet* was appointed to be Captain, do attend on this Congress to-morrow morning, at eleven o'clock.

Captain *Increase Child* attending, was admitted. He informed the Congress, that, by order of the Committee of Safety, he was authorized to enlist a Company in the Continental service in this Colony, on condition that he could raise his Company in three weeks from the 12th day of *April* last; that he and the gentleman intended as his First Lieutenant, have enlisted fifty-six men; that he received his warrant so late that he had not had the opportunity which he before expected to enlist out of the Minute Regiment, and that he had met with greater difficulties in recruiting than he expected.

*Resolved*, That if Captain *Increase Child*, and his First Lieutenant, shall, within fourteen days from this day, bring fifty-six or more men, fit for service, to Lieutenant-Colonel *Livingston*, to join the Regiment at the Fortifications in the Highlands, and thereafter obtain from Lieutenant-Colonel *Livingston*, and transmit to the Provincial Congress or Committee of Safety, a certificate thereof, that the said *Increase Child* and *John Lloyd*, his First Lieutenant, shall be entitled to Commissions. That if the said Company be completed within three weeks from this day, that the other Subalterns shall also be entitled to Commissions.

This Congress being informed that General *Washington* has ordered Lieutenant-Colonel *Livingston* to repair to the Highlands, are of opinion that they would not discharge their duty to the Continent, and might incur blame, if Colonel *Nicoll* should be continued there in service.

*Resolved therefore*, That Colonel *Nicoll* be relieved from further service at present, at the Fortifications, as soon as Lieutenant-Colonel *Livingston* shall have arrived there, and be ready to receive the command. That the thanks of this Congress be, and hereby are, given to Colonel *Nicoll* for his faithful service, and his strict attention to the publick interests, since he has been in the command at the said Fortifications.

Die Jovis, 9 ho. A. M., May 9, 1776.

The Congress met pursuant to adjournment.

Present: General *Woodhull*, President.

FOR NEW-YORK.—Mr. *Scott*, Colonel *McDougall*, Mr. *Prince*, Mr. *Beekman*, Mr. *Bancker*, Mr. *Roosevelt*.

FOR ALBANY.—Mr. *Cuyler*, Mr. *Glen*, Mr. *Oothoudt*.

FOR KING'S.—Mr. *Polhemus*, Mr. *Covenhoven*.

FOR RICHMOND.—Mr. *Lawrence*.

FOR WESTCHESTER.—Colonel *Joseph Drake*, Colonel *Graham*, Mr. *Paulling*, Mr. *Ward*.

FOR SUFFOLK.—General *Woodhull*, Mr. *Tredwell*, Mr. *Wickham*.

FOR ULSTER.—Mr. *Wynkoop*, Mr. *De Witt*, Colonel *Palmer*, Mr. *Wisner*.

FOR ORANGE.—Mr. *Haring*, Colonel *Allison*.

*Ordered*, That Mr. *Norwood*, the Commissary, deliver to the Captains *Griffin*, *Roe*, and *Davis*, of Colonel *Clinton's* Regiment, for the use of their respective Companies, Cartridge-Pouches, Bayonets, Slings, and Flints, not exceeding eighty-four of each article to each Company, except Flints, and of those two hundred and fifty-two to each Company, and take their respective receipts for the same.

Major *Malcom* attending, was admitted. He informed the Congress that the Second Regiment has been on duty six weeks, and are much in want of money; he requested that a month's pay might be paid to them. Mr. *Malcom* withdrew.

*Ordered*, That Mr. *Scott*, Mr. *Bancker*, Mr. *Paulling*, and Mr. *Cuyler*, be a Committee to inquire into the terms and conditions on which the Second Regiment were employed, and by whom, and whether they will be paid at Continental expense; and that the said Committee, or a majority of them, report with all convenient speed.

Captain *Brown*, of Colonel *McDougall's* Regiment, with his Subalterns, and the Subalterns for inlisting the Company whereof Captain *Willet* was formerly appointed Captain, attending according to order, were admitted. Their Returns were examined, whereby it appears that the Subalterns of the late Captain *Willet's* Company have only seventeen or eighteen men, Non-Commissioned Officers included, in their Company, and Captain *Brown* no more than twelve or thirteen men, Non-Commissioned Officers included, in his Company. Those gentlemen being withdrawn, the Congress taking the state of those Companies into consideration, are of opinion that the publick exigencies absolutely require that those gentlemen be dismissed the service.

Therefore *Resolved*, That they be dismissed, and they are hereby dismissed accordingly; and that they be paid for their services from the dates of their respective warrants to this day, and their inlisting money for so many effective men as they shall deliver to the Regiment when they shall have delivered the arms and accoutrements they have received to Captain *John Johnson*; and that it be recommended to Colonel *McDougall* to add the Privates of those two Companies to Captain *John Johnson's* Company. And it is hereby declared that the above-mentioned gentlemen are not dismissed from any dissatisfaction with their conduct, but with great reluctance from necessity only, because they have been so unfortunate in their attempts to recruit their Companies.

And as to such Non-Commissioned Officers of those two Companies as are well qualified for their offices,

*Resolved*, That they be placed in such Companies of the Regiment as are not supplied with such Officers, and that the other Non-Commissioned Officers of the said Companies be, and they are hereby, dismissed.

Mr. *Roosevelt* informed the Congress that he has sent twelve or thirteen hundred Pounds, in small money, to the Treasury; that he has, pursuant to the order of this Congress, delivered out a number of the paper Bills of large denominations to be signed, and expects that, by *Monday* next, several thousand Pounds will be ready to send to the Treasury.

The Petition of *Joseph Wood*, the younger, on behalf of himself and other Merchants in *Philadelphia* therein named, was read. They therein set forth their loss by the seizure of a vessel and cargo belonging to them, by *Josiah Martin*, Esquire, late Governour of *North-Carolina*, with an account of their loss thereto annexed, amounting to one thousand two hundred and ninety-five Pounds three Shillings and seven Pence, *Pennsylvania* currency; and pray an order to seize the Effects of the said *Josiah Martin*, in this Colony, to reimburse the Petitioners. The invoices and bills of lading of the cargo of the said vessel, a report of a Committee of the Congress of *North-Carolina* on the case of the Petitioners, and also a protest of *Thomas Jones*, a Notary

Publick at *North-Carolina* for the loss suffered by the Petitioners, were severally read. \*

Ordered, That Mr. Scott, Mr. Wynkoop, and Mr. Haring, be a Committee to take the said Petition and Papers into consideration, and report thereon with all convenient speed.

A Letter from Mr. *Abraham Livingston*, requesting that his contract for supplying the Troops be settled, and offering to relinquish said contract, as the Continental Congress consider his agreement extravagant, was read and filed.

A copy of a Letter from Mr. *Livingston* to the Continental Congress, also offering to relinquish said contract, was read and filed.

Die Jovis, 4to ho. P. M., May 9, 1776.

The Congress met pursuant to adjournment.

Present: General *Woodhull*, President.

FOR NEW-YORK.—Mr. Scott, Mr. Evert Bancker, Mr. Prince, Colonel Lott.

FOR KING'S.—Mr. Covenhoven.

\* NEW-YORK, ss.

To the Honourable President and other Members of the Provincial Congress of the Province of NEW-YORK, met in Congress, at the City of NEW-YORK.

The Petition of SAMUEL MASSEY, CHARLES MASSEY, and JOSEPH WOOD, the younger, of the City of PHILADELPHIA, Merchants, humbly sheweth:

That your Petitioners, in the beginning of the month of January last past, purchased a sloop or vessel called the *Joseph*, whereof *William Raddon* was late master, and loaded on board the said vessel a cargo of provisions to proceed with the same from the city of *Philadelphia* to *Savannah*, in the Province of *Georgia*, as appears by an invoice and bill of lading herewith exhibited.

That the said Sloop *Joseph* proceeded on her intended voyage, and on the 13th day of February last past, was taken by an armed vessel, called the *General Gage*, whereof one *George Sibles* was commander, and carried into *Cape-Fear*, in the Province of *North-Carolina*, where the said Sloop *Joseph* was detained, and the cargo on board of her embezzled, particularly by *Josiah Martin*, late Governour and Commander-in-Chief of that Province, as fully appears by the protest of the aforesaid *William Raddon*, herewith also exhibited.

That the said Sloop *Joseph*, with her cargo, were illegally confiscated by the said *George Sibles* and the said *Josiah Martin*, without libel or condemnation, whereby your Petitioners are sufferers to near the amount of fifteen hundred Pounds, current money of the Province of *Pennsylvania*.

That your Petitioners, immediately after the capture of the said Sloop *Joseph*, made application to the Provincial Congress of the said Province of *North-Carolina*, who appointed a Committee to consider the facts as stated by your Petitioners, which said Committee reported thereon, as appears by the copy of the same likewise exhibited.

Your Petitioners therefore pray that your honourable House will take their unhappy case into particular consideration, and grant them an order to seize the effects of the aforesaid *Josiah Martin* within the Province of *New-York*, to reimburse the loss your Petitioners have sustained by the capture and detention of the said Sloop *Joseph* and her cargo, or such other relief as to your honourable House shall seem meet.

And your Petitioners will ever pray.

NORTH-CAROLINA, IN CONGRESS, April 12, 1776.

The Committee for taking into consideration the Petition of *Joseph Wood* and partners, reported as follows:

Your Committee having inquired into the several allegations set forth in the said Petition, do report as follows:

That said *Joseph Wood* and partners, with permission of the Committee of the City and Liberties of *Philadelphia*, did, on the 5th day of January last past, load on board the Sloop *Joseph*, *William Raddon* master, sundry goods and merchandise on their own account, to the value of six hundred and seventy pounds three shillings and seven pence; on the account of *William Todd* one hundred and ninety pounds; of *Joseph Wood*, Jun., ten pounds; of *William Raddon* nine pounds eighteen shillings, prime cost in *Philadelphia*; all which were consigned to the said *Joseph Wood*, Jun., and bound to *Georgia*; that in his passage, the said sloop and cargo were taken by an armed vessel called the *General Gage*, *George Sybles* master, and carried into *Cape-Fear River*, where *Josiah Martin*, Esq., late Governour of this Province, bore the chief command; and the officers under command of the said *Josiah Martin* did violently seize the said sloop and cargo, and apply them to the use of the enemies of *America*, whereby the said *Joseph* and partners lost fifteen hundred pounds, current money of *Pennsylvania*, over and above the profits they might reasonably have made.

The House, taking the same into consideration, concurred therewith.

By order:

JAMES GREEN, JUN., Secretary.

NORTH-CAROLINA, EDENTON, ss.

By this publick instrument of protest and writing, bearing date here-

FOR ALBANY.—Mr. Cuyler, Mr. Oothoudt, Mr. Glen.

FOR ORANGE.—Colonel Allison, Mr. Haring.

FOR SUFFOLK.—General Woodhull, Mr. Tredwell, Mr. Wickham.

FOR RICHMOND.—Mr. Lawrence, Mr. Evert Bancker.

FOR ULSTER.—Mr. Wynkoop, Mr. DeWitt, Mr. Wisner.

FOR WESTCHESTER.—Mr. Paulding, Colonel Lewis Graham, Colonel Joseph Drake.

The Committee of Safety reported to this Congress, that Brigadier-General *Gates* attended yesterday with a Message from his Excellency General *Washington*. That he delivered a Letter from *Thomas R. Harris*, late Master's Mate, and *William Metcalfe*, late Midshipman of the Ministerial armed vessel the *Savage*, now prisoners-of-war in the Jail, requesting some relaxation of their confinement. Mr. *Gates* mentioned that many such prisoners have been enlarged, and are prisoners on their parole. That his Excellency General *Washington* thinks it necessary that some inland town or village in this Colony should be fixed on, where the above-men-

after mentioned, be it known and manifest to all whom it may concern, that on the 25th day of March, in the year of our Lord one thousand seven hundred and seventy-six, before me, *Thomas Jones*, notary and tabellion publick, residing at *Edenton*, in the Province aforesaid, by lawful authority, duly admitted and sworn according to law, personally appeared *William Raddon*, late master of the Sloop *Joseph*, and made oath on the Holy Evangelist of Almighty God, before me, as notary aforesaid, that on the 9th day of January last past, he (this deponent) sailed with the said Sloop *Joseph* from the city of *Philadelphia*, bound to *Savannah*, in the Province of *Georgia*, and proceeded down to *Reedy Island*, in the river of *Delaware*, when the navigation was obstructed by the ice, until the 11th day of February last past, when this deponent sailed with the said Sloop *Joseph* on his intended voyage; that early in the morning of the 13th day of the same month, the said Sloop *Joseph*, then being in the latitude of 35° 10', and about fifteen leagues from the land, this deponent discovered a vessel on the weather-quarter, steering down for her; that this deponent immediately made all the sail he could from the said vessel, and it being smooth water, ran very fast from her; that in the afternoon it fell calm, when this deponent discovered a boat rowing from the said vessel, (she then being about a league astern,) and about five o'clock in the evening the said boat came alongside the said Sloop *Joseph*; that this deponent hailed the people on board the said boat, and requested to know what was the vessel astern; they informed him she was the armed Sloop *General Gage*, commanded by *George Sibles*, bound from *Boston* to *Cape-Fear*, and then immediately boarded the said Sloop *Joseph*, being eight in number, completely armed with muske s and cutlasses; that as soon as they got on board, the officer who commanded them ordered this deponent to get into the boat and go on board the said Sloop *General Gage*, with his papers, which this deponent accordingly did; that when this deponent got on board the same, he delivered his papers to the commanding officer, who, after perusing them, told this deponent that the said Sloop *Joseph* was a good prize, "papers or no papers," as he had orders to seize every vessel he met with on his passage; and then directed this deponent to remain on board the said Sloop *General Gage*, where this deponent was put into the hold with the common seamen; that the same evening the mate and seamen belonging to the said Sloop *Joseph* were taken out of her and put on board the said Sloop *General Gage*, and a mate and six men were sent on board the said Sloop *Joseph* to navigate her into *Cape-Fear*; that on the 21st day of the same month, the said Sloop *General Gage* got into the *Cape-Fear River*, and on the 22d day of the same month, the said Sloop *Joseph* also arrived, and was moored under the guns of the *Falcon* sloop-of-war, commanded by *John Lindsey*, then Commodore of the fleet lying at *Fort Johnston*; that the next day after the arrival of the said Sloop *Joseph*, one *John Collett*, who came passenger in the said Sloop *General Gage*, from *Boston*, and who, as this deponent was informed, had a commission as Captain of a company of "Loyal Fensible Americans," went on board the said Sloop *Joseph*, with the commander of the said Sloop *General Gage*, and broke open the hold of the said Sloop *Joseph*, and took out a butt of porter, a parcel of loaf-sugar, and cheese; that a few days after, the purser of the *Scorpion* sloop-of-war came down from *Brunswick* with an order from *Josiah Martin*, Esq., late Governour and Commander-in-Chief of the Province aforesaid, to take a large quantity of provisions out of the said Sloop *Joseph*, being part of the cargo of the same; that this deponent remained a prisoner on board the said Sloop *General Gage* until the 4th day of March instant, when he made his escape, with *Joseph Wood*, part owner of the said Sloop *Joseph*, and several other persons who had been detained prisoners with this deponent by special orders given by the aforesaid *John Lindsey* to the commander of the said Sloop *General Gage*.

Wherefore, the said *William Raddon*, late master as aforesaid, before me, did protest against the said *George Sibles*, commander of the said Sloop *General Gage*, the said *John Collett*, the said *John Lindsey*, commander of the *Falcon* sloop-of-war, and the said *Josiah Martin*, late Governour and Commander-in-Chief of the Province aforesaid, and all other persons with them concerned, for all losses, costs, and damages, whatsoever, that hath or may accrue to the owners, freighters, or insurers, or any person or persons whatsoever concerned in the said Sloop *Joseph*, and the cargo on board the same, for the reasons herein-beforementioned. Whereupon, I, the said *Thomas Jones*, notary as aforesaid, at the instance and request of the said *William Raddon*, did, and do hereby solemnly, and in due form, sign and attest this present protest of, for, concerning all and singular the premises aforesaid in the particular manner herein-beforementioned and expressed, as if the same were herein again particularly mentioned and repeated.

WILLIAM RADDON.

In testimonio ventatis,

THOMAS JONES,

Notary Publick, Edenton, North-Carolina.

tioned prisoners, and such others as may from time to time be thought proper to be enlarged, may be sent to and lodged.

*Resolved*, That the Township of *Goshen*, in *Orange* County, is the most proper inland Town or Village in this Colony for the placing of Prisoners on parole, as well on account of the unanimity of the inhabitants in the cause of their country, as of its distance from any navigable river; and it is hereby earnestly recommended to the Committee of *Goshen* Precinct in particular, and to every other friend to *American* liberty in this Colony, to apprehend any such Prisoner as may be sent to *Goshen*, if such Prisoner or person shall be found out of the limits assigned him.

General *Washington's* Letter to the Committee of Safety, on the 20th day of *April* last, on the subject of having part of the Militia in readiness to be called in on any emergency, was read.

*Ordered*, That Mr. *Herring*, Colonel *Lott*, Colonel *Palmer*, Mr. *Wisner*, and Colonel *Drake*, be a Committee to take the said Letter into consideration, and to report thereon with all convenient speed; and that the said Letter be delivered to one of those gentlemen.

Captain *Alder*, Lieutenant *Rutgers*, and Captain *Wool*, three of the General Committee of the City, attended on the Congress, and informed that, in pursuance of the Resolution of the Continental Congress, and the resolutions and directions of the Committee of Safety, for disarming disaffected persons, the Committee of the City had determined that such persons as refused to subscribe the declaration that they would defend the United Colonies by arms should, on oath, deliver up all their arms which they had in this Colony; that some persons who have refused to sign the declaration have also refused to take an oath that they have delivered up all their arms; that *John L. C. Rome* was the first who refused, and others now follow his example; that, by this means, they may probably retain arms to be used against the Colonists, and that they request such further powers and such line of direction to the Committee as this Congress shall think proper and necessary.

*Ordered*, That the said application be taken into consideration to-morrow.

Captain *Mercier* informed the Congress that one or two deserters from the Armed Vessel of which Captain *Nathaniel Rodgers* is commander, are on shore, and requested to know whether he should cause them to be apprehended; and if so, what further should be done with them. Mr. *Mercier* was desired to call to-morrow for directions.

FOR ULSTER.—Doctor *De Witt*, Mr. *Wynkoop*, Mr. *Wisner*, Colonel *Palmer*.

FOR WESTCHESTER.—Mr. *Paulling*, Colonel *Lewis Graham*, Colonel *Joseph Drake*.

*Jacob Sharpe*, Esquire, of *King's* County, attended, and delivered a Letter, dated this day, from *Charles Friend*,\* giving information that he has reason to believe that the Continental money is counterfeited on *Nassau-Island*, and that he can give further information on that subject. The Congress was informed that the said *Charles Friend* is at *Broecklyn*, that he is under some difficulties which prevent his coming to this City, but will cheerfully attend on his receiving a protection from this Congress.

Thereupon *Resolved*, That the said *Charles Friend* be, and hereby shall be, protected from all arrests in coming to

\*FERRY, May 10, 1776.—GENTLEMEN: I have well-grounded reasons to believe the Continental money is now counterfeited upon this Island, and upon further examination, am firmly persuaded you will be in the same opinion. I have opened the case to *Jacob Sharpe*, Esq., and that gentleman will give you further information.

I am, gentlemen, your obedient servant, CHARLES FRIEND.  
To the Honourable Provincial Congress of New-York.

this City, attending upon this Congress, until he shall be discharged, and until he shall have returned to his usual place of abode; and all Sheriffs, Constables, and other civil officers whomsoever, are hereby strictly charged not to arrest or interrupt the said *Charles Friend* during the time aforesaid, as the person or persons so offending will answer the contrary at his or their peril.

Mr. *Benson* reported, that, according to the order of the Congress yesterday, he waited on General *Washington*, and had informed him that, by a former order of this Congress, the Committee of *Suffolk* County had agreed with proper persons to supply the Troops ordered there with Rations, at ten Pence half-Penny per Ration; and requested to know whether the said Troops should be provided in that manner, or supplied by the Commissary-General or his order.

That the General was pleased to give for answer, that it will be most proper, to prevent confusion in accounts, that the Commissary-General should supply them; but lest the Commissary-General should not be prepared to supply them immediately, that it would be well that the persons contracted with should continue to supply them until the Commissary shall have it in his power to supply them.

A Resolution of the Committee of the County of *Albany*, dated *March 1*, 1776, was read and filed. They thereby give power and authority to any three of their Deputies to represent the said City and County in Provincial Congress.

Captain *Henry O'Hara*, of Colonel *Wynkoop's* Regiment, attending, was admitted. He produced a certificate signed by *Stephen Moylan*, Commissary of Musters, whereby it appears that he mustered that part of Captain *O'Hara's* Company which is now in *New-York*, consisting of one Captain, the Ensign, two Sergeants, four Corporals, one Drum, and one Fife, with thirty-seven Privates. Captain *O'Hara* assured the Congress that he has inlisted as many more men in the Counties of *Albany* and *Charlotte* as will complete his Company; that the Regiment is ordered to be stationed at the northern posts. He therefore requested an order on the Commissary for Frocks, &c., for his whole Company, that he may be enabled to march with the men inlisted here, and with those inlisted to the northward to join the Regiment.

Thereupon *Ordered*, That Colonel *Curtenius* deliver to Captain *O'Hara*, of Colonel *Wynkoop's* Regiment, such articles (in his department) as are allowed by Congress for eighty-six men, Non-Commissioned Officers included, and take his receipt for the same.

*Jacob Sharpe*, Esquire, returned, and brought with him *Charles Friend*, who, being examined, gave the following intelligence, to wit: *Charles Friend*, of *Westbury*, in *Queen's* County, says: That he went, about three weeks, to *Cold-Spring*; that he called at the house of one *John Anderson*, who told him that there was a countryman of his (the examinant) down there; that he asked him what his name was; he answered, *Henry Dawkins*; he further asked him where he resided, he told him at *Isaac Youngs's*; he (the examinant) then replied, that he supposed they were making money; *Anderson* answered, and said he knew it, and told the examinant that *Dawkins's* tools and a chest of tools were at *Isaac Youngs's* house; he further told the examinant that one of the *Youngs* (*Israel* or *Isaac*) had been to *Nathaniel Williams's*, at *Huntington*, to purchase paper, but found that the paper would not do. *Anderson* further told this examinant that he had heard *Isaac Youngs* say that he would pay all his debts this summer in Congress money. This examinant says he believes one *Isaac Ketchum* to be concerned; that he was told yesterday that *Dawkins* was gone to live with *Isaac Ketchum*.

CHARLES FRIEND.

Sworn before me, the 16th May, 1776.

ABRAHAM BRASHER, Alderman.

Whereupon the following Order was unanimously agreed to:

Whereas, this Congress is informed, on oath, that there is great cause of suspicion that *Henry Dawkins*, *Israel Youngs*, *Isaac Youngs*, *Isaac Ketchum*, and *John Anderson*, of *Cold-Spring*, on *Nassau-Island*, are counterfeiting the Paper currency emitted by the Continental and this Congress:

*Ordered therefore*, That Colonel *Malcom* be requested forthwith to despatch Captain *Wool*, with a sufficient guard, to *Cold-Spring*, on *Nassau-Island*, and that the said guard

do take all possible means in their power to apprehend and seize the said *Henry Dawkins, Israel Youngs, Isaac Youngs, Isaac Ketchum, and John Anderson*, and bring them (together with all suspicious tools and other materials) before this Congress without delay; and the several Committees within whose neighbourhood the said suspected persons respectively reside, are hereby requested to give all the aid that shall be required of them by Captain *Wool* for the effectual execution of this order.

A Return, dated *April 13th, 1776*, signed by *Jonathan Lawrence*, Chairman of the Committee of *Newtown*, in *Queen's County*, was read, whereby it appears that the following persons were chosen Officers of the Militia in the said Township, to wit:

Of a Company of Militia for the Southernmost Beat or District: *Abraham Remsen*, Captain; *Benjamin Coe*, First Lieutenant; *Robert Furman*, Second Lieutenant; *Benjamin North*, Ensign.

For the North Beat or District: *Jonathan Lawrence*, Captain; *William Jacket*, First Lieutenant; *William Lawrence*, Second Lieutenant; *Jesse Warner*, Ensign.

Troop of Light Horse: *Richard Lawrence*, Captain; *Daniel Lawrence*, First Lieutenant; *Samuel Riker*, Second Lieutenant; *Jonathan Coe*, Cornet; *Peter Rapalye*, Quartermaster.

Ordered, That Commissions issue to those gentlemen instantaneously; and they were issued accordingly.

Ordered, That Mr. *Tredwell* draft a Letter to the Committee of *Queen's County*, recommending to them the forming and regulating the Militia of the said County, without delay.

Ordered, That Mr. *Wynkoop*, Col. *Allison*, and Col. *Lewis Graham*, be a Committee to consider of and report an amendment to the Militia Law, so far as the same respects the disarmed Non-Associators, with all possible speed.

Colonel *Palmer* applied for an order on the Treasurer. He informed the Congress that the Commissioners at the lower Fort, to wit: at *Pooplopen Kill*, borrowed one hundred and fifty-two Pounds of the Commissioners at the upper Fort; that the Commissioners at *Pooplopen's Kill* are indebted for sundry articles; that they will have occasion for at least the sum of one thousand Pounds.

Ordered, That *Peter Van Brugh Livingston*, Esq., as Treasurer of the Provincial Congress of this Colony, advance to Colonel *Thomas Palmer*, as one of the Commissioners for erecting the Fortifications in the Highlands, the sum of one thousand one hundred and fifty-two Pounds, to be expended and applied for erecting the Fortifications in the Highlands, and take his receipt for the same on Continental account.

*Henry Wisner*, Jun., Esq., having applied to the Committee of Safety for the premium for erecting a Powder-Mill, is entitled to receive the same, on giving security, and entering into contract. Mr. *Wisner* also informed the Congress that there is a very considerable sum due to him from the Colony on the Resolution of the Provincial Congress for manufacturing of Gunpowder; that he intends to have his partner bound with him in the contract for erecting a Powder-Mill; that he requests the sum of one hundred and fifty Pounds from the Treasury on his Bond, for that sum in part of either of the sums above-mentioned:

Thereupon Ordered, That *Peter Van Brugh Livingston*, Esq., as Treasurer of this Congress, advance to *Henry Wisner*, Jun., Esq., the sum of one hundred and fifty Pounds on his Bond, payable the 1st day of *July* next.

Whereas frequent complaints have been made to this Congress that many of the male inhabitants have, at this critical season, withdrawn themselves from the Capital of this Colony, whereby its strength and powers of defence are much weakened, and the inhabitants who remain the more exposed:

On motion Resolved and Ordered, That every male inhabitant of the City and County of *New-York*, above the age of sixteen years, and under the age of fifty years, who has withdrawn himself from the same since the 1st day of *June* last past, be required, and is hereby required, to return without delay with his arms and accoutrements; and that every male inhabitant between the said several ages be henceforth prohibited, and is hereby prohibited, from departing this City and County, and absconding himself from the

same for more than twenty-four hours, without leave of the Colonel or Commanding Officer of the Battalion or Regiment to which he belongs; and that the Committees in the neighbouring Counties and Colonies into whose District such inhabitants of this City and County have so withdrawn themselves be, and they are hereby requested to take effectual means to compel the said inhabitants, who have so withdrawn themselves, to return to their usual places of abode in the said City and County.

And Ordered, That this Resolution be published in all the publick Newspapers in this Colony.

Die Veneris, 4to ho. P. M., May 10, 1776.

The Congress met pursuant to adjournment.

Present: Brigadier-General *Woodhull*, President.

FOR KING'S.—Mr. *Covenhoven*.

FOR SUFFOLK.—General *Woodhull*, Mr. *Tredwell*, Mr. *Wickham*.

FOR WESTCHESTER.—Colonel *Joseph Drake*, Colonel *L. Graham*, Mr. *Paulding*.

Directions for Captain *Thomas Cregier*, of the Armed Schooner *General Putnam*, were read, and approved, and are in the words following, viz:

Captain THOMAS CREGIER:

SIR: You are hereby directed to inform His Excellency General *Washington* that the armed schooner named the *General Putnam*, under your command, is fitted and ready to proceed to sea.

You are diligently to observe and follow such orders and directions as you shall from time to time receive from General *Washington*, until the further order of the Provincial Congress or Committee of Safety of this Colony.

A copy of the said Instructions, signed by the President, were delivered to the said *Thomas Cregier*, and he was directed to show them to General *Washington*.

The Congress met pursuant to adjournment.

Present: General *Woodhull*, President.

FOR NEW-YORK.—Mr. *Beekman*, Colonel *Brasher*, Colonel *McDougall*, Captain *Denning*, Mr. *Evert Bancker*, Mr. *Prince*, Col. *Stoutenburgh*, Mr. *Scott*, Col. *Lott*.

FOR ALBANY.—Mr. *Oothoudt*, Mr. *Cuyler*, Mr. *Glenn*.

FOR ORANGE.—Colonel *Allison*, Mr. *Haring*.

FOR RICHMOND.—Mr. *Evert Bancker*.

*Thomas Wooley*, of *Cow-Neck*, Feltnaker, was brought, under a guard, before the Congress, pursuant to the order of the Committee of Safety, of the 8th instant. The examination of *Thomas Mitchell* was read to him. He denies the charges therein charged against him, and says he is Clerk to Colonel *Blackwell's* Regiment.

Captain *Sands* says the charges are true, and first produced a certificate from *Timothy Smith*, Esq.

*Isaac Smith*, of *Hempstead*, in *Queen's County*, Esquire, being examined, says, that he was talking with Captain *Sands* at *Richard Smith's*; that *Thomas Wooley* came up to them in his brother's house, and told Captain *Sands* that he had

taken his goods from him; that he had taken a hat from him, which he usually sold at fifty shillings, and sold it for thirty shillings, and that he demanded satisfaction; that he turned to Mr. Smith, and told him he demanded a summons for him; that he understood it was for taking away his goods, to wit: the said hat; that he (the examinant) declined having anything to do with the affair, and left him. Being asked by Wooley whether he said he had no other demand against him, Mr. Smith says he does not remember that he said he had no other demand.

Captain Sands gave a relation of the transactions at Her-  
rick's. Thomas Wooley also related the affair in his own light; says he did apply for a summons; that Captain Sands had formerly had dealings with him; that he thought Captain Sands had acted illegally, and he intended to support his suit as well as he could.

Mr. Sands related the charge of the challenge on the last field-day. Thomas Wooley says that he was summoned; the first day he appeared without arms; the second day he appeared and told Captain Sands he thought he had no right to call on him under arms; that the last day he determined not to insult him in the execution of his office; that Mr. Sands affronted by calling him a fellow; that in the interval, he called on him for satisfaction; that Mr. Sands told him he should have it; that he thought Mr. Sands's answer entitled him to propose a sword, and small thing that would speak; that he had not arms of his own when Colonel Heard was in Queen's County, which he told Colonel Heard; that he told Colonel Heard he had voted against Deputies; that he told him he had one which was left as a pawn for a debt, and which he has since sold to Mr. Allen; that he is willing to bear arms if it is the opinion of this Congress.

Thomas Mitchell was called, and his deposition again read. Thomas Wooley says that he can prove by some of the guard that he did not threaten to prosecute the whole guard; that the Jailer said he was not a Jailer for the Congress; that he prevailed on the Jailer to keep him in his house till next day; that the Jailer went to the Sheriff next day and returned, said the Sheriff did not think proper to detain him.

Aspinwall Cornell says that he has seen the Deputy Sheriff since, who told him that Thomas Wooley would not stay with him; that he did not detain him, because he thought the Captain's warrant not sufficient.

The demand of the prisoner from the Jailer, by Captain Sands, was read; the Jailer's answer thereon was read.\*

Being cross-examined by the defendant, he says that the defendant did not attempt to escape; used the guard well; but declared his opinion that Captain Sands had not power to commit him.

The parties and witnesses were ordered to withdraw into the City-Hall. The Congress took the premises into consideration, and after some time spent therein, Mr. Haring moved, and was seconded by Colonel Stoutenburgh, "That Thomas Wooley be immediately committed to the Jail of Queen's County."

Debates arose, and the question being put thereon, it was carried in the affirmative, in manner following to wit:

For the Affirmative.	For the Negative.
2 Orange,	3 Albany,
2 Ulster,	2 Richmond,
2 Westchester,	2 King's.
4 New-York.	—
10 votes.	7 votes.

Therefore Resolved, That Thomas Wooley be immediately committed to the Jail in Queen's County.

Thereupon a Warrant or Mittimus was made out and delivered to Captain John Sands, in the words following, to wit:

Whereas it appears to this Congress, upon sufficient proof

\*To Mr. HOPE MILLS, Jailer of QUEEN'S County—

SIR: You are hereby desired to deliver into the hands of my Lieutenant Cornell and Sergeant Hutchings, the body of Thomas Wooley, delivered in your custody agreeable to my warrant to you directed Saturday night last.

Given under my hand, this the 6th of May, 1776, in the District of Cow-Neck, Great-Neck, &c. JOHN SANDS, Captain.

Mr. Hope Mills examined and saith: The reason why he did not confine Thomas Wooley was, that he doubted the Captain's authority to give him such order, and that the Sheriff disapproved of it.

In the presence of me,

JACOB WRIGHT.

JAMAICA, May 8, 1776.

and after hearing of and defence made by Thomas Wooley, of Cow-Neck, in Queen's County, Feltmaker, that the said Thomas Wooley has three times contumaciously refused to appear in arms in the Militia Company of the District in which he resides, commanded by Captain John Sands, and has challenged his said Captain to a duel for having done his duty in his office towards the said Thomas Wooley, and therefore appears to this Congress as a person whose going at large is dangerous to the liberties of America:

It is hereby Ordered, That the said Captain Sands do convey the said Thomas Wooley to the common Jail of Queen's County, and the Keeper of the said Jail is hereby ordered and required to receive the said Thomas Wooley into his custody, and him safely keep in the common Jail aforesaid, at his own expense, until further order of this or some future Provincial Congress or Committee of Safety of this Colony.

Brigadier-General Gates informed the Congress that his Excellency General Washington has ordered all the Troops, except the Artillery Corps, immediately to encamp; that the General wishes some respectable citizens were appointed to take care of the houses, from which Troops are removing, to have them shut up; that his Excellency conceives that it may be necessary to have the houses cleaned, to prevent any infection or disorder to arise thereof in the City; and that General Washington is willing to give any aid in his power for that purpose.

Ordered, That General Washington's message be referred to the General Committee of the City of New-York, as within their proper department.

Mr. Prince produced to the Congress two Receipts, both dated April 1, 1776, and signed by Wessel F. Wessels, for and on behalf of Peter T. Curtenius, Commissary, acknowledging to have received from Mr. Prince twenty-eight Sash Lead-weights, weighing four hundred three quarters and twenty-three pounds, taken out of the Exchange; as also seventy-nine Sash Lead-weights, weighing fourteen hundred one quarter and twenty-seven pounds, all gross weight, taken out of the Old City Hall, by order of the Committee of Safety, made and delivered to him on the 25th day of March last past.

A Letter from Dr. Perkins,\* bearing date this day, was

\* NEW-YORK, May 13, 1776.

GENTLEMEN: Permit me to say I am informed there is no Surgeon appointed in Colonel Ritzema's Regiment, and am directed by said Colonel to apply to this honourable House; being confident that merit and ability is the only motive in your choice, am emboldened to offer myself as a candidate for that service, and cheerfully submit to the examination of such gentlemen of the faculty as your Honours appoint, and have not the least doubt but you will do me the utmost justice accordingly. I have not the happiness to be acquainted with but few

read and filed. He thereby requests to be appointed Surgeon to Colonel *Ritzema's* Regiment.

A Letter from General *Washington*, bearing date this 13th day of *May*, was read and filed; and therein encloses a Resolve of Congress, ascertaining the price of Tea, and a Letter from Mr. *Isaac Sears*, alleging that he has hitherto observed the said Resolution of Congress in the sale of his Teas, but that he has been informed that there is a probability that some persons in *New-York* may violate the said Resolution, and therefore signifies that he will withhold the further sale of his Teas.

Ordered, That the said papers be filed.

"New-York, May 13, 1776.

"SIR: As applications are frequently made by officers of Militia, that came for the defence of this city, for their pay, I enclose you a resolve of Congress on that subject, which passed the 26th of *April*. You have also, herewith, a letter I received from Mr. *Sears*, of *New-Haven*, the subject of which is of consequence, but very foreign to my department. I doubt not but your honourable Convention will take the matter under consideration, and put a stop to the evil Mr. *Sears* is apprehensive of.

"I have the honour to be, sir, your most obedient humble servant,

"GEORGE WASHINGTON.

"To the President of the *New-York* Convention or Congress."

"In Congress, April 26, 1776.

"Resolved, That the respective Governments from whence Militias have come, for the defence of the City of *New-York*, be desired speedily to transmit to Congress authenticated Muster-Rolls, and accounts of moneys due to such respective Militias, in order to their being immediately settled and discharged."

Colonel *McDougall* informed the Congress that the time allowed to Colonel *Ritzema*, to receive Arms from the Colony Storekeeper, is expired, and that therefore he requests an order for Arms in his turn.

Thereupon Ordered, That Mr. *Richard Norwood*, Commissary of Colony Stores, deliver to Colonel *McDougall*, or to such Captains in his Regiment as shall have Colonel *McDougall's* orders, all the Muskets and Fire-locks fit for use, which now are or may come into the Colony Store, in the course of fifteen days from the date hereof; and that the said Commissary take a receipt of Colonel *McDougall*, or of the Captains to whom such Arms shall be delivered, to the end that the same may be accounted for and paid for to the Colony.

Resolved, That *Alexander Moncrief*, the Jailer of the Provincial Congress, be allowed for his pay at and after the rate of four Pounds per month, from the 14th day of *March* last, the day he was employed as such, while he continues in that service.

And Ordered, That *Peter Van Brugh Livingston*, Esq., as Treasurer of this Congress, pay to Mr. *Alexander Moncrief* the sum of eight Pounds, for his wages from the 14th day of *March* last to the 14th instant, included.

A Warrant was issued to *Leonard Bleecker*, gentleman, to be First Lieutenant of Captain *John Johnson's* Company, in Colonel *McDougall's* Regiment, given on condition therein expressed, that if the said *Leonard Bleecker* does actually enlist and be ready to join the Regiment with twenty-five men in three weeks from this day, the date thereof, that he will be entitled to a First Lieutenant's commission.

Ordered, That *Peter Van Brugh Livingston*, Esq., as Treasurer of the Congress of this Colony, pay to *Thomas Pettit*, the Doorkeeper, the sum of eight Pounds one Shilling, in full for his account for pay and disbursements to the 14th instant, included.

The Congress took into consideration the service of Mr. *Anthony Griffiths*, at the Laboratory of Colony Ammunition and Stores, and his accounts of disbursements, amounting to nine Pounds seven Shillings and three Pence.

Ordered, That *Peter Van Brugh Livingston*, Esq., as Treasurer of the Congress of this Colony, pay to Mr. *An-*

members of your House, except Colonel *Palmer*, who can satisfy your honourable body in respect to my character.

I have the honour to be, gentlemen, your most obedient and very humble servant,

ABIAH PERKINS.

To the Honourable the Provincial Congress, now sitting in *New-York*.

*thony Griffiths* the sum of fifty-nine Pounds seven Shillings and three Pence, for his accounts of disbursements, and in full for his services to the 14th day of *March* last, and take Mr. *Griffiths's* receipt for the same.

In Provincial Congress, May 11, 1776.

Whereas the Provincial Congress of this Colony did, on the 22d day of *August* last past, pass several resolves for regulating and putting the Militia of this Province in a state of defence against the arbitrary usurpations of the *British* Parliament: And whereas this Congress did, on the . . . day . . . last, pass sundry resolves, as an appendix to the former; yet, through the inimical and unfriendly disposition of many persons in this Province, this Congress have found it absolutely necessary, not only for the safety of the said Province, but of the United Colonies in general, to take away the arms and accoutrements of the most dangerous among them; and as common justice requires that, in defending our rights and liberties, every individual should bear a proportional part of the burden and expense:

Resolved therefore, That every male inhabitant within this Colony above sixteen and under fifty years of age, who have been or may hereafter be disarmed on account of their inimical principles, and are thereby disabled from complying with the aforesaid resolves, do pay unto the Captain or Commanding Officer of the day, of the District or Beat wherein he shall dwell or reside, the sum of five Shillings for every day the said Company shall be mustered or called on duty, and not under pay; and on such disarmed person or persons as aforesaid neglecting or refusing to pay the aforesaid sum of five Shillings, within ten days after such muster or duty, the said Captain or other Commanding Officer of the day is hereby empowered and required to issue his warrant for the recovery thereof, in the same manner as directed by the before recited resolves, and the moneys so arising to be applied by the Captain towards arming such persons within said District or Beat as have associated in defence of their country, and are not able to purchase arms for that purpose; and render an account to the Field-Officers of the Regiment to which he belongs, of all the moneys by him received, and to what use applied; and, also, deliver the said arms and accoutrements so purchased to the said Field-Officers, or one of them, when thereunto required, in order to be secured or deposited for the use of the said Regiment.

Colonel *Allison*, from the Committee appointed to consider of, and report what is necessary to be determined as to that part of the Militia who have been disarmed, delivered in the Report of the said Committee, which was read.

And Ordered, That the Secretaries deliver the said Report to the next Congress of this Colony for their consideration.

Ordered, That *Peter Van Brugh Livingston*, Esq., as Treasurer of the Congress of this Colony, pay to *Robert Benson*, Esquire, the sum of one hundred and eighty-one Pounds, in full for his service as one of the Secretaries of this Congress, to this day included.

*Mr. Scott*, from the Committee appointed to take into consideration General *Washington's* Letter on the subject of having the Militia in readiness, delivered in the Report of the said Committee, which he read in his place, and delivered in at the Chair, where the same was again read, and is as follows:

Your Committee do report, that they have deliberately considered the condition of the Militia of this Colony as distinguished into Minute-men and common Militia, a distinction which they are of opinion was ill-timed and unfortunate, by not being well adapted to the state of things in this Colony; and, as they propose to offer some reasons for a change of the plan of defence by the natural strength of the Colony, they beg leave to begin by assigning these reasons.

The Continental Congress, on the 18th of *July* last, among other things, resolved, that one-fourth part of the Militia in every Colony be selected for Minute-men, of such persons as are willing to enter into this necessary service, of defending their rights against Ministerial tyranny, formed into companies and battalions, and their officers, under the degree of Field-Officers, chosen by the men, and Commissioned, as well as the Field-Officers, by the respective Assemblies or Conventions; to be ready on the shortest notice to march to any place where their assistance might be required for the defence of their own or a neighbouring Colony; and that as these Minute-men might eventually be called to action before the whole body could be sufficiently trained, it was therefore recommended that a more particular and diligent attention should be paid to their instruction in military discipline; and that such of the Minute-men as desire it should be relieved by new drafts from the whole body of the Militia, once in four months; and that where in any Colony a Militia was already formed, under regulations approved by the Convention of such Colony, or by such Assemblies as are annually elected, the said Congress referred it to the discretion of such Convention or Assembly either to adopt the foregoing regulations, in the whole or in part, or to continue their former, as they, on consideration of all circumstances, should think best. Upon this plan the Minute-men of this Colony was formed, and your Committee report the following inconveniences attending the execution of that plan, to wit:

1st. All the Officers, as well those of the common Militia as of the Minute-men, under the degree of Field-Officers, are made eligible by the privates of each company; and therefore, as the above-mentioned regulation for Minute-men gives a choice of Minute officers by one-fourth of the Militia, and a succession of privates is provided for by drafts, it follows that, in the succession, three-fourths of the Militia will be subject to officers not of their own election, contrary to the evident design of Congress.

2dly. That, in the regulation above-mentioned by the Continental Congress, for the appointment of officers, those under

the degree of Field are placed in the election of the people, they conceive it to be their undoubted right so to elect; and, as the succession by draft will exclude three-fourths of the Militia from such election, there is no possibility of supplying a succession of privates upon the principle whereon the Minute-men are established. From whence it follows,

3dly. That, throughout the different Minute Regiments in the Colony, while the different corps of officers are complete, the Regiments, as to privates, are and must of necessity continue very deficient, unless some new regulation be made; therefore we report it as the opinion of your Committee—

1st. That the distinction between Minute-men and common Militia, which seems to be a consequence of the aforesaid resolve of the Continental Congress, be henceforth abolished, that thereby the Militia of the Colony may be again reduced to one common mass.

2dly. That therefore all the commissions for Minute officers be forthwith recalled, and that every private be placed under his proper Militia officer, leaving each Regiment to be officered according to the mode prescribed; that is to say, those under the degree of Field-Officers, by election of the privates, and those above that degree, by the appointment of the Provincial Congress.

3dly. As upon this plan many officers may be reduced to the station of privates, and it would be very degrading to compel those whose appointment as officers of Minute-men must be a clear proof of their distinguished attachment to the publick cause, to appear in the ranks, your Committee report it as their opinion, that such gentlemen as have been appointed Minute officers, and will be reduced in consequence of the reform now proposed, be not enrolled among the Militia, nor be compelled to do military duties required by the Militia regulations, but that they be requested by this Congress to keep themselves well equipped, as the Militia regulations require; your Committee not doubting that the laudable spirit which entitled them to a preference as officers will induce them, upon any publick emergency, to turn out in defence of their country in the character of volunteers.

4thly. As your Committee consider the City and County of *New-York*, *Richmond* County, and *King's* County, as most liable to a sudden invasion, and as the more immediate object of his Excellency General *Washington's* request to provide him with a Militia aid, in case of an invasion, seems to have a more immediate reference to those Counties, your Committee therefore report it as their opinion, that the whole of the Militia of the said three Counties, forming together the *New-York* Brigade, be required to hold themselves completely provided, according to the Militia regulations, to be at the command of his said Excellency, or the Commander-in-Chief of the Continental forces on the spot for the time being, at a minute's warning, upon a proper order to be issued by the Commanding Officer of the Militia for that purpose.

5thly. That it is the opinion of your Committee that one-third part of all the rest of the Militia, without abating any part of the duty prescribed to the Militia in general, be selected and prepared to turn out at the command of the Militia Commanding Officer, in case of an alarm or invasion, under the following regulations, to-wit:

That, to the end that such selected Militia may at all times be ready for immediate service, your Committee do advise that they be selected in manner following, that is to say: That a Major-General be appointed to command the Militia of the whole Colony; that the office of Brigadier-General, in every brigade, be filled up, according to the former military arrangement, by Provincial Congress; that the Major-General, when appointed, do forthwith issue his orders to the several Brigadiers-General, who, in consequence thereof, are to issue their orders, respectively, to the respective Colonels or other Commanding Officers of the several Battalions or Regiments under their command, requiring them to cause to be selected by ballot one-third part of the Militia of each Battalion, or Regiment, to be ready to march at a minute's warning, accoutred as the Militia regulations require, and with five days' provisions; which men, so selected, shall be ready to march at a minute's warning, and shall keep themselves in such readiness for one whole year; at the expiration of which, another third of each whole battalion shall be balloted for the like service for one year, excluding those from the ballot who shall have already served; and that for the

third year's service, the remaining third part of each battalion shall be ready to perform the service, in manner before directed. And that, in order properly to officer such detachments of the Militia for active and immediate service, the men balloted for the first and second year's service shall have the election of the officers, according to their respective ranks, the number and rank of each of which said officers shall be according to their standing in the Militia. No officer to be employed in this service for more than one year, nor more than two officers at a time out of one company; and the remaining officers in the third year, to be officers of course, according to their standing in the Militia. And we recommend it as a necessary provision to permit any selected person, except officers for the service aforesaid, to procure a person to serve in his stead, provided he be approved of by the Commanding Officer of the Regiment; that the same proportion of officers shall be allotted for the command of such selected men as are allotted by the Militia regulations; that the Field-Officers to command such selected men shall be chosen by ballot, by the officers chosen to command the selected Militia; and that no more than one Field-Officer shall be elected out of each Battalion or Regiment for the aforesaid Minute or select service; the Militia thus elected, to be under command of their respective Brigadier and the Major-General, as the rest of the Militia.

By order of the Committee:

JOHN MORIN SCOTT, *Chairman.*

*Ordered*, That the said Report be referred to the next Congress of this Colony, which is appointed to meet in this City to-morrow, and that the Secretary keeping the papers deliver the said Report to that Congress for their consideration.

Baltimore, March 9, 1776.

SIR: I am directed by the Committee of *Baltimore* to inform you that, should the tenders escape you before you get down to Mr. *Hudson's* ship, and join the *Otter*, it is their opinion it would be improper for you to attack them all together; and that, if you think there is a probability of their coming to attack you, it would be most advisable for you to return to *Whetstone Point* or *Fell's Point*, to be ready to protect the town, and remain there until you are properly enabled to attack the whole united force. All the vessels at *Whetstone* are getting ballasted, and will be ready for sinking when you see a necessity for doing it.

Per order of the Committee.

SAMUEL PURVIANCE, Chairman.

The Committee having received information by *Paul Miller*, that the *Otter* Sloop is aground on the *Bodkin Shoals*, and that Captain *Nicholson* desired a reinforcement of men, Major *Gist* is directed to despatch empty Vessels to lighten his Ship, to be under the direction of Captain *Nicholson*.

*Resolved*, That a Letter be immediately written to our Delegates in Congress, to request orders to be lodged with the *Pennsylvania* Troops of *Cumberland* and *York* Counties, to march down, on requisition of this Committee.

And the following Letter was accordingly despatched by Post:

GENTLEMEN: As we may possibly want the assistance of some of the Continental Troops stationed in *Cumberland* and *York* Counties, in *Pennsylvania*, we request you to obtain an order from Congress for those troops to march to the assistance of the troops here, upon the requisition of this Committee; Riflemen will do us more service than any others. We have a great number of men here, but very few are armed. Pray do not neglect this, as the fate of *Baltimore* Town may depend upon it. From every intelligence received, the enemy will soon return with a reinforcement.

We are preparing to sink a number of vessels at *Whetstone Point*, to obstruct the channel.

We are, gentlemen, your most humble servants,

*Resolved*, As the opinion of this Committee, that it will greatly conduce to the preservation of *Baltimore* Town, and to the security of the Ship *Defence*, to continue the said Ship in the Harbour at *Fell's Point*.

*Ordered*, That the Chairman acquaint the Council of Safety with the above Resolve; and, also, that Captain *James Nicholson* and Lieutenant *Bouchier* concur with them in opinion.

*Baltimore, March 14, 1776.*

GENTLEMEN: You are advised to collect together, at *Fell's Point*, all the cannon that are either in town, or about the Point, that they may be all mounted and prepared for use, and to have guards constantly placed over them to prevent their being spiked or injured. Let a regular account be taken of what carriages are already made, and now making, for the guns; make out a state of what other materials for the cannon (viz: rammers, sponges, ladles, match-rope, cartridges, &c.) are made or making, and a general list of all such as may be wanted, in order that they may be preparing; engage a store or stores in the most convenient place at *Fell's Point*, for collecting together the stores, &c., belonging to the Artillery, where it may also be proper to station a guard when the materials are stored.

Present: *Samuel Purviance*, Jun., Chairman, *Thomas Harrison*, *John Merryman*, *John Boyd*, *John Moale*, *John E. Howard*, *William Aisquith*, *James Calhoun*, *J. Sterrett*.

Mr. *Robert Brown* appeared before the Committee, and, being examined, said: That he and Mr. *Robert Chapple* were taken by the *Otter*, as he was crossing the Bay, and that Captain *Squires* said he would burn down *Baltimore* Town, and mentioned many other circumstances which are thought too immaterial to be recorded.

The following is an exact copy of a Paper delivered in to the Committee by Captain *Isaac Vanbibber*:

"HERCULES COURTENAY,  
"ISAAC VANBIBBER,  
"WILLIAM SPEAR."

A true copy, attested by *GEORGE LUX, Secretary.*

The Committee met, *Saturday, March 16, 1776:*

Present: Samuel Purviance, Jun., Chairman, William Lux, Vice-Chairman, Thomas Harrison, William Buchanan, John Merryman, J. Sterrett, John Smith, John Boyd.

Captain *David Lawrence*, of the Sloop *Snowbird*, from *Rhode-Island*, reported his Vessel, with twenty barrels of Cider, and produced a Certificate from Governor *Cooke* to permit him to load said Vessel; which this Committee readily granted.

At a meeting of the Committee, *March 18, 1776:*

Present: Samuel Purviance, Chairman, William Lux, Vice-Chairman, Andrew Buchanan, William Buchanan, C. Ridgely, (of William,) John Merryman, Benjamin Nicholson, William Wilkinson, Thomas Harrison, John E. Howard, William Aisquith, George Risteau, James Calhoun, John Cradock, Thomas Sollers, J. Sterrett, John Cockey, John Smith, Darby Lux, John Boyd, Thomas Gist.

A Reply to the Address from this Committee to Captain *James Nicholson*, was delivered in, and ordered to be printed in the Papers, together with the Address.

Upon motion, *Resolved*, That Mr. *David Stewart* be permitted to transport twenty-five chests of Tea to the head of *Elk*, he returning a certificate of the delivery of the same to the Committee of *Cecil County*.

*James Mullen* appeared before the Committee on an account, by *James Donavan*, a servant to *Thomas Chenoweth*, on oath, of his endeavouring to persuade the said *Donavan* to run away from his master, and go on board a Man-of-War; but the evidences not being able to attend,

It is *Resolved*, That the said *James Mullen* give security for his appearance before this Committee, on *Monday* next, in the sum of two hundred Pounds, and one security in one hundred Pounds.

The aforesaid *James Mullen* accordingly gave bond as required, with *William Collins* as security.

Captain *Benjamin Nicholson* returned an account of sundry Arms seized from persons who have refused to enroll in

*Back River*, Upper Hundred, as in the rough minutes appears, and Messrs. *John Gill*, Junior, and *John Cockey Owings*, were appointed.

Mr. *David Stewart* is permitted to transport twenty-five chests of Tea to the head of *Elk*, on condition of his returning a certificate of the delivery of the same to the Committee of *Cecil County*.

Permissions were granted to *John Abbott* and *John Martin Baker*, to depart with their two Vessels, (Nos. 15 and 16,) taken up for the publick use at *Whetstone Point*, they having produced certificates that said Vessels were not wanted.

Captain *James Phillips* is directed by the Committee to superintend and oversee the completing of whatever is wanting about the Cannon now mounting at *Fell's Point*, and to employ whatever Carpenters, Blacksmiths, or other trades-people, are wanting to complete the said business, and collect the account of all such work, and deliver them in to the Committee, for which service Captain *Phillips* shall be paid by the Committee.

Captain *Job Garrison* and Lieutenant *Benjamin Bucks* are hereby directed to seize all the Fire-arms belonging to the Non-Enrollers of *Back River*, and to keep and return an exact account to the Committee of said Arms.

*GEORGE LUX, Secretary.*

At a meeting of the Committee, on *Friday, March 22, 1776:*

Present: William Lux, Chairman *pro tempore*, William Buchanan, Thomas Harrison, William Aisquith, John Moale, John Smith, John Boyd.

Captain *James Bosley* returned two Fire-locks seized by him, viz: One Fusee, belonging to *George Fitzhugh*, and one belonging to *Walter Dulany*, both of which were valued at three Pounds ten Shillings, each, by Messieurs *George Woolsey* and *David Stewart*, upon oath.

Mr. *Hugh Young* applied to the Committee for the Schooner *Ninety-Two*, which he had engaged to load on account of the Province; but as they are of opinion that it is necessary to keep her, to have her sunk in case of need, they think it inexpedient to deliver her up.

The Council of Safety having directed this Committee to prove the Cannon belonging to Captain *William Stone*, they appoint Captain *Nathaniel Smith*, Captain *John Fulford*, and Lieutenant *Bouchier*, to perform that service, and return an account of their number and sizes to this Committee.

At a meeting of the Committee, on *Monday, March 25, 1776:*

*James Mullin* appeared before the Committee, according to his recognisance, on the accusation against him, by *Thomas Chenoweth*, for persuading a servant to elope and go on board a Man-of-War, and several evidences were produced; but no sufficient proof being offered, to prove the fact, the said *Mullin* was accordingly dismissed.

On application, by Captain *William Cromwell*, to supply him with Ammunition for the use of his Company, the Committee took the same into their consideration, and are of opinion that the distribution of the Ammunition being in the Council of Safety, they have no power to grant his petition, but that they will apply to the Council of Safety for their orders therein.

Whereas complaint has been made by several persons residing in *Back River*, Lower Hundred, that, having enrolled themselves in the Militia thereof, a choice of Officers ensued, whereof *Job Garrison* was elected Captain, by ballot,

and they apprehended the mode adopted was different from the intention of the Convention, and had caused great uneasiness:

The Committee taking the same into consideration,

Do *Resolve*, That the inhabitants of said Hundred are sufficient in number to compose two companies of at least forty men, and that the said inhabitants do accordingly enroll themselves, and, when they have so done, that they proceed to the choice of Officers, by ballot, for two companies, and return the same to this Committee, and that the said election be held the 6th of *April*.

Captain *John Cockey* is appointed to seize the Arms of the Non-Associators and Non-Enrollers in *Back River*, Upper Hundred; and Captain *Thomas Rutter* those in *Middlesex* Hundred.

The Committee having received directions from the Council of Safety to suspend all further proceedings relative to the Schooner *Resolution*, orders are given to Messieurs *Robert Purviance*, *David Stewart*, and *George Woolsey*, to desist from the same until further orders.

At a meeting of the Committee, *April 8, 1776*: Present: *Samuel Purviance*, Chairman, and eight Members.

Mr. *Alexander Lawson* having applied to the Committee, and informed them that he could make room at his house near *Baltimore* Town, for opening such part of the publick Records as may be necessary for doing the ordinary business of the office, and desiring to know the sense of the Committee, whether he should open them in his house:

The Committee determined that he might open and continue them there until further orders; and that, in the mean time, Mr. *Lawson* should keep the boxes and chests in constant readiness for repacking and moving them speedily on any emergency.

Mr. *Lawson* having informed the Committee that he intended shortly to remove from this County to another part of the Province, and requesting a Certificate of his having delivered up his Arms agreeable to the regulations of the Convention respecting Non-Associators; and further desiring that the Committee should, before his removal, tax him as a Non-Associator, in the manner prescribed by the rules of the Convention:

The Committee agreed that he should be assessed ten Pounds for the present year, commencing from the 15th of *September* last, and that, upon his paying it, the Chairman shall give him the Certificate required.

An Express is just arrived from *Virginia* with a packet directed to this Committee, enclosing a Letter to the honourable Council of Safety of this Province, with a Letter to the Honourable *John Hancock*, President of the Continental Congress at *Philadelphia*, and a Letter from the honourable Council of Safety of *Virginia* to this Committee, of which the following is a copy:

"Williamsburgh, April 6, 1776.

"GENTLEMEN: We could not suffer a moment to pass before we transmitted the enclosed copies of intercepted letters, addressed by the Secretary of State to the Governor of your Province, which open the schemes of Administration to us in a more explicit manner than any other intelligence we have been able to procure. We wish you to transmit copies of these letters to Congress, without delay.

"I am, for and by order of the Committee of Safety of *Virginia*, gentlemen, your most humble servant,

"JOHN PAGE, Vice-President.

"N. B. A certain Mr. *Alexander Ross*, who was refused a permission from this Committee, has been on board of Lord *Dunmore's* ship, and was the person entrusted with the care of the enclosed letters; he has escaped from us, but, as we think him a person inimical to the *American* cause, he ought to be apprehended.

"J. P., V. P."

"Whitehall, December 23, 1775.

"SIR: It was not till the 27th of *November* that your despatch to Lord *Dartmouth*, of the 27th of *August*, was received here, when I had the honour of laying it before the King; and I have it in command from his Majesty, to express to you his Majesty's approbation for your zeal for the publick service, and of the unalterable attachment you have shown to his person and Government since the commencement of the present unhappy disputes, which have involved his Majesty's faithful servants in the Colonies in difficulties and distress that are only equalled by the fortitude with which they are borne.

"Your letter contains a great deal of useful information, and your confidential communication of the character of individuals, more especially of such as are come over into *England*, is of great advantage, and you may rest assured that every possible precaution will be used that no part of your letter shall transpire.

"An armament, consisting of seven regiments, and a fleet of frigates and small ships, is now in readiness to proceed to the Southern Colonies, in order to attempt the restoration of legal government in that part of *America*. It will proceed, in the first place, to *North-Carolina*, and from thence either to *South-Carolina* or *Virginia*, as circumstances of greater or less advantage shall point out; if to the latter, it may have very important consequences to the Colony under your government, and therefore you will do well to consider of every means by which you may, in conjunction with Lord *Dunmore*, give facility and assistance to its operations.

"I am, sir, your most obedient servant,

"GEORGE GERMAINE.

"To Robert Eden, Esq., Deputy-Governour of *Maryland*."

"Copy:

"J. PENDLETON,

"C. C. of Safety of *Virginia*."

"SIR: The King being determined, in concurrence with his Parliament, to pursue the most vigorous measures for reducing his rebellious subjects in *North-America* to obedience, and for restoring legal Government, has given the royal assent to the enclosed act, which I am commanded by his Majesty to transmit to you, and at the same time signify to you his Majesty's pleasure that you do exhort all persons upon whom the execution of the law shall depend, to pay a due attention thereto, and to use their best endeavours for carrying the provisions of it into effect; and I trust that, when his Majesty's deluded subjects in the associated Colonies are better apprized of the fatal consequences of the conduct they have adopted, and see the determined spirit of the nation to maintain its constitutional rights, they will avail themselves of the means which the justice and benevolence of the Supreme Legislature have held out to them, of being restored to the King's grace and peace, and that a happy and lasting reconciliation and union will be effected. And I have the satisfaction to acquaint you that, in order to accelerate this desirable object, the proper steps have

been taken for passing a commission under the great seal, in conformity to the last section but one of that act; and that the Commissioner or Commissioners to be appointed for that purpose, will have full power to inquire into the state and condition of the Colonies, and to confer with proper persons upon such points as may be necessary for effecting a restoration of the publick tranquillity.

"I am, sir, your most obedient, humble servant,

"GEORGE GERMAINE.

"To Robert Eden, Esq., Deputy-Governour of *Maryland*."

"Copy:

"J. PENDLETON,

"C. C. of Safety of *Virginia*."

The Committee maturely considered the fore-mentioned Letters, and, esteeming the information contained in them as highly interesting to *American* freedom,

Unanimously Resolved, That they be sent off by Express to Congress, and that Major *Gist* be requested to permit an officer to carry them.

Major *Gist* being accordingly applied to, ordered Lieutenant *David Plunket* on that service, and directed him to attend the Committee for their orders, who delivered to him the preceding Letters, and one to the Honourable *John Hancock*, Esq., of which the following is a copy, viz:

In Committee, Baltimore, April 14, 1776, 10 o'clock, P. M.

HONOURABLE SIR: The enclosed copies of letters were just now received by our Committee, by express, from the Council of Safety of *Virginia*, with desire that they might be forwarded to you instantly; indeed, they contain matters, we think, of too much importance to have been delayed a moment. In consequence whereof, we have prevailed on our commanding officer here to appoint Mr. *David Plunket*, on whose prudence and industry we can depend, to wait on you with this; and if your honourable body should think it necessary to take any steps, or give any instructions to the Council of Safety, on the occasion, he will wait your commands.

We have the honour to be, with greatest respect, honourable sir, your most obedient servants.

(Signed by all the Members present.)

To the Honourable *John Hancock*, Esq., President of the Congress, *Philadelphia*.

The Committee then resumed the consideration of the Letter from the Council of Safety of *Virginia*, and thereon

Resolved, That Messrs. *John Smith*, *Benjamin Nicholson*, and *John Sterrett*, three of their Members, do wait on the Council of Safety at *Annapolis*, early to-morrow morning, with the packet directed to them, as they think it of too much importance to be trusted by a common express; and that they carry with them the Letters above referred to, in order to lay them before the Council of Safety, lest their packet might not contain the same intelligence; and that they take with them Mr. *Jeremiah Tounley Chase*, one of the Committee, who is now at *Annapolis*.

Attested:

"In Council of Safety, Annapolis, April 17, 1776.

"The Governour has given the Council satisfaction from under his hand, that he will not leave the Province till the meeting of the Convention; and that he will use his endeavours to promote the peace thereof, while he stays.

"A copy: "G. DUVAL, Clerk."

At a special meeting of the Committee on *Thursday* morning, *April 18, 1776*:

Present: Samuel Purviance, Jun., Chairman, Andrew Buchanan, William Buchanan, Benjamin Nicholson, Thomas Harrison, Jeremiah T. Chase, John Smith, John Boyd, James Calhoun, J. Sterrett, George Lux, Secretary.

Lieutenant *Plunket* returned from *Philadelphia*, and brought a Letter from the President of the Continental Congress to this Committee, of which the following is a copy:

"Philadelphia, April 16, 1776.

"GENTLEMEN: I received, and immediately communicated to Congress, your letter of the 14th, with the important papers enclosed. In consequence of which, the Congress has resolved that the person and papers of Governour *Eden* be immediately seized by the Committee of Safety, to whom I write by this opportunity. The person mentioned in the enclosed resolution (Mr. *Alexander Ross*) is represented as a dangerous partisan of Administration, who has lately been with Lord *Dunmore*, and, it is suggested, is on his way to the *Indian* country to execute the execrable designs of our enemies. I make no doubt but you will use your utmost endeavours in seizing and securing him.

"I am, with respect, gentlemen, your most obedient servant,

"JOHN HANCOCK, President.

"P. S. You will please not to make publick mention of the resolution respecting Governour *Eden* until the Committee of Safety have executed it.

"To the Honourable Committee of *Baltimore*."

"In Congress, Philadelphia, April 15, 1776.

"Resolved, That the Council of Safety of *Maryland* be requested to cause the person and papers of *Alexander Ross* to be immediately seized and secured, and that the papers be sent safely to Congress.

"And, to prevent the said *Alexander Ross* from having any opportunity to escape, Resolved, That the like request be made to the Committees of Observation for *Baltimore* and *Frederick* Counties, in *Maryland*, in one of which Counties said *Ross* now probably is.

"Extract from the Minutes:

"CHARLES THOMSON, Secretary.

"In Congress: Ordered to be transmitted to the Committee of *Baltimore*.

"JOHN HANCOCK, President.

"Please to convey a copy to the Committee of *Frederick*."

Agreeable to the intimation contained in the Resolution of Congress respecting Mr. *Alexander Ross* and his papers, Messrs. *Thomas Harrison*, *Benjamin Nicholson*, and *John Smith*, were ordered to inquire for and secure said *Ross's* papers; which they accordingly did, and report that Mr. *Grant* informed them the said papers were deposited in a closet, in his house, which he showed to them, and which these gentlemen then sealed up, without seeing or examining said papers.

A copy of said Resolution was also sent to the Committee of *Frederick* County, by Post.

At a special meeting of the Committee, *April 20, 1776*:

Present: William Lux, Chairman *pro tempore*, William Buchanan, Thomas Harrison, James Calhoun, Benjamin Griffith, John Smith, John Boyd, John Merryman, Jun.

The Committee being informed that certain Instructions were given by Mr. *Samuel Purviance*, as Chairman, to Captain *Samuel Smith*, which did not appear on their Minutes, they sent for Captain *Smith*, and requested him to attend the Committee, with the Instructions he had received.

He accordingly attended, and produced them, and they are as follows:

"April 14, 1776.

"To Captain SAMUEL SMITH:

"SIR: You are requested by the gentlemen of the Committee to proceed in Captain *Nicholson's* tender, with any officer he may send to assist you, and such a number of armed men as may be necessary, and therewith proceed, as speedily as possible, for *Annapolis*. Should you, before you get there, meet the Governour's boat or barge, you must by all means endeavour to board her, and, in case Governour *Eden*, his Secretary, Mr. *Smith*, or Mr. *Alexander Ross*, are found on board, you are by all means to seize their persons and papers, and instantly return with them, under the strictest guard, to *Baltimore*. For doing which you may depend upon being justified and protected by the Committee, and held blameless. In case you should not meet such boat or persons, you will please to proceed immediately to *Annapolis*, and use every precaution to prevent alarm by obliging the men not to appear in numbers on deck, and causing the boat to lie at a distance, while you go on shore with the letter delivered you for the gentlemen of the *Baltimore* Committee who may be at *Annapolis*, whose direction you will please to follow after your arrival there. You will please to take blunderbusses, and any quantity you see necessary of arms, out of Captain *Nicholson's* vessel, which he will readily furnish. Please to consult, in all things, with the officer which Captain *Nicholson* sends with you, and let your measures be kept as secret as possible from the men, at least until it comes to the execution.

"I am, on behalf of the Committee, sir, your humble servant,

"SAMUEL PURVIANCE, Jun., Chairman.

The Committee then inquired of all the Members present whether either of them had concurred in said Instructions, and, on each of their declaration that they had not, they sent for Mr. *Purviance*, and desired he would inform them what number of the Members of the Committee were present when the said Instructions were given, and that he would give his answer in writing.

Mr. *Purviance* accordingly came to the Committee, and verbally declared that he had not consulted any one person of the Committee upon the occasion, but that he had given the said Instructions himself; that he exculpated the Committee from all censure on that account, and that he would give his answer in writing, to that effect, on *Monday* morning.

Attested:

GEORGE LUX, Secretary.

The Committee met on *Monday, April 22, 1776*:

Present: William Lux, Chairman, William Buchanan, Andrew Buchanan, Thomas Harrison, C. Ridgely, (of William,) John Merryman, William Wilkinson, John Moale, John Smith, John Boyd, Isaac Grist, Thomas Gist, Darby Lux, James Calhoun, Walter Tolley, Jun., John E. Howard, George Risteau, James Gittings, J. Sterrett, Abraham Britton, Thomas Sollers, John Cradock, William Aisquith, George Lux, Secretary.

Mr. *Samuel Purviance* appeared, and delivered in his answer in writing, agreeable to his promise of *Saturday*, which, being read, is as follows:

"April 22, 1776.

"GENTLEMEN: Agreeable to my declaration to the Committee at the last meeting, the 20th instant, that I exculpated all the members of the Committee from any concern in the orders which I gave, as Chairman of the Committee, to Captain *Samuel Smith* on the 14th instant, I am now to inform you of the circumstances of that affair, and the reasons on which I ventured to give these orders.

"The despatches received from the Committee of Safety of *Virginia*, with a letter written by General *Lee*, and directed to me as Chairman of this Committee, I considered as sufficient reasons to justify the Committee in using their best endeavours to seize Governour *Eden*, his Secretary, and Mr. *Alexander Ross*, should they or either of them be found attempting to escape from *Annapolis*,—a suspicion founded on the certain knowledge that Mr. *Ross* had gone from this town to *Annapolis* a few days before, and that it

was highly probable he would alarm Governour *Eden* with an account of the Secretary of State's letter to him being seized and taken from him on his way up from Lord *Dunmore*. On considering those papers at my house on *Sunday* evening, it seemed to be the general opinion of the gentlemen there assembled, that if Captain *Nicholson's* tender were here, it would be proper to despatch her with some men to *Annapolis*, to wait the orders of the Council of Safety. On *Monday* morning, I was informed that Captain *James Nicholson* was returned in his tender from *Chester*; on which I sent for him, and communicated to him the purport of the despatches received from the Council of *Virginia*, and General *Lee's* letter, and told him the sentiments of the gentlemen who met at my house the evening before, that it would be proper to send his tender, with an officer and some men, to *Annapolis*, observing to him that if the Governour had made his escape from *Annapolis*, she would be the properest vessel to pursue after him, as she could both row and sail. Captain *Nicholson* agreeing with me in the propriety of the measure, consented to my request to get his boat ready for the purpose, and to send one of his officers in her. As I could not attend the Committee that day, I spoke to most of the gentlemen who had been at my house the evening before, and to General *Buchanan*, and told them I had spoken to Captain *Nicholson* for his tender, which they all approved of. I accordingly applied to Major *Gist*, to whom the despatches from *Virginia* had been shown, and obtained his consent to let Captain *Samuel Smith*, with a few men of his company, go in the tender to *Annapolis*. Captain *Samuel Smith* accordingly met me in the street just at dinner-time, and told me he was ready to go, and waited for orders. I had not thought, before, on the propriety of orders. The Committee was then broke up for dinner, and consequently I had no opportunity of consulting them immediately; and, for the sake of the secrecy which so important a business required, I thought it improper to communicate the matter to any others than the gentlemen who had seen the papers already, of whom three were gone to *Annapolis* to wait on the Council, Mr. *William Buchanan* had rode out of town, and Mr. *William Lux* and Mr. *Harrison*, with whom I had engaged to dine that day, were gone out of town. In these circumstances, I sat down, and, without the concurrence or advice of any person, I wrote very hastily those orders, which I delivered to Major *Gist*, and signed as Chairman of the Committee.

"I do candidly acknowledge to you I had my own doubts whether I was to consider General *Lee's* letter, directed to me as Chairman of the Committee, as a private letter to myself, or as a letter to the Committee; yet the contents of it, together with the despatches received from the Council of *Virginia*, I considered as a sufficient call upon me, and every person well affected to the interests of *America*, to use the best endeavours to seize persons of whom there were such strong reasons to believe their being inimical.

"I hope, gentlemen, the circumstances I have mentioned, which are all strictly true, and the extreme importance of the occasion, will at least palliate my offence in taking what may be deemed by some a very rash step, but which the necessity of the case will justify me in to you and the publick.

"I am, gentlemen, your most humble servant,

"SAMUEL PURVIANCE, JUN.

"To the Committee of Observation for *Baltimore* County."

*Resolved*, That this Committee do highly disapprove of the Chairman's conduct in presuming to act in any matter without their concurrence and approbation, especially in matters that evidently do not come within their jurisdiction; and with regard to the Instructions given to Captain *Samuel Smith*, upon a late pressing occasion, though the necessity of the case may be urged as an apology for them, yet this Committee, always willing to move in the strictest line of their duty, and desirous to preserve due subordination and order in the community, do totally disavow and disapprove of them, knowing that the power necessary in such cases is not vested in the Committee. But, nevertheless, we are fully persuaded that the Chairman, in issuing these orders, was actuated only by that uniform, warm, and zealous attachment to our distressed, and perhaps, betrayed, country, which would otherwise have merited the thanks of every spirited friend of our invaded rights; and we trust this well-

meant excess, in so interesting a crisis, will find a more easy pardon with his vigilant countrymen than if he had been chargeable with a criminal neglect, or with a timidity still more dangerous and blameable.

Lieutenant *William Sterrett* appeared before the Committee, and produced an order from the Council of Safety for taking into his possession the Bags and Portmanteau of Mr. *Alexander Ross*, and convey the same to *Annapolis*, to the Council of Safety.

On which Mr. *Thomas Harrison* and Doctor *John Boyd* were appointed to proceed to Mr. *Grant's*, and examine the seal of the door; who returned, and report that the Papers and Effects were delivered according to order.

Captain *James Nicholson* applied to the Committee for a Vessel to assist him in raising two Vessels at *Whetstone*.

Upon which the Brig *Fortune* was appointed to proceed to *Whetstone*, and ordered to obey Captain *Nicholson's* instructions.

The following citations were produced before the Committee:

"In Council of Safety, *Annapolis*, April 20, 1776.

"*Ordered*, That Mr. *Samuel Purviance*, Jun., Chairman of the Committee of Observation for *Baltimore* County, attend the Council of Safety, at the City of *Annapolis*, on *Monday*, the 22d instant.

"By order:

"G. DUVAL, Clerk.

"In Council of Safety, *Annapolis*, April 20, 1776.

"*Ordered*, That Mr. *William Lux*, Deputy-Chairman of the Committee of Observation for *Baltimore* County, attend the Council of Safety, at the City of *Annapolis*, on *Monday*, the 22d instant.

"By order:

"G. DUVAL, Clerk."

Mr. *Samuel Purviance*, Jun., Chairman, and Mr. *William Lux*, Deputy-Chairman, of this Committee, applied for their advice and instructions therein; and it was judged expedient that they obey the said citations. But the Committee, at the same time, are of opinion that the powers vested in the Council of Safety do not justify the summoning any Member of this Committee to appear before them, unless they have been guilty of, or are chargeable with, "high and dangerous offences tending to disunite the people of this Province in their present opposition, or to destroy the liberties of *America*."

Mr. *George Lux*, Clerk to this Committee, produced also the following citation:

"In Council of Safety, *Annapolis*, April 20, 1776.

"*Ordered*, That Mr. *George Lux*, Clerk of the Committee of Observation for *Baltimore* County, attend the Council of Safety, at the City of *Annapolis*, on *Monday*, the 22d instant, and bring with him the Proceedings of the said Committee in consequence of intercepted Letters from Lord *George Germaine* to *Robert Eden*, Esq., Deputy-Governour of *Maryland*, which were transmitted to them by the honourable the Committee of Safety of *Virginia*; and, also, all Resolves, Orders, Instructions, Requisitions, Letters, Papers, and Writings, relative to, or concerning the same, as Clerk of the said Committee of *Baltimore*.

"By order:

"G. DUVAL, Clerk."

*Resolved*, That he be permitted to take copies of the Proceedings, and repair to the Council of Safety, if he thinks proper.

Attested:

GEORGE LUX, Secretary.

The following Advertisement was ordered to be published:

"BY THE COUNCIL OF SAFETY.

"All persons who are desirous to contract for supplying the Troops raised in this Province with the Rations allowed by the late Convention, are requested to attend the Council of Safety, at the City of *Annapolis*, on the 15th day of *February* next, and deliver in their proposals, which will be duly attended to. A ration, as settled by the Convention, to consist," &c.

*Ordered*, That one hundred handbills of the same be immediately printed.

Mr. *Purviance* attended the Council, and reported that, according to the requisition of yesterday, the Committee had appointed persons for the purposes therein mentioned.

Instructions and Sailing Orders were given to Captain *John Martin*, of the Brig *Friendship*.

Mr. *William Lux* was requested to purchase up, for the use of the Troops in this Province, all the coarse Cloths in *Baltimore Town*; also, Blankets and Plush for Breeches; and make report of the quantity and price to the Council of Safety, with all convenient speed.

Mr. *Lux* delivers to the Council the following propositions:

"The Pilot-Boat *Chatham* is bound for *Statia*, with money to purchase goods, to the amount of three thousand Pounds, or more, to the consignment of Mr. *Thomas Russell*, who goes out in her. The boat is valued at three hundred Pounds; and each shipper is to pay in proportion to the amount of his property in case she is lost. Mr. *Russell* will take one hundred barrels light Flour, on account of the Province, at six Shillings per barrel, and they to pay their proportion of the value of the vessel in case of loss.

"LUX & BOWLY."

Which was read and agreed to.

Instructions were accordingly given to Captain *Thomas Russell*.

Mr. *George Matthews*, Cannon Founder, in the neighbourhood of *Baltimore Town*, being requested to attend the Council of Safety, and give what information he could with regard to casting of Cannon, and the Cannon now in that place, informed that there were two twelve-pounders, six nine-pounders, six six-pounders, eight three-pounders, and two field-pieces—three-pounders; which, in his judgment and opinion, might be of some service, but not to be depended upon till they were bored again; that they had been unused a long time, and were scaly withinside of the guns; that there were seven or eight of the *Annapolis* guns left by Captain *Stone*, four-pounders, all good except one, which had lost a trunnion; might be made serviceable by having trunnions fixed on the outside with an iron hoop.

Mr. *Matthews* was also asked on what terms he would contract for founding cannon; thereupon expressed his opinion that, in his situation as a factor, he could not incur the expense necessary to be laid out in founding cannon and boring the same, unless he had a moral certainty that his owners should be no losers by undertaking the business.

That the wheel for boring cannon, and other apparatus, were expensive, and a work that would require some time before it could be brought to perfection, and that he did not think he could furnish forty eighteen-pounders in less than four months from this time. That he was going to *Philadelphia*, at the request of Mr. *Alexander*, in expectation of hearing proposals from Congress on the subject of founding cannon, and should be better able to judge whether it would be worth while to undertake the business, and would expect to hear from us on his return.

Council adjourned till to-morrow morning, ten o'clock.

Wednesday, January 31, 1776.

Council met. Present the same Members as yesterday.

Baltimore Town, January 31, 1776.

SIR: We are desirous of knowing what number of muskets are in the hands of the Militia of your brigade, either belonging to the publick or to individuals. We request you will furnish us with an account of them as soon as you conveniently can, distinguishing to what companies they respectively belong, and those which are good and serviceable from what are unfit for use; and that you recommend to and earnestly admonish those of your Militia whose guns are out of repair, and whose circumstances will admit of it, to have them immediately put into good order; but that if the owners of any such guns cannot, from their poverty, repair them, and they are only defective in the locks, that you have the same repaired and rendered fit for use at the publick expense. Writing immediately to the Colonels and other inferior officers we recommend as the best method of gaining information in the above particulars.

We are, very respectfully, sir, your most obedient servants. (Signed by the Council.)

A conference was had with Mr. *Alcock* and Mr. *Massembaugh*, on the subject of Fortifications.

The Council called on Messrs. *Kecner*, *Messersmith*, and *Reddrick*, to know what quantity of Muskets they had made for the use of this Province in consequence of their contracts with Mr. *Alexander*.

Mr. *Keener* reported that he had made thirty; Mr. *Messersmith* that he had made twenty-seven, and repaired fifty-eight for the Ship *Defence*; Mr. *Reddrick* that he had made seventy.

*Ordered*, That Major *Gist* and Captain *Ewing*, or either of them, be requested to employ a skilful person to prove the said Muskets, or any others that may be hereafter made by the said *Keener*, *Messersmith*, and *Reddrick*, or either of them, under their aforesaid contracts; and that the said Major *Gist* and Captain *Ewing*, or either of them, be empowered to draw on the Committee of Observation for *Baltimore County* for Powder sufficient for that purpose.

"Messrs. *Lux & Bowly* have agreed with the Council of Safety to take one hundred barrels of flour on board the Pilot-boat *Chatham*, on account and risk of this Province. You are therefore not to stop her intended voyage by reason of that quantity of provisions being laden on board said vessel."

*Ordered*, That the Committees of Observation for *Frederick* County be requested to collect all the publick Arms in their respective Districts; and where any of them have been delivered into the hands of individuals out of repair, and have been put into good order and made fit for service by them at their own expense, that the said Committees respectively transmit an account of the same to the Council of Safety, with the necessary expenses incurred, that such individuals may be reimbursed out of the publick Treasury, unless otherwise agreed at the time of such delivery; also to attend particularly to those Arms which are still out of repair, and to have them put into good order as soon as possible; and, as early as they conveniently can, to furnish the Council with a state of the whole.

*Ordered*, That copies of the above Order be sent to the Committees of Observation for the several Districts of *Frederick* County respectively.

*Resolved*, That the Rations for the Marines in the service of this Province be according as is expressed in the following table, to wit:

The Proceedings of the Committee of Observation for the Middle District of *Frederick County* against *Robert Gassaway*, together with the charge against said *Robert Gassaway*, were laid before the Council, and read, in the following words, to wit:

"At a meeting of the Committee of Observation for the Middle District of *Frederick County*, on *April 1, 1776*:

"Mr. *Robert Gassaway*, according to order, being brought before the Committee, in custody of Captain *Philip Smith*, the charge exhibited against him (a copy whereof is herewith sent) was read; and he was informed by the Chairman that the Committee would hear anything he had to say in negation or mitigation of said offence. The said Mr. *Robert Gassaway* acknowledged the allegations to be substantially true, and offered nothing in mitigation of the charge.

"The Committee then taking into consideration the charge exhibited and proved against Mr. *Robert Gassaway*, by his own confession, and being of opinion that his offence is of a high and dangerous nature, and that his behaviour tended, as far as his influence would extend, to disunite the inhabitants of this Province in their present opposition,

"Resolved, That the said *Robert Gassaway* be immediately sent to the Council of Safety, at *Annapolis*, under a guard

of four men; and that Captain *Philip Smith*, and three men to be procured by him, be a guard for that purpose.

"Per order, JOHN HANSON, JR., Chairman."

The following is the charge exhibited against him:

"On the 26th day of *February*, one thousand seven hundred and seventy-six, at a meeting of Captain *Valentine Creagar* and *Philip Smith's* Companies of Militia, the said *Robert Gassaway*, when at exercise as a private man, in Captain *Smith's* Company, stepped out of his rank, and publicly and loudly declared, before the aforesaid two companies, and in the presence of several other spectators, that it was better for the poor people to lay down their arms, and pay the duties and taxes laid upon them by the King and Parliament, than to be brought into slavery, and to be commanded and ordered about as they were. He was asked who he meant had brought the people into slavery. He said it was a parcel of great men; that at first they destroyed the tea at *Boston*, and then, knowing they had done wrong, did not know what they should do to save themselves; therefore ordered all *America* to be brought under arms, and say, Now, my brave boys, fight away, (clapping his hands to his neck,) for fear their necks would be stretched; that this was only done to save themselves, when they had done wrong, and were in fear of suffering for it.

"Mr. *Gassaway* was told that this was only his own opinion, and that he had better keep it to himself. He (*Gassaway*) said he was satisfied he was right; and further said, the best way was for the people to lay down their arms and petition the Congress to petition the King and Parliament; and if the Congress would not do it, then the people ought to petition the King and Parliament themselves, letting them know that they had laid down their arms; that this was the best method of having a reconciliation; and further said, he wished the eyes of the multitude were opened. That Mr. *Gassaway* had been told of this misbehaviour some time afterwards, and been advised to retract and make proper concessions; that he then repeated his opinion, and declared he was right."

*Robert Gassaway*, being brought before the Council of Safety, and having satisfied them that he had signed the Association, and had duly enrolled himself in a Company of Militia in *Frederick County*; and at the same time having acknowledged that he had greatly misconducted himself, and was sorry that it should be thought he would do anything to disunite the people of this Province, and having promised that he would be very careful of his words and actions for the future,

It is therefore *Resolved*, That he acknowledge that he was guilty of an offence that might have been of dangerous consequences, and ask pardon at the head of Captain *Smith's* Company; and upon payment of all expenses attending the guard, and otherwise complying with the above Resolve, that he be discharged from custody.\*

The gentlemen reported, that they waited on his Excellency accordingly, and desired a sight of the letter; to which he answered, that he had sent away the copy of that letter, with all his papers of consequence, last fall, and could not remember the particulars; but observed, we might be convinced there was nothing of a nature unfriendly to the peace of this Province, because the troops going southward were not ordered here. He asserted, also, upon his honour, that he had not endeavoured to influence the Ministry, by traducing the characters of individuals; some he had spoken well of, others he had recommended as sufferers. The gentlemen of Congress he had spoken of as acting in the line of moderation.

That they then informed his Excellency they were instructed to ask his parole that he would not leave the Province till the meeting of the Convention. The Governour complained of being unjustly suspected, gave them his letters from *William Eden*, Esquire, his brother, one of the Under Secretaries of State; also, from Lord *Dartmouth*; copies of which he gave leave to take, (and are inserted in the letter-book;) and desired time till the next day, twelve o'clock, to give his definitive answer.

"You will please to take blunderbusses, and any quantity you see necessary of arms, out of Captain *Nicholson's* vessel, which he will readily furnish. Please to consult in every-

thing with the officer which Captain *Nicholson* sends with you, and let your measures be kept as secret as possible from the men, at least till it comes to the execution.

"Your Committee do report, that they have examined the papers laid before the Convention, from which it appears to your Committee that the charge arising from the said papers falls under the following heads:

"*First*. That the said *Samuel Purviance*, since the rising of the last Convention, hath usurped a power to direct the operations of the military force of this Province, (at a time when the Council of Safety, to whom the same solely and properly belongs in the recess of Convention, was sitting, and might, without inconvenience, have been applied to,) as appears by his letter of instructions to Captain *Samuel Smith*, of Colonel *Smallwood's* Battalion, bearing date the 14th day of *April* last, a copy of which, attested by the Clerk of the Council of Safety, your Committee refer to.

"*Thirdly*, That the said *Samuel Purviance*, by writing and speaking, and particularly by a letter by him written to the President of the Congress, some time about the middle of *April* last, hath unjustly represented the Convention and Council of Safety as irresolute and afraid to execute the trusts reposed in them, and endeavoured to draw a suspicion upon them of a want of spirit and zeal in the execution of their duty.

"All which is humbly submitted to the consideration of the honourable Convention.

"By order:

"R. RIDGELY, Clerk Com."

On consideration whereof,

*Resolved*, That *Thursday* next be appointed for the appearance of *Samuel Purviance*, Jun., to answer the charge exhibited against him; but if it should appear, by affidavit, that Mr. *John Smith* (whose testimony Mr. *Purviance* alleges is material to him) cannot be had here on that day, then the Convention do order that Mr. *Purviance* shall appear as aforesaid on the *Saturday* following, at nine o'clock.

Whereas it is necessary that the peace and good order of the Province should be maintained as much as possible; and it appearing to this Convention that sundry Officers, appointed for that purpose, have refused to take upon them the respective trusts to which they have been appointed, alleging scruples to take the usual Oaths to the Government, during the unhappy differences with *Great Britain*:

*Resolved*, That the said Oaths be dispensed with during the said differences; and that the persons already appointed, or who may hereafter be appointed, do qualify themselves for their trusts by taking the respective Oaths of office to which they are or may be appointed; and all persons concerned, either in administering or taking the said Oath of office, independent of the said Oaths to the Government, may rest assured that proper care shall be taken, upon the settlement of those differences, (an event we most ardently wish for,) to indemnify them against any penalties directed by any laws to be inflicted on persons acting as aforesaid without having first taken said Oaths.

The Convention, agreeable to the Order of the Day, took into their consideration the charges reported against *Samuel Purviance*, Jun., of *Baltimore* Town, and on hearing Mr. *Purviance*, and the several witnesses by him produced,

*Resolved*, That the said *Samuel Purviance*, since the rising of the last Convention, hath usurped a power to direct the operations of the military force of this Province, at a time when the Council of Safety (to whom the same solely and properly belongs, in the recess of Convention) was sitting, and might, without inconvenience, have been applied to.

That the said *Samuel Purviance*, being (at the time of his writing the said Letter and giving the said Instructions) Chairman of the Committee of *Baltimore* County, did write the said Letter and give the said Instructions under colour of his said office of Chairman, and as if at the request of the said Committee; whereas the said Committee were not consulted thereon nor made acquainted therewith.

That the said *Samuel Purviance*, by writing and speaking, and particularly by a Letter by him written to the President of the Congress, some time about the middle of *April* last, hath unjustly represented the Convention and Council of Safety as irresolute and afraid to execute the trusts reposed in them, and endeavoured to draw a suspicion upon them of a want of spirit and zeal in the execution of their duty.

The Order of the Day, for taking into consideration the late intercepted Letters to Governour *Eden*, the Proceedings of the Continental Congress, and of the Council of Safety of this Province thereupon, being read,

*Ordered*, That the same be referred for further consideration till *Monday* next.

The President laid before the Convention a Letter from the Deputies of this Province in Congress, enclosing the following Resolution, to wit:

"IN CONGRESS, May 15, 1776.—Whereas his *Britannick* Majesty, in conjunction with the Lords and Commons of *Great Britain*, has, by a late Act of Parliament, excluded the inhabitants of these United Colonies from the protection of his Crown: And whereas no answer whatever to the humble Petitions of the Colonies for redress of grievances and reconciliation with *Great Britain*, has been, or is likely to be given, but the whole force of that Kingdom, aided by foreign mercenaries, is to be exerted for the destruction of the good People of these Colonies: And whereas it appears absolutely irreconcilable to reason and good conscience for the People of these Colonies now to take the oaths and affirmations necessary for the support of any government under the Crown of *Great Britain*; and it is necessary that the exercise of every kind of authority under the said Crown should be totally suppressed, and all the powers of Government exerted under the authority of the People of the Colonies, for the preservation of internal peace, virtue, and good order, as well as for the defence of their lives, liberties, and properties, against the hostile invasions and cruel depredations of their enemies:

"Therefore *Resolved*, That it be recommended to the respective Assemblies and Conventions of the United Colonies, where no Government sufficient to the exigencies of their affairs has been hitherto established, to adopt such Government as shall, in the opinion of the Representatives of the People, best conduce to the happiness and safety of their constituents in particular, and *America* in general.

"Extract from the Minutes:

"CHARLES THOMSON, *Secretary*."

Which was read; and thereupon

*Resolved*, That a Committee be appointed to take the same into consideration, and report thereon.

Mr. *T. Johnson* brings in and delivers to Mr. President a Report from the Committee appointed to consider of the Resolution of Congress of the 15th instant, and report thereon; which was read, and ordered to lie on the table.

And the said Council of Safety, for the time being, be also empowered to appoint proper persons, (not less than three,) who, on oath, shall ascertain and return the difference of value, if any, of the same Vessels, occasioned by the sinking thereof. And that the said Council of Safety pay the expenses of raising the said Vessels, and putting them in order as aforesaid, out of the publick money, as well as any actual expenses incurred by the owners for wages and maintenance of the crews of the said Vessels, and a reasonable monthly allowance for the time the Vessels have been and shall be out of the possession and power of their owners.

The Order of the Day, for taking into consideration the late intercepted Letters to Governour *Eden*, the Proceedings of the Continental Congress, and the Council of Safety of this Province thereupon, being read,

Tuesday, May 21, 1776.

Convention met. All Members present as on yesterday. The Proceedings of yesterday were read.

Mr. *Tyler* appeared in the House.

*Ordered*, That the Treasurer of the *Western-Shore* pay to Captain *William Henry* five hundred and forty-four Pounds fifteen Shillings and six Pence, to discharge the pay and subsistence of his Minute Company.

The Convention took into their consideration the Report from the Committee appointed to report on the Resolution of Congress of the 15th instant, and thereupon came to the following Resolutions:

*Resolved, unanimously*, That the People of this Province

have the sole and exclusive right of regulating the internal Government and Police of this Province.

*Resolved, unanimously,* That it is the opinion of this Convention that this Convention hath ample power to draw the whole force of this Province into action, against the armed force that is or may be employed to carry into execution the several unconstitutional and oppressive Acts of the *British* Parliament for laying Taxes in *America*, to enforce the collection of those Taxes, and for altering and changing the Constitution and internal Police of some of the United Colonies.

*Resolved, unanimously,* That this Province hath hitherto exerted itself, and will, upon all occasions, continue to exert itself, with cheerfulness and alacrity, in the common cause, agreeable to the faith pledged in the union of the Colonies: and if it shall appear to this Province necessary to enter into a further compact with the other Colonies, for the preservation of the constitutional rights of *America*, this Province will enter into such further engagement for that purpose.

*Resolved, unanimously,* That this Convention, by a resolution of the 15th day of this instant, hath made sufficient provision to prevent a necessity for any person within this Province now taking the oaths for the support of Government under the Crown of *Great Britain*, and that it is the opinion of this Convention that it is not necessary that the exercise of every kind of authority under the said Crown should be now totally suppressed in this Province, and all the powers of Government exerted under the authority of the People.

*Resolved,* That the Honourable *Matthew Tilghman, Esq.,* and *Thomas Johnson, Jun., Robert Alexander, Samuel Chase, Robert Goldsborough, William Paca, Thomas Stone,* and *John Rogers,* Esquires, Deputies, now re-elected by ballot to represent this Province in Congress, be, and they or any three or more of them are, empowered to represent this Province in Congress until the end of the next session of Convention, as fully as they might, until the end of this session of Convention, have done the same under their former appointment.

*Resolved, unanimously,* That as this Convention is firmly persuaded that a reunion with *Great Britain* on constitutional principles would most effectually secure the rights and liberties, and increase the strength and promote the happiness of the whole Empire—objects which this Province hath ever had in view—the said Deputies are bound and directed to govern themselves by the Instructions given to them by this Convention, in its session of *December* last, in the same manner as if the said Instructions were particularly repeated.

Agreeable to the Order of the Day, the Convention proceeded to take into consideration the Petition of Lieutenant *Uriah Forrest*, preferred on behalf of himself and Lieutenants *William Sprigg Bowie* and *Benjamin Brooks*, setting forth that, from the conduct of their Captain, *John Gunby*, of the Second Independent Company, of regular troops, they had cause to suspect his zeal for the rights and liberties of *America*, and praying to be removed from said Company. And on hearing and considering the proofs and allegations offered, as well by the Petitioners as the said *John Gunby*,

*Resolved,* That it is the opinion of this Convention that the said Captain *John Gunby*, far from having given any just cause to suspect his zeal for the rights and liberties of *America*, hath, by his conduct, manifested a laudable zeal in defence of the rights and liberties of *America* in general, and this Province in particular.

*Resolved therefore,* That the said Petition be rejected.

Mr. *Bond* has leave of absence for a few days.

The Order of the Day for taking into consideration the late intercepted Letters to Governour *Eden*, the Proceedings of the Continental Congress, and of the Council of Safety of this Province, being read,

Wednesday, May 22, 1776.

Convention met. All Members present as on yesterday, except Mr. *Potter*. The Proceedings of yesterday were read.

The Committee for that purpose appointed, bring in and deliver to Mr. President, a Report on the proposals of *Henry Hollingsworth* to manufacture Gun-barrels; also a Report on the terms offered by *Elisha Winters*, of *Chestertown*, in *Kent* County, to manufacture Fire-Arms; which were severally read, and ordered to lie on the table.

The Proceedings of the Committee of *Baltimore* County, on the conduct of *Alexander McGee*; a Petition from *Joseph Renshaw*, of *Baltimore* County; and a Petition from the Freeholders and Associators of *Sassafras-Neck*, *Cecil* County, were severally read, and ordered to lie on the table.

The Convention, taking into consideration the Resolutions of *Saturday* last, on the charge against *Samuel Purviance, Jun.,* of *Baltimore* Town,

*Resolved,* That *Samuel Purviance, Jun.,* be called before this Convention, and be informed by Mr. President of the Resolutions had on *Saturday* last on the articles of charge against him; and further, that this Convention highly disapprove and condemn his conduct in usurping the power to direct the operations of the military force of this Province, and in using his character of Chairman, and engaging the countenance and promising the protection and indemnity of the Committee, without the orders of the Committee, assembled as such. That it appears to this Convention that the said *Samuel Purviance*, in his usurpation of the power to direct the military force of this Province, was considerably influenced by a person not residing in this Province, nor having any interest or property therein, and that it would be of the most dangerous tendency to the peace of this Province, and to the safety and security of the good people thereof, to suffer any person or persons, other than those entrusted with the proper authority by this Province, and more especially such as do not reside nor have any interest therein, to interfere in the direction of the internal affairs, civil or military, of said Province. That this Convention hath no intention or desire to prevent any person from freely examining into the conduct of the Convention, or any other publick body within this Province, or into the conduct of any individuals thereof, or to exercise his judgment, or to communicate his sentiments as to the abilities or fitness of any man to fill the office to which he is appointed. That it is necessary, for the purpose of filling the places of highest trust with the best and most approved characters in the community, and for the preservation of publick liberty, that there should be such free investigations. But that it is equally necessary for maintaining order, that the publick bodies should not be wantonly and licentiously traduced by misrepresentations of them and their conduct, to those especially who stand high in the present system of authority or command in *America*. That if the representations of the said *Samuel Purviance* concerning the Convention and Council of Safety to the President of the Congress and General *Lee* were true, such representations could not be serviceable to the publick, because neither the President of the Congress nor General *Lee* could displace, nor could properly have any influence towards displacing any individual of either of those bodies, however unequal he might be to his publick station; but that such representations being indeed false, the calumny might have proved highly prejudicial to the cause of *America* in general, and to this Province in particular.

That this Convention are therefore of opinion, that justice would well warrant a more exemplary punishment to be inflicted on the said *Samuel Purviance* for his said misdoings; but that, in consideration of his active zeal in the common cause, and in expectation that he will hereafter conduct himself with more respect to the publick bodies necessarily entrusted with power, mediately or immediately, by the people of this Province, and will be more attentive to propriety, this Convention hath resolved that the said *Samuel Purviance* for his said conduct be censured and reprimanded, and that Mr. President do from the chair censure and reprimand him accordingly, and that he be thereupon discharged.

And thereupon the said *Samuel Purviance, Jun.,* being

called in, and being at the bar of this House, Mr. President communicated to him the resolve of Convention, and did censure and reprimand him accordingly.

On motion, *Resolved*, That a Committee be appointed to view and value the Linen manufactured and transmitted to the Council of Safety by *Edward Parker*, of *Cecil County*, in pursuance of his engagement with the Convention, at their session in *December* last.

And *Mr. Hooe*, *Mr. Gilpin*, *Mr. Ewing*, *Mr. Chamberlaine*, and *Mr. Contee*, were elected by ballot a Committee for that purpose.

Adjourned till three o'clock.

*Post Meridiem.* Met according to adjournment.

On reading a second time the Proceedings of the Committee of Observation for *Prince George's County*, relative to the *Rev. Mr. John Eversfield*,

*Resolved*, That in consideration of the age and infirmities of the said *John Eversfield*, and his want of abilities to exert any dangerous influence, that he be discharged on paying the expenses of his confinement.

*Mr. T. Johnson* brings in and delivers to Mr. President, a Report from the Committee appointed to consider of and report proper alterations or additions to the Resolutions of Convention, for encouraging the making of Marine Salt; which was read a first and second time, and thereupon the Convention, taking the same into consideration,

*Resolved*, That a publick Salt Work be erected on or near the Bay, near the mouth of *Potomack*, and another on the Sea-board of this Province; and that the said works be carried on on the publick account, under the management and direction of such persons as shall be appointed by the Council of Safety for the time being; and that any sum of publick money, not exceeding the sum of five hundred Pounds, may, by order of the said Council of Safety, be expended in erecting and carrying on each of the said works. And that for encouraging private people to set up and carry on Salt Works, the Council of Safety, for the time being, may, on proper security, and such terms as they approve of, advance of the publick money any sum or sums not exceeding five hundred Pounds, for erecting and carrying on each of two or more Salt Works in this Province; so that such advances for the encouragement of private Salt Works exceed not in the whole fifteen hundred Pounds, common money; and that no publick money be advanced for erecting and carrying on Salt Works under the resolution of Convention held at *Annapolis*, the 26th day of *July* last.

On reading a second time the Report from the Committee appointed to consider the proposals of *Henry Hollingsworth*, the Convention took the same into consideration; and thereupon

*Resolved*, That the sum of five hundred Pounds be advanced to the said *Henry Hollingsworth*, out of the publick Treasury, he giving bond in double that sum, conditioned for the payment of the sum so advanced in good substantial Gun-barrels, that will stand the usual proof, well bored and ground, three-fourths of an inch in the bore, and three and a half feet in the barrel, at twenty Shillings per barrel; and good, substantial, well manufactured, and finished steel bayonets, at eight Shillings per bayonet, in four months after the date thereof; and upon completing the said or any subsequent contract for the like purpose, a sum not exceeding five hundred Pounds, on the like condition, be advanced by the Convention or Council of Safety, so long and as often as they shall think the publick exigency will require it.

*Resolved*, That as a laudable desire to attain a competent knowledge in the art of making Saltpetre, and to diffuse this knowledge as extensively as possible, appears to this Convention to have been the motive that induced the said *Henry Hollingsworth* to incur the expense of thirty Pounds, in employing a certain *John Mingle*, a man of reputed skill in the said business, and he being further encouraged thereto by the advice and concurrence of some of the Members of this House, that the said expense be allowed in his

general account as Supervisor of the Saltpetre Work in *Cecil County*.

The Convention took into their consideration a Report from the said Committee, on the terms offered by *Elisha Winters*, of *Chestertown*, in *Kent County*, and came to the following Resolutions thereon, to wit:

*Resolved*, That the sum of eight hundred and fifty-five Pounds, common money, be advanced to the said *Elisha Winters*, out of the publick Treasury, he giving bond in double that sum, with sufficient security, conditioned for the delivery of six hundred stand of Muskets, three-fourths of an inch in the bore and three and a half feet in the barrel; to be well stocked with walnut, and well finished with strong, substantial double-bridled locks, strong brass mounting, substantial steel bayonets and ramrods, and swivels for slings, agreeable to a sample this day produced to the Convention, at the rate of four Pounds five Shillings, common money, for each Musket so finished; the said Muskets and accoutrements to be delivered to the order of the Convention, or the Council of Safety of this Province, for the time being, in the following proportions, to wit: Forty per month for the first three months from the date of the contract, and the residue in nine months thereafter, in proportions of not less than fifty per month; the said *Elisha Winters* to be furnished in due time, by order of the Convention or Council of Safety for the time being, with barrels and bayonets, of the dimensions and quality as aforesaid, at the head of *Elk River*, in *Cecil County*, at the rate of twenty Shillings, common money, each, for the barrels, and eight Shillings, like money, each, for the bayonets. That a further sum of four hundred and twenty-seven Pounds ten Shillings, like money, be advanced him, upon the delivery of three hundred of the said Muskets and accoutrements as aforesaid; and upon the delivery of the residue, as aforesaid, that the further sum of four hundred and twenty-seven Pounds ten Shillings be paid him as the balance of the amount of the said six hundred Muskets and accoutrements, at four Pounds five Shillings, common money, deducting the cost of the barrels and bayonets as aforesaid.

On motion, *Resolved*, That all persons employed in the manufacturing or repairing of Arms for the publick, or in repairing Arms for the use of the Militia, by order or appointment of any Field-Officer of the Militia, and all persons who are personally employed in erecting or working of Powder-Mills, or in working in any publick Saltpetre or Marine Salt Works, carried on for the use and on account of the publick, shall, during the time they are actually so employed, within one year next following, be exempt from attending on musters.

*Resolved*, That no Muskets or Rifles, except by the owner thereof on his removal to reside out of this Province, or any Gun-barrels, Gun-locks, or Bayonets, be carried out of this Province, without the leave of the Council of Safety for the time being.

On reading a second time the Petition of *Charles Landsdale*, of *Prince George's County*,

*Ordered*, That the same be referred to the Committee appointed to examine the several claims on the Treasury.

A Memorial from *Henry Ridgely*, of *Elkridge*, in *Anne Arundel County*; a Memorial from *Stephen Gartrill*, of said *County*; and a Petition from *Isaac McHard*, of the City of *Annapolis*, were severally read, and ordered to lie on the table.

The Committee for that purpose appointed bring in and deliver to Mr. President the following Report, to wit:

The Committee appointed to view and value the Linen manufactured and sent to the Council of Safety by *Edward Parker*, of *Cecil County*, do report, that seven pieces of Linen, delivered in to the Commissary of Stores, containing two hundred and eighty-one and a half yards, are of the value of three Shillings and six Pence currency per yard; and that one piece, containing twenty-one yards, is of the value of two Shillings and three Pence currency per yard.

All which is submitted to the honourable Convention.

N. HARWOOD, Clerk.

Which was read and agreed to.

Friday, May 24, 1776.

Agreeable to the Order of the Day, the Convention resolved itself into a Committee of the Whole, to consider of the late intercepted Letters to Governour *Eden*, the Proceedings of the Continental Congress, and of the Council of Safety of this Province thereupon; Mr. *Plater* in the chair. After some time spent therein, Mr. President resumed the chair, and Mr. *Plater* reported from the Committee several Resolutions, which were read, and agreed to, and thereupon,

*Resolved*, That it is the opinion of this Convention, that the Council of Safety of this Province, upon the subject of the late intercepted Letters to Governour *Eden*, duly and properly exercised the powers delegated to them.

*Resolved*, That it is the opinion of this Convention, that upon the evidence before them of the correspondence which his Excellency Governour *Eden* has, from time to time, held with Administration, it does not appear that such correspondence has been with an unfriendly intent, or calculated to countenance any hostile measures against *America*.

Whereas, by a late intercepted Letter from Lord *George Germaine*, one of the Secretaries of State, to his Excellency the Governour, it appears that a great armament of land and sea forces was in readiness to proceed to the southward, in his Lordship's expressions, "in order to attempt the restoration of legal Government in that part of *America*," but in effect to invade and subdue the Southern Colonies; which

armament was to proceed in the first place to *North-Carolina*, and from thence either to *South-Carolina* or *Virginia*, as circumstances of greater or less advantage should point out; if to the latter it might have very important consequences to this Province; and therefore in the said Letter his Excellency is called on well to consider of every means by which he may, in conjunction with Lord *Dunmore*, give facility and assistance to the operations of the said armament: And whereas, the Governour must, if he remains in the exercise of the powers of Government, fulfil and execute the instructions of Administration, or hazard the displeasure of the King, which it cannot be expected he will do: And whereas, by Act of Assembly of this Province, the powers of Government, in the absence of the Governour, devolve upon the President of the Council, and therefore the Governour's departure cannot occasion a dissolution or suspension of the present established form of Government within this Province, which this Convention doth not think ought now to be changed:

Therefore *Resolved*, That it be signified to the Governour, that the publick quiet and safety, in the judgment of this Convention, require that he leave this Province, and that he is at full liberty to depart peaceably with his effects.

Upon the last Resolve, the yeas and nays being required, they were as follow:

*Resolved*, That a Committee of five persons be appointed to wait on the Governour, and deliver him copies of the said Resolutions, together with the following Address, to wit:

To His Excellency ROBERT EDEN, Esquire, Governour of MARYLAND.

May it please your Excellency:

We are commanded by the Convention to wait upon your Excellency, and to communicate to you the resolutions they have this day entered into; and we are instructed to assure your Excellency that the Convention entertains a favourable sense of your conduct relative to the affairs of *America*, since the unhappy differences have subsisted between *Great Britain* and the United Colonies, as far as the same hath come to their knowledge, and of their real wishes for your return to resume the Government of this Province, whenever we shall happily be restored to peace and that connection

with *Great Britain* the interruption and suspension of which have filled the mind of every good man with the deepest regret. From the disposition your Excellency hath manifested to promote the real interests of both countries, the Convention is induced to entertain the warmest hopes and expectations that, upon your arrival in *England*, you will represent the temper and principles of the people of *Maryland* with the same candour you have hitherto shown, and that you will exert your endeavours to promote a reconciliation upon terms that may be secure and honourable both to *Great Britain* and *America*.

Mr. President, Mr. *Paca*, Mr. *T. Johnson*, Mr. *Plater*, and Mr. *Hollyday*, were elected by ballot a Committee accordingly.

On reading a second time the Report from the Committee appointed to examine into the expenditure of the money placed in the hands of Mr. *William Lux*, as agent for the Ship Defence,

*Resolved*, That the same be referred for consideration till the next session of Convention.

Adjourned till three o'clock.

*Post Meridiem.* Met according to adjournment.

Mr. *Harrison* has leave of absence.

It being represented to this Convention that an appeal lately depending in the High Court of Appeals, between *Pellett* and others, appellants, and *Robert Long's* lessee, appellee, is lately dismissed, because the same could not longer continue, in the absence of the appellants' counsel, who was necessarily attending the publick business as a Representative in Convention; and because it is fit and proper that equal justice should be done all in any general provision that may be made to aid the proceedings in Courts, and prevent the loss of suits which have continued, or may continue, from the present disturbed state of affairs, longer than the law allows;

It is therefore *Resolved*, That no execution issue on the original judgment from which the said appeal was granted, or on the said dismissal, until the general state of the suits depending in the Courts shall be considered, and remedy provided or refused to be provided to prevent their discontinuance or dismissal because of their too long continuance; and that if any execution hath issued or should issue contrary hereto, the same be not served.

On motion, *Resolved*, That a Committee be appointed to prepare a Passport for his Excellency Governour *Eden*, and to draft a Letter to the Committee of Safety of *Virginia*.

And Mr. *Paca*, Mr. *T. Johnson*, and Mr. *Hollyday*, were elected, by ballot, a Committee for that purpose.

Mr. *Paca* brings in and delivers to Mr. President a Report from the Committee appointed to devise a proper establishment of a Court of Admiralty, for the trial of such Captures and Seizures as may be made pursuant to the late resolves of the Continental Congress on that subject, and brought into any Port or District within this Province; which was read, and ordered to lie on the table.

A Memorial from Captain *George Stricker* was read, and ordered to lie on the table.

Mr. *Turbutt Wright* has leave of absence.

The Convention took into their consideration the Report from the Committee appointed to devise a proper establishment for a Court of Admiralty, for the trial of such Captures and Seizures as are or may be made pursuant to the late resolves of the Continental Congress on that subject, and brought into any Port or District within this Province, and thereupon came to the following Resolutions, to wit:

*Resolved*, That a Court of Admiralty be established for the trial of such captures and seizures, with full power to take cognizance of all libels on account of such captures and seizures, and to proceed to a final determination and decree thereupon; which Court shall consist of a Judge to hear and determine, a Register to record the proceedings, and a Marshal to call the said Court and execute the several processes thereof; the said Judge to be nominated and commissioned by the Convention, or, in the recess thereof, to be nominated and commissioned by the Council of Safety for the time being; and the said Register and Marshal to be nominated and appointed by the Judge of the said Court. The commission of the said Judge, and the nomination and appointment of the said Register and Marshal, to be during the will and pleasure of the Convention for the time being. The process and form of proceeding to be as usual in the Courts of Admiralty; but if either libellant or defendant, on any controverted material fact between them, demand a trial of the said fact by a jury, in such case shall order and direct the Marshal to summon, out of the neighbourhood where the Court is held, a jury of freeholders, to find and say the truth of the said fact on oath; and upon the verdict of the said jury, shall pronounce his decree accordingly; the final determination and decree of the said Judge to be subject to such appeal, and in such manner, as recommended in the resolutions aforesaid of the Congress. The fees for proceedings in this Court to be the same with the fees heretofore allowed the Court of Admiralty by an act passed in 1763, entitled "An act for amending the staple of Tobacco, &c.;" the said fees to be paid in money at the rate of twelve shillings and

six pence, common money, per hundred; and the allowances to juries and witnesses to be the same as heretofore made to juries and witnesses in the common-law County Courts of this Province. Whereas his *Britannick* Majesty King *George* has prosecuted, and still prosecutes, a cruel and unjust war against the *British* Colonies in *America*, and has acceded to acts of Parliament, declaring the People of the said Colonies in actual rebellion: And whereas the good People of this Province have taken up arms to defend their rights and liberties, and to repel the hostilities carrying on against them, and whilst engaged in such a contest, cannot, with any sincerity or devotion of heart, pray for the success of his Majesty's arms:

Therefore *Resolved*, That every Prayer and Petition for the King's Majesty, in the Book of Common Prayer and administration of the Sacraments, and other rites and ceremonies of the Church, according to the use of the Church of *England*, except the second Collect for the King in the Communion service, be henceforth omitted in all Churches and Chapels in this Province, until our unhappy differences are ended.

On reading a second time the Report from the Committee to whom the Memorial of the Officers of the Battalion of Regulars was referred, the Convention took the same into consideration,

And thereupon *Resolved*, That it will be most conducive to the publick service, that the Council of Safety be at liberty to prefer such persons as shall appear to them to be most meritorious; in which promotions the Convention doubt not the Council will give a proper attention to justice.

That as the contract for furnishing the troops with rations includes the officers, as well as privates, and the emoluments of the contractor being to arise upon his furnishing the rations in specie, the officers cannot be allowed the alternative of receiving the ration or cash, during the subsistence of the present contract, without a breach thereof on the part of the publick.

That no person or persons shall, after the 1st day of *June* next, deal or barter with any private soldier, knowing him to be such, without the license in writing of the Colonel or Major of the Battalion, or Captain, or commanding officer for the time being, of the company or party to which such soldier shall belong, under the penalty of such sum, not exceeding fifty shillings, common money, as shall be adjudged by the Committee of Observation for the County where such soldier shall be stationed, or where the offender shall reside. And that upon complaint of the Colonel, Major, Captain, or other commanding officer, as aforesaid, to such Committee, of any breach of this resolve, the said Committee shall have power to call the offender before them, and, upon inquiry into the complaint and conviction of the offender, to impose such fine upon him or her as in their discretion they shall adjudge, not exceeding the said sum of fifty shillings. And, upon non-payment thereof, may, by warrant under their hands, empower any person they shall judge proper to levy the same, by distress and sale of the goods of the offender; which fine, when so levied, shall be paid into the hands of the Captain or commanding officer for the time being of the company or party to which such soldier shall belong, and by him paid to the Treasurer of that Shore where the offence shall be committed.

That a Court-Martial shall be empowered to punish theft, committed by any soldier enlisted in the service of this Province, by fine, not exceeding forty shillings, common money, or by whipping on the bare back, not exceeding thirty-nine lashes, for any one offence, at the discretion of such Court-Martial.

On motion, *Resolved*, That it be recommended to the

Committees of Observation to require the owners of Cattle kept on the Islands, where they may think such Cattle will probably otherwise fall into the hands of the enemy, to remove such Cattle, and afford them the necessary assistance to do the same.

The Convention took into consideration the Report from the Committee appointed to consider the expediency of exempting the Masters and Scholars of publick and private Schools from attending Musters; and thereupon

*Resolved*, That the Masters and Scholars of the several Schools, both publick and private, in the Province of *Maryland*, except the Masters and Scholars of the Free-School at *Chestertown*, in *Kent* County, shall hereafter be exempted from exercising, either in the several Militia Companies wherein they are or may be enrolled, or in Battalion upon Battalion days; and instead thereof, shall exercise in Companies, whereof the Masters and Tutors shall act as officers, at least once every week: it being the sense of this Convention, that the Masters and Scholars shall be exempted from exercising with the Militia; but that no Master or Scholar between the ages of sixteen and fifty, shall be exempted from enrolling in the Militia, and, upon an alarm, marching with the respective Companies in which they now are, or may be enrolled.

On reading a second time the Report from the Committee appointed to consider and report proper alterations and additions to the Resolves of Convention for erecting a Powder-Mill, and for examination of the Accounts of the Supervisors of the publick Saltpetre Works; the Convention took the same into consideration, and came to the following Resolutions thereon:

Whereas at a Convention held at *Annapolis*, the 26th day of *July* last, it was resolved that a sum not exceeding one thousand Pounds, common money, should be appropriated for erecting and working a Powder-Mill, on the account of this Province; and, by a resolution of the last session of Convention, the Council of Safety were empowered to advance on loan for two years without interest, on bond with good security, any part of the said one thousand Pounds to such person or persons as would undertake and give good security for erecting and working a Powder-Mill, on the terms in the same resolution mentioned; the same Powder-Mill to be erected within fourteen and not less than six miles from *Baltimore* Town; but no contract having been yet made for erecting a Powder-Mill in this Province, owing in some measure to the limitation of the distance from *Baltimore* Town, within which the said Powder-Mill is directed to be built, and because it is hoped and expected that a greater quantity of Saltpetre will be manufactured in this Province than can be made into Gunpowder at one Mill, and one Mill cannot make a sufficient quantity of Gunpowder for the use of the inhabitants of this Province:

It is therefore *Resolved*, That the said one thousand Pounds, or any part thereof that may be necessary, be applied and expended by the Council of Safety for the time being, in erecting and working a Powder-Mill within this Province, on account of the publick. And that a sum of money, not exceeding five hundred Pounds, be advanced by the Council of Safety for the time being, to any person who will undertake and give security for erecting a Powder-Mill at any place within this Province, which shall be thought proper by the Council of Safety, on the terms of the said resolution of the last session of Convention.

And to encourage and induce the good people of this Province to make Crude Nitre,

It is *Resolved*, That to every person who will carry in and deliver at the said publick Powder-Mill, within one year next after the same shall begin to work, any quantity of good Crude Nitre manufactured within this Province, there shall be delivered good Gunpowder, after the rate of three-quarters of a pound of Powder for one pound of good Crude Nitre.

That instead of the two Shillings per pound, directed to be paid by the Supervisors of Saltpetre Works, to private persons manufacturing and delivering Crude Nitre, there be allowed and paid after the rate of three Shillings and nine Pence for every pound of good Crude Nitre so manufactured and delivered.

And whereas the several Supervisors of the publick Saltpetre Works, except those of *Kent*, *Queen Anne's*, *Prince*

*George's*, and *Calvert* Counties, have omitted to lay their Accounts before this Convention;

It is *Resolved*, That the examination of such Accounts lay over to the next session of Convention, and that the Supervisors be, and they are hereby, directed to lay a full state of their Accounts, and the success of the works under their care, before this Convention at their next sitting.

The Convention took into their consideration a Report from the Committee appointed to receive proposals relative to the establishment of Manufactories within this Province; and thereupon

*Resolved*, That the sum of three hundred Pounds, common money, without interest, until the first day of *May* next, be advanced to *Alexander McFadon*, of *Georgetown*, in *Frederick* County, he giving bond, with good security, to make a return or payment thereof in good Linen, of such quality as this or a future Convention, or, in their recess, the Council of Safety of this Province, shall and may order and direct, in the proportions and at the times following, to wit: one-third part thereof on or before the 1st day of *November* next, and the remainder on or before the 1st day of *May* ensuing, at such rates and prices as may be allowed by the said Convention, or the Council of Safety in the recess thereof.

• *Resolved*, That the Council of Safety of this Province be empowered to advance to *Edward Parker*, of *Cecil* County, any sum of money not exceeding three hundred Pounds, common money, on his complying with his former contract, on the terms and conditions, and for the purposes in his said former contract mentioned, so long and as often as the said Council of Safety shall conceive the publick exigencies shall require the same.

On reading a second time the report from the Committee appointed to devise ways and means for the establishment of a Paper Manufactory, the Convention took the same into consideration; and thereupon

*Resolved*, That the sum of four hundred Pounds, common money, be advanced to *James Dorsett*, of *Baltimore* County, he giving bond with sufficient security to repay the same within two years, without interest, either in cash, or Writing or Cartridge-Paper, or in such proportions of each as this or a future Convention, or Council of Safety in their recess, shall direct and order; that is to say: one-third part thereof within twelve months, and the other two-thirds within two years from the date of said bond; he at the same time engaging to build a Mill for that purpose within six months from the date of his said contract; and to sell to the inhabitants of this Province any kind of paper which he may make as cheap as the same can or shall be sold at any Mill in the Province of *Pennsylvania*.

*Edward Lloyd*, of *Talbot* County, *Barnaby Egan* and *Basil Brooke*, Jun., of *Calvert* County, *William Faris* and *John Brewer*, of *Anne Arundel* County, and *George French* and *Joshua Tessill*, of *Frederick* County, having applied to this Convention to be relieved from the fine assessed on them respectively for not enrolling, and this Convention not having time now fully to examine into the merits of the several applications,

*Resolved*, That the Committees forbear to levy the said fines until the end of the next session of Convention, and to stay all further proceedings therein.

On motion, *Resolved*, That a Paymaster be appointed for the *Eastern-Shore*, and that he be allowed the sum of twelve Dollars per month, for executing the said office.

*Resolved*, That the said Paymaster, before he enter upon the execution of his office, give bond, with sufficient security, in the sum of five thousand Pounds, current money, payable to the Honourable *Matthew Tilghman* and *James Lloyd Chamberlaine*, Esquires, for the due execution of his said office.

*Resolved*, That the sum of twelve Dollars per month be from henceforth deducted from the salary of the Paymaster of the *Western-Shore*.

*Mr. Robert Lloyd Nicols* was elected by ballot to the said office of Paymaster for the *Eastern-Shore*.

Whereas, it is highly necessary that regular and methodical accounts of all publick moneys should be kept, that the due expenditure thereof may at all times be readily evinced:

It is *Resolved*, That a Committee, or Board, of two persons, be appointed, who shall and may, in the recess of Convention, cause a set of books to be opened, and proper accounts to be raised, entered, and made up, of the expenditure, loan, or other disposition of all publick moneys, by or under the authority of Convention; and for that purpose, that the said Committee, or Board, be empowered to appoint and employ a skilful accountant. Each of the said two persons to be allowed fourteen Shillings for every day he shall be employed in the service aforesaid; and the said accountant to be allowed and paid such reasonable reward as the said Committee, or Board, shall agree for with him.

Mr. *Ringgold* and Mr. *Richardson* were elected by ballot to compose the said Board.

It is declared that the Captain of the Company of Light Infantry, having an elder commission, is entitled to and hath precedence of any Captain having a commission of a later date.

The Convention having, on motion, considered the situation of the officers and privates of Captains *Barnes* and *Elliott's* Companies of Militia, in *Kent Island*, do

*Resolve*, That the said Companies be not hereafter obliged to join in Battalion off the said Island, unless when the publick service may require that they should march to some other part of this Province, anything in the proceedings of the last Convention, or the Committee of Observation for *Queen Anne's County*, notwithstanding.

*Resolved*, That the said two Companies meet and exercise together at such times and places, on the said Island, as the Field-Officers of the Battalion to which they belong shall appoint, not oftener than once in every week, nor seldomer than once in every two months, the day of their exercising together being accounted as the day of exercise for the week.

*Resolved*, That Captain *George Noble Sweat's* Company of Militia in *Queen Anne's County*, be added to the Twentieth Battalion of Militia of this Province.

On motion, *Resolved*, That all Petitions, Applications,

and Reports to Convention this present session, and all Petitions, Applications, and Reports to Convention in their last session, whereon no final order hath been made, be referred for consideration to the next session of Convention.

On motion, *Resolved*, That nine persons, (five of whom residing on the *Western*, and four on the *Eastern-Shore*,) be elected by ballot a Council of Safety, and be and continue such until the end of the next session of Convention; and that until that time they, or any four or more of them, having taken the oath prescribed to be taken by the Council of Safety, by a resolution of the last session of Convention, shall have and exercise the like and same powers as the present Council of Safety had or might exercise under the resolutions of the last session of Convention, from the time of their appointment until the end of this session.

#### *An Act for establishing Naval Officers in this Colony.*

*Be it enacted by the Governour, Council, and House of Representatives in General Court assembled, and by the authority of the same*, That the Governour, for the time being, shall be Naval Officer in this Colony.

*And be it further enacted by the authority aforesaid*, That there shall be kept at the Port of *New-London*, one Naval Officer; at the Port of *New-Haven*, one other Naval Officer; at the Port of *Middletown*, one other Naval Officer; and at the Port of *Norwalk*, one other Naval Officer; and that the Governour, for the time being, depute some proper person, at each of said Ports, as Naval Officers; and take bond, with sufficient surety, in the sum of one thousand Pounds, for the faithful discharge of their duty therein, to enter and clear out Vessels and their cargoes; and to do and act therein in such way and manner, and according to such rules as to their offices aforesaid respectively appertain.

Whereas, it is recommended by the honourable Continental Congress to the several Legislatures in the United Colonies, as soon as possible to erect Courts of Justice, or give jurisdiction to the Courts now in being, for the purpose of determining concerning captures, &c., and to provide that all trials in such case be had by a Jury, under such qualifications as to the respective Legislatures shall seem expedient:

*Be it therefore enacted by the Governour, Council, and Representatives in General Court assembled, and by the authority of the same*, That the respective County Courts in this Colony be, and they are hereby, authorized, empowered, constituted, and appointed to try, judge, and determine, by Jury or otherwise, as in other cases, concerning all captures that have or shall be taken and brought into said respective Counties; and that the civil law, the laws of nations, and the resolutions of Congress, be the rule of their adjudications, determinations, and proceedings therein; and said respective County Courts are hereby authorized and empowered to constitute and appoint such proper officers under them as they shall find necessary and expedient for the purposes aforesaid.

*Be it further enacted by the authority aforesaid*, That appeals be allowed to the Continental Congress, under the restrictions and agreeable to the directions and resolves of said Congress; and that the fees for said Court, and the respective officers thereof, be reasonable, and such as are customary in the neighbouring Colonies, or may be established by said Congress; and the Judge of said respective County Courts is hereby authorized to call said Court for said purpose, at any place within the respective Counties as shall be most convenient and expedient.

#### *An Act for repealing an Act of this Colony, entitled "An Act against High Treason."*

*Be it enacted by the Governour, Council, and Representatives in General Court assembled, and by the authority of the same*, That the aforesaid act, and every part and paragraph thereof, be, and the same is hereby repealed and made null and void.

*An Act in alteration of an Act entitled "An Act prescribing forms of Writs, Processes, &c."*

*Be it enacted by the Governour, Council, and Representatives in General Court assembled, and by the authority of the same,* That for the future, all Writs and Processes in law or equity shall issue in the name of the Governour and Company of the Colony of *Connecticut*, instead of his Majesty's name; and that in all Summonses, Attachments, or other Processes, before an Assistant or Justice of the Peace, the words "one of his Majesty's Justices of the Peace" be omitted; and that instead thereof, be inserted "Justice of the Peace;" and that no Writ or Process shall bear any date save the year of our Lord *Christ* only, any law, usage, or custom to the contrary notwithstanding.

*An Act in alteration of an Act entitled "An Act for prescribing and establishing forms of Oaths in this Colony."*

*Be it enacted by the Governour, Council, and Representatives in General Court assembled, and by the authority of the same,* That the several forms of Oaths here following be, and they are hereby established, to be taken and administered unto the several and respective officers and persons for whom they are appointed, as followeth:

*For the Freemen, viz:*

"You, *A B*, being, by the Providence of *God*, an inhabitant within this Colony of *Connecticut*, and now to be made free of the same, do swear by the ever living *God*, to be true and faithful to the Governour and Company of said Colony, and the Government thereof, as was established and is expressed by Charter; and whensoever you shall give your vote or suffrage touching any matter which concerns this Colony, being called thereunto, you will give it as in your conscience you shall judge will conduce to the best good of the same, without respect of persons or favour of any man. So help you *God*."

*For the Grand Jurors, viz:*

"You do swear by the name of the ever living *God*, that you will diligently inquire after and true presentment make of all breaches of the law that shall come to your knowledge, according to your charge, (unless some religious tie of conscience, surely bottomed upon the word of *God*, bind you to secrecy;) the secrets of the cause, your own, and your fellows, you duly observe and keep; you will present no man for envy, hatred, or malice; neither will you leave any man unrepresented for love, fear, favour, or affection, or in hope of reward; but you will present things truly, as they come to your knowledge, according to the best of your understanding, and according to the laws of this Colony. So help you *God*."

*For the Petit Jurors, viz:*

"You do swear by the ever living *God*, that, without respect of persons or favour of any man, you shall well and truly try and true deliverance make between the Governour and Company of the Colony of *Connecticut* and the prisoner at the bar, whom you shall have in charge, according to your evidence and the laws of this Colony. So help you *God*."

*And be it further enacted by the authority aforesaid,* That the forms of the oaths in said act established for Freemen, Grand Jurors, and Petit Jurors, and the oaths of allegiance and supremacy, be, and are hereby repealed and made null and void, any law, usage, or custom, to the contrary notwithstanding.

*An Act in alteration of one paragraph of an Act entitled "An Act for preventing and punishing Riots and Rioters."*

*Be it enacted by the Governour, Council, and Representatives in General Court assembled, and by the authority of the same,* That the form of the Proclamation prescribed by said act be, and the same is hereby altered; and that instead of the form in said act inserted, be the following, viz: The Governour and Company of this Colony charge and command all persons assembled immediately to disperse themselves, and peaceably to depart to their habitations, or to their lawful business, upon the pains and penalties contained in the act or law of this Colony, entitled "An act for

preventing and punishing Riots and Rioters;" and the persons authorized by said act for the future shall make use of the foregoing form instead of the form by said act prescribed and directed.

*An Act in further addition to an Act entitled "An Act for forming and regulating Militia, and for the encouragement of military skill, for the better defence of this Colony."*

*Be it enacted by the Governour, Council, and Representatives in General Court assembled, and by the authority of the same,* That all the Troops of Horse in this Colony shall be formed into Regiments of Light-Horse, as followeth, viz: That the Troops of Horse in the First, Second, Sixth, Seventh, Tenth, and Twenty-Third Regiments of Militia, be, and they are hereby made and declared to be one entire and distinct Regiment of Light-Horse, and shall be distinguished and called by the name of the First Regiment; that the Troops of Horse in the Third, Eighth, Twelfth, and Twenty-Fifth Regiments of Militia, be, and they are hereby made and declared to be one entire and distinct Regiment of Light-Horse, and shall be distinguished and called by the name of the Second Regiment; that the Troops of Horse in the Fourth, Ninth, and Sixteenth Regiments of Militia, be, and they are hereby declared to be one entire and distinct Regiment of Light-Horse, and shall be distinguished and called by the name of the Third Regiment; that the Troops of Horse in the Fifth, Eleventh, Nineteenth, Twenty-First, and Twenty-Second Regiments of Militia, be, and they are hereby declared to be one entire and distinct Regiment of Light-Horse, and shall be distinguished and called by the name of the Fourth Regiment; that the Troops of Horse in the Thirteenth, Fourteenth, Fifteenth, Seventeenth, and Eighteenth Regiments of Militia, be, and they are hereby declared to be one entire and distinct Regiment of Light-Horse, and shall be distinguished and called by the name of the Fifth Regiment. That there shall be only one Colonel and one Lieutenant-Colonel to command the whole, and one Major in each of said Regiments, from time to time appointed by the General Assembly, who shall be commissioned by the Governour of this Colony for the time being; and the said Colonel, Lieutenant-Colonel, and the Majors, of each of said Regiments, shall be subject to the command of the General or Commander-in-Chief of the Militia for the time being, and shall have the same duty, power, and authority, as the officers of the same rank in the Regiments of Militia already by law have; and said Regiments of Light-Horse shall be liable to such Regimental duty as the Regiments of Militia are already by law liable.

*And be it further enacted,* That every Trooper already inlisted in any Troop of Light-Horse in this Colony shall equip himself with arms and accoutrements according to law, within three months next after the rising of this Assembly; and that every person that shall hereafter inlist into any of said Troops of Light-Horse shall, within six months next after his inlistment, equip and accoutre himself as aforesaid; and, in default thereof, such Trooper or Troopers shall be reduced to the Foot Company or Companies, within the limits of which they inhabit, and be liable to do duty in the same as he or they were before they inlisted into said Troop as aforesaid, any law or usage to the contrary notwithstanding.

*An Act for the alteration of the Penalty of the Law of this Colony, entitled "An Act in addition to the Law of this Colony entitled 'An Act for the encouragement of Military Skill, for the better defence of this Colony.'"*

Whereas it is provided in said act that, in case any Soldier shall disobey orders given him by any Colonel, or chief officer of any Regiment, pursuant to orders given, &c., by the Captain-General for the time being, relative to marching for the defence of any towns or places in this or the neighbouring Governments attacked by an enemy, or in danger thereof, such Soldier so refusing shall be liable to suffer the penalty of forty Shillings only, which is found not to be adequate to the merit of the offence:

*Therefore be it resolved by the Governour, Council, and Representatives in General Court assembled, and by the authority of the same,* That whensoever any Soldier or

Soldiers, belonging to any of the Regiments in this Colony, shall refuse to muster and march according to orders given him by his Commanding Officer for the purposes mentioned in said act, such Soldier so refusing shall suffer the penalty of ten Pounds, lawful money, for the use of the Colony, any law, usage, or custom, to the contrary notwithstanding.

*An Act in further addition to the Law of this Colony, entitled "An Act for forming and regulating the Militia, and for the encouragement of Military Skill, for the better defence of this Colony."*

*Be it enacted by the Governour, Council, and Representatives in General Court assembled, and by the authority of the same,* That the Military Companies in the Towns of *East-Haddam* and *Colchester*, except the Company in the Society of *Marlborough*, shall be, and they are hereby made and constituted a distinct and entire Regiment, and shall be called and known by the name of the *Twenty-Fifth Regiment*, and shall have and enjoy all the privileges and be under the same regulations as the other Regiments in this Colony by law have and are subject to.

*An Act for the more effectual carrying into execution the several Acts relative to the making of Saltpetre and Gunpowder within this Colony.*

Whereas by an act of this Assembly in *May, 1775*, there was a premium of four shillings on the pound granted for all Saltpetre made in this Colony before the 1st day of *June, 1776*; and *December, 1775*, a bounty or premium of two shillings on the pound for all Saltpetre manufactured in this Colony from and after the 1st day of *June, 1776*, and before the 1st day of *January, 1777*; and that Inspectors should be appointed to view and inspect the same, and administer an oath, and certify as therein described, and purchase and receive the same for the use of this Colony; and by a further act in the same session, it was resolved that the Selectmen in each town within this Colony should be the Inspectors of Saltpetre, with all the power and authority of said acts given to Inspectors of Saltpetre, &c.; but no time being mentioned in said act for delivering the Saltpetre to the Inspectors, nor price affixed for the purchase, and sundry other regulations being necessary to carry the aforesaid acts into execution:

*Be it therefore enacted by the Governour, Council, and Representatives in General Court assembled, and by the authority of the same,* That for all Saltpetre made in this Colony before the 1st day of *June, 1776*, on which the premium of four shillings on the pound is claimed, shall be delivered for inspection to the Selectmen authorized and empowered to inspect the same, or by them inspected, within fifteen days, at farthest, after the last day of *May* instant; and that after the 1st day of *June*, the manufacturers producing the same for inspection, shall make oath before the Inspector or Inspectors that the said Nitre or Saltpetre, produced as aforesaid, was made and manufactured before the 1st day of *June*, otherwise it shall be considered as made after; and that all the Saltpetre made as aforesaid after the last day of *May*, and before the 1st day of *January* next, in order to be entitled to the premium of two shillings on the pound, shall be treated and conducted in the same manner, having respect to the 1st day of *January* as before to the 1st day of *June*; and that, upon the whole, it shall be the duty of the Inspector or Inspectors carefully to see that all the Saltpetre offered or delivered to them for inspection be pure, clean, and dry, and free from any corrupt mixture, before they give any certificate of the same; and on the same being so found, shall give a certificate thereof, with the other requisites, before either the premium or purchase money shall be paid therefor; and the Saltpetre produced to the Inspectors as aforesaid shall be delivered in casks, or other packages, proper and sufficient for transportation to the Powder-Works, with the maker's name, and the name of the town wherein made, thereon.

*And be it further enacted,* That for all the Saltpetre made and manufactured in this Colony before the 1st day of *January* next, inspected, and found to be pure, clean, dry, and unmixed, and fit for use according to law, and so delivered to the Inspector or Inspectors, in proper packages, marked as aforesaid, for the use of the Colony, shall be paid for out

of the Colony Treasury the sum of three shillings per pound, for every pound, only deducting therefrom one half-penny on each pound delivered as aforesaid as a general estimate on the whole for transportation to the respective Powder-Mills erected and allowed in this Colony, and for other charges attending the same: *Provided, nevertheless,* That all persons who have made and manufactured Saltpetre, and have already procured the same to be inspected and delivered to the Inspectors for the use of this Colony, shall be entitled to receive the price aforesaid therefor, notwithstanding the same may not be put up in casks or packages, marked, as aforesaid.

*And be it further enacted,* That the several Inspectors convey and deliver, with all convenient despatch, all the Saltpetre by them received as aforesaid, to the owner or owners of the several Powder-Mills in this Colony assigned by the Governour and Committee of Safety for the time being to receive the same, taking his or their receipt therefor, and the same transmit and lodge with the Committee of Pay-Table; and the Inspector or Inspectors performing their duty as aforesaid shall be entitled to a reasonable allowance for his or their trouble and services as aforesaid, to be adjusted by the Committee of Pay-Table, who shall order payment of the same accordingly. And to the intent that all frauds, and impure or corrupt mixtures may be detected, and the persons concerned therein be duly punished,

*Be it further enacted,* That the Inspector or Inspectors delivering, as also the owner, owners, or overseers, of the Powder-Mills receiving the Saltpetre as aforesaid, shall make and keep a true, just, and fair entry of all the Saltpetre delivered and received as aforesaid, and the names of the makers thereof; and whoever shall be found guilty and be convicted of any fraudulent and impure mixture in the Saltpetre by them made and delivered for inspection as aforesaid, shall forfeit to the Treasurer of this Colony the value of the premium and pay granted and allowed on the Saltpetre in which such mixture shall be found. And the owner or owners of the several Powder-Mills shall well and truly and faithfully make up, or cause to be made, all the Saltpetre delivered to them as aforesaid into good merchantable Powder, well dried, fit for use, and find all the other materials necessary therefor, and the same put up in good, tight, sizeable casks, which shall contain either one hundred, one-half, or one-quarter hundred weight of Powder each, marked with the just and true weight of the cask, and also the initial letters of the maker's name, and the same deliver to the Governour and Committee of Safety of this Colony, or to their order, for the use of this Colony; and shall receive therefor, out of the Colony Treasury, at the rate of nine dollars per hundred for every hundred weight of good merchantable Powder made and delivered as aforesaid, upon a certificate thereof had and obtained of the Governour, or the Governour and Committee of Safety, produced to the Committee of Pay-Table of this Colony.

*And be it further enacted,* That the Governour and Committee of Safety for the time being, from time to time, order and give directions for the disposal of all their Powder made at the several Powder-Mills within this Colony, and, if need be, erect convenient houses for the reception of the same, in such places as they think proper.

The form of the Oath, as follows, viz:

"You, *A B*, do swear by the ever living *God*, that the Saltpetre by you now exhibited to be inspected was made and manufactured out of materials collected within this Colony by you or on your account, and that the same was manufactured before the 1st day of . . . . ., and that no certificate hath been obtained or given therefor. So help you *God*."

The form of the Certificate, as follows, viz:

"This may certify, that a quantity of Saltpetre offered for inspection by *A B*, of *H*, the maker thereof, amounting to . . . . . weight, is well and carefully inspected, and, according to . . . best judgment and skill, the same is found to be pure, clean, and dry, free from any corrupt mixture; the said *A B* having made oath according to the directions of the law in such case made and provided, which Saltpetre is received for the use of the Colony. Dated at *H*, . . . day of . . . . ., A. D. . . . .

" . . . . . , } Selectmen  
" . . . . . , } or Selectman."

Whereas the article of Salt is of great importance and necessity for the use of the inhabitants of this Colony, and the obtaining the same in the usual way of importation is rendered difficult and uncertain; it is therefore judged necessary to encourage the manufacturing thereof in this Colony:

Whereupon it is *Resolved by this Assembly*, That the sum of one hundred Pounds be paid out of the publick Treasury of this Colony to the persons or persons that shall erect proper Works and Vats for the making and manufacturing common Salt within this Colony, and shall actually make therein the first five hundred bushels of good merchantable Salt; and that the sum of eighty Pounds shall, in like manner, be paid to the person or persons that shall erect and set up proper Works and Vats within this Colony, and make and manufacture therein the second five hundred bushels of Salt; that the sum of sixty Pounds shall, in like manner, be paid to the person or persons that shall erect and set up proper Works and Vats within this Colony, and make and manufacture therein the third five hundred bushels of such Salt; and that the sum of forty Pounds shall, in like manner, be paid to the person or persons who shall erect and set up proper Works and Vats within this Colony, and make and manufacture therein the fourth five hundred bushels of such Salt: *Provided*, said several quantities of Salt be made and manufactured, and a certificate under oath, or proper evidence thereof, be produced by or before the 1st day of October, 1777.

*And it is further Resolved*, That as soon as any person or persons shall make and manufacture either of the aforesaid quantities of Salt, and produce a certificate under oath, or other proper evidence thereof, shall be entitled to receive the premium for the same.

*An Act for raising and equipping a body of Minute-men to be held in readiness for the better defence of this Colony, and for repealing an Act of the same title made and passed by this Assembly in DECEMBER, 1775.*

Whereas the *English American Colonies* are threatened with the immediate exertion of Ministerial power and rage, and their utmost efforts are making to reduce us to bondage and slavery, by their own and foreign additional Troops, which may be daily expected to invade and attempt to lay waste this country with fire and sword; it is therefore of great importance for the salvation of this country that its inhabitants should be put into the best situation for self-defence and preservation:

*Therefore be it enacted by the Governour, Council, and Representatives in General Court assembled, and by the authority of the same*, That one-third part of the Second, Third, Fourth, Seventh, Eighth, Ninth, and Twentieth Regiments, and one-quarter part of the other Regiments of Militia, or a number equal thereto, be forthwith inlisted or detached from the limits of the several Regiments in this Colony, to be held in readiness for the defence of this, or any of the adjoining Colonies. And that the same may be speedily effected,

*Be it further enacted*, That the Colonels, or chief officers of the respective Regiments, shall forthwith order the chief officer of each Company in their respective Regiments to convene their several Companies, and also give notice to, and request the attendance at the same time and place, of all others within the limits thereof who are obliged to keep arms, and who are between sixteen and fifty-five years of age; and being so convened, to inlist out of any of them, or otherwise, as soon as may be, the number, if he and they shall be able.

*And be it further enacted*, That if a sufficient number shall not voluntarily offer and inlist as aforesaid, the Captain, or chief officer, with the advice and assistance of the other commissioned officers of such Company, shall forthwith detach and impress out of said Company of Militia, such number of able-bodied men as shall appear to be wanting of the inlisted men, to make up the complement aforesaid; and every man so detached shall be considered and holden in the same manner and for the same purposes, and perform the same duties, as the Volunteers inlisting as aforesaid, on penalty of ten Pounds, to be forfeited to the Treasurer of this Colony, to be recovered by bill, plaint, or information, in any court proper to try the same; and the said Captains, or chief officers, of said Companies shall immediately

execute said orders, and make returns of their doings to the chief officer of the Regiments; and thereupon the Field-Officers of each Regiment of Militia shall form into distinct Companies, consisting of about sixty-eight rank and file each, and shall thereupon, with the advice of the Captains and commissioned officers of the several Companies of their respective Regiments, nominate officers for said new formed Companies, viz: one Captain, two Lieutenants, and one Ensign, out of such as have borne, or do sustain commissions of equal rank, and make return of such choice, with a Muster-Roll of the Companies, to his Honour the Governour, who, on receipt thereof, is authorized to commissionate the proper officers accordingly.

*And be it further enacted*, That his Honour the Governour, with the advice of the Committee of Safety, be, and he is hereby, authorized to form said Companies into distinct Regiments, and especially appoint and empower such of the Field-Officers of the Militia to take command of such new formed Regiments as he shall think proper and expedient.

*And be it further enacted by the authority aforesaid*, That each of such officers and soldiers shall completely equip themselves with a good musket and bayonet, half a pound of powder, two pounds of bullets fit for his gun, six flints, a powder-horn, cartouch-box, and also a good blanket and knapsack, to the acceptance of the Captain, and the same hold in constant readiness for service, for which they shall be allowed and paid a premium of forty shillings each; and the Captains of each Company shall procure a drum and fife for the use of the same, for which he shall be paid by the Colony, and at the end of the service said Captain shall secure the same for the use of the Colony. And it shall be the duty of the Captains and commissioned officers of said Companies carefully to attend to, and see that their said Companies are forthwith furnished with arms, and equipped as aforesaid; and to that end they are authorized and directed to call them together, and such part of them as they shall find needful, as often as necessary, to examine their equipments, and see that they are furnished as aforesaid, and said Companies, when collected, may choose their non-commissioned officers; and if any of said Minute-men shall not be able to furnish his arms as aforesaid, and they cannot be otherwise obtained, such deficiency may be supplied by impressing the same; and any proper civil authority, on application of the Captain for that purpose, shall grant warrants accordingly, in which case such deficient soldier shall receive but half the aforesaid premium, and the owner shall receive such reward for the use of such arms so impressed as this Assembly shall judge reasonable, according to the nature and length of the service to which it shall be put, and if lost or damaged therein, then the value to be paid. And the powder and balls used in said service shall be paid for, or found by the Colony; and if it cannot otherwise be had, it shall be supplied by the towns. And said officers and Minute-men shall be allowed, for the time necessarily spent in meeting for the purposes aforesaid, at the rate of pay and billeting as allowed for the Troops heretofore raised by order of the Assembly.

*And be it further enacted by the authority aforesaid*, That the officers and soldiers of the Regiments and Companies, raised and formed as aforesaid, shall hold themselves in constant readiness to march at the shortest notice for the defence of this, or any of the adjoining Colonies, in obedience to the orders of the Captain-General of this Colony, and other their superior officers; and when they are called out into actual service, shall have and receive like wages and billeting allowance, and be subject to the same laws and regulations as those to which the other officers and soldiers, already raised and inlisted for defence of this Colony by order of the General Assembly, are entitled or subjected.

*And be it further enacted*, That the Regiments and Companies raised and formed as aforesaid, shall be exempted from military duty in any other Regiment or Company, and shall continue to be held under the aforesaid regulations during the pleasure of this Assembly, not exceeding one year from and after the first day of June next; and shall then be disbanded and returned into the Regiments and Companies of Militia to which they respectively belong, and be again subject to military duty therein, said inlistment or detachment notwithstanding: *Provided, nevertheless*, That the provisions of this act shall not extend to include or affect the Twenty-Fourth Regiment of Militia in this Colony.

*Be it further enacted by the authority aforesaid,* That the third part of the Third, Eighth, and Twentieth Regiments, and quarter part of the Militia in the First Regiment, and the rest on the east side of *Connecticut River*, lately ordered by his Honour the Governour and Committee of Safety to be drafted, equipped, and held in readiness according to such order, shall be on the same footing, encouragement, allowance and regulation, in every respect, as in this act is provided, including the premium allowed by the order of the Governour and Committee of Safety. *Provided, nevertheless,* That any of the men who were detached or impressed by virtue of said order, and shall not voluntarily inlist upon the encouragement of this act, may be released, unless it should be found necessary to retain or detach them, or any part of them, to fill up the complement as required by this act, within their respective limits.

*And be it further enacted by the authority aforesaid,* That the act entitled "An Act for raising and equipping a body of Minute-men, to be held in readiness for the better defence of this Colony," made and passed by this Assembly in *December*, 1775, be repealed, and the same is hereby repealed, and made void.

*And be it further enacted and provided,* That any Minute Companies which may have been formed by virtue of said repealed act, and their officers chosen and commissioned accordingly, shall be considered as part of the Minute-men directed by this act to be raised, and in lieu of so many within the limits to which they belong; and such Companies shall be under the same regulations and advantages, including the premium allowed by said former act, as if they had been raised by virtue of this act.

*Provided, nevertheless, and be it further enacted,* That the Companies of Minute-men raised by virtue of this act shall not be continued in actual service more than the term of three months at one time, before they are relieved or permitted to return home; anything in this act to the contrary notwithstanding.

*And it is further provided,* That the premiums aforesaid shall not be paid until such officers and soldiers shall be completely equipped, as by this act is required. And as it is not reasonable that any should avail themselves of the aforesaid premiums, and not be ready and able to perform the service which it is meant and given to encourage; therefore if any of such Minute-men, having received such premium, shall inlist into, or engage in either of the Regiments now ordered to be raised by this Assembly, or any other already raised and in service, he shall be liable to refund such premium, or to have the same deducted from his wages in said Regiment's service.

*An Act for raising a Battalion or Regiment of Troops within this Colony, to march to Boston, or elsewhere, in pursuance of a Regulation now made by the honourable Continental Congress for the defence of the United Colonies.*

*Be it enacted by the Governour, Council, and Representatives in General Court assembled, and by the authority of the same,* That one Regiment or Battalion of Troops shall be forthwith raised by voluntary inlistment, for the defence of this and the rest of the United Colonies, as the case may require, to consist of one Colonel, one Lieutenant-Colonel, one Major, and eight Companies, with one Captain, two Lieutenants, one Ensign, four Sergeants, four Corporals, one Drummer, one Fifer, and seventy-six Privates, to each Company, and a staff, to consist of one Chaplain, one Adjutant, one Quartermaster, one Surgeon, one Surgeon's Mate; that the said officers and soldiers shall be under the same command, laws, and regulations, that the Continental Troops now are; and shall have, and be entitled to the same pay, wages, and allowances, billeting and provisions, and the same premium for arms, accoutrements, blankets, and knapsacks, from the date of their commissions and inlistments, as the Continental Troops now in service under the immediate command of his Excellency General *Washington* have and do receive; and that said Battalion, or such part as may be inlisted for and holden in said service the term of two years, from the 14th of *May* instant, unless sooner discharged by Congress, in which case they shall be allowed one month's pay on their discharge; or if they cannot be prevailed to engage for that term, that they, or any part of

them, be inlisted for one year only, from said 14th of *May*, and be accordingly holden, unless sooner discharged as aforesaid.

Whereas the General Assembly of this Colony have, at this session, enacted that one Regiment or Battalion of Troops shall be forthwith raised by voluntary inlistment, pursuant to a request of the honourable Continental Congress, and for Continental service; and the said Troops may inlist for one or two years, as they choose, from the 14th day of *May* instant, unless sooner discharged by said Congress, &c.: For the encouragement of such able-bodied effective men as shall inlist to engage in said service,

It is *Resolved by this Assembly,* That the pay of each Sergeant shall be forty-eight shillings, each Corporal forty-four shillings, each Drummer forty-four shillings, each Fifer forty-four shillings, and each Private forty shillings, per calendar month, during their service, and shall have one month's pay advanced before they march, and be allowed one penny per mile for marching expenses, out and home; also, twelve shillings to each man who shall supply himself with a good blanket, and take the same away with him at the end of the campaign, and such further encouragements as are allowed by said Congress to the forces now raising for Continental service.

*An Act for raising two Regiments of Troops within this Colony, for the special defence of the same.*

Whereas the present alarming movements and appearances of the Ministerial Army and Navy are such as render it highly probable that a sudden attack will soon be made by them upon this and the neighbouring Colonies, for the most hostile and destructive purposes; which, to prevent,

*Be it enacted by the Governour, Council, and Representatives in General Court assembled, and by the authority of the same,* That one Regiment of the inhabitants of this Colony shall be immediately raised by voluntary inlistment; and that the Troops already raised, at and about *New-London* and *New-Haven*, shall in the same way be augmented into a second Regiment, for the special defence of this and the neighbouring Colonies, as the case may require; each of said Regiments to consist of one Colonel, one Lieutenant-Colonel, one Major, and eight Companies, with one Captain, two Lieutenants, one Ensign, four Sergeants, four Corporals, one Drummer, and one Fifer, and seventy-six Privates, to each Company; and a staff, to consist of one Chaplain, one Adjutant, one Quartermaster, one Surgeon, and one Surgeon's Mate, to each Regiment; and the same pay, wages, and allowance, billeting and provisions, and the same premiums for supplying themselves with arms and accoutrements, blankets and knapsacks, shall be given to them whilst in service of this Colony as were given and allowed by this Colony to the Troops raised by this Assembly in *April*, 1775, and shall be under the same laws and regulations; and said Regiments, when raised, shall be holden until the 1st day of *January* next, unless sooner discharged, and shall be marched and stationed, from time to time, as the Captain-General shall order and direct, according to the exigencies of publick affairs, and be subject to join the Continental Army, if ordered by the Captain-General, or Commander-in-Chief; in which case both officers and soldiers shall be under the same laws, regulations, pay, wages, and allowance in all respects, as the Troops in the Continental Army shall then be under, and be subject to the same general command during their junction with said Army.

*And be it further enacted by the authority aforesaid,* That such Troops, raised as aforesaid, as shall neglect or be unable to furnish arms or accoutrements for the premium aforesaid, shall be furnished, armed, and accoutred, in the same way and manner as the Troops raised by this Assembly in *July* last were furnished and provided for.

Whereas the General Assembly of this Colony, in their present session, enacted that one Regiment of the inhabitants of this Colony be immediately raised by voluntary inlistments, and that the Troops at and about *New-London* and *New-Haven* shall, in the same way, be augmented into a second Regiment for the special defence of this and the neighbouring Colonies, and be subject to join the Continental Army, if ordered by the Captain-General, or Commander-in-Chief, as the case may require, and to be holden in said service until the 1st day of *January* next, unless sooner discharged;

and for the encouragement of such able-bodied and effective men as shall voluntarily enlist themselves into said service to the acceptance of proper officers,

*Resolved by this Assembly*, That every such person as aforesaid, on such enlistment, shall be entitled to twelve shillings premium, in case he supply himself with a blanket, knapsack, and clothing, to the acceptance of his Captain, and one month's pay advance; that each Sergeant shall receive forty-eight shillings, each Corporal, Drummer, and Fifer, forty-four shillings, and each Private forty shillings, per calendar month, for wages during their continuance in said service; that each man so enlisted as aforesaid, who shall provide arms for himself, well fixed with a good bayonet and cartouch-box, shall be paid a premium of ten shillings, and in case such arms are lost by inevitable Providence, such man so providing himself, shall be allowed and paid the just value of such arms and implements so lost, deducting said premium of ten shillings; said premium of ten shillings to be paid as soon as such man shall be so provided as aforesaid. A particular account shall be taken of all the arms that may be used, and the same appraised by indifferent judges; and each man so engaging as aforesaid shall, upon his enlistment, be entitled to six pence per diem for billeting money, until he is otherwise provided for by the publick.

And it is further *Resolved by this Assembly*, That if said Troops be raised as aforesaid, or any part of them shall be ordered by the Captain-General, or Commander-in-Chief, to join the Continental Army, or be taken into Continental service or pay, they shall be entitled to the same wages to be continued as above, and be allowed one penny per mile, out and home, for marching expenses; and every man in the Continental service, who shall provide himself with a good blanket, shall receive twelve shillings, lawful money, therefor, and take it away with him at the end of the campaign, and have such other encouragement as will be given to the Continental Troops.

Whereas, in the Act passed in the present session of this Assembly for the raising of two Regiments, it is provided, that each Regiment shall consist of eight Companies, &c.: upon reconsideration,

It is *Resolved*, That the Regiment to be stationed at *New-London*, and places adjacent upon the sea-coast, shall consist of and be augmented to nine Companies, with the same number of officers that the other Companies are to have.

*Resolved by this Assembly*, That if any of the soldiers of the Continental Regiment to be raised by order of this Assembly, shall not be able seasonably to supply themselves upon the Continental encouragement, and cannot be supplied by Colony Arms, such number as shall be wanting shall be forthwith purchased by the Selectmen of the respective towns, or any of them, to supply the deficiency, who shall deliver such arms to the Captain of the Company to which such person for whose use they are obtained shall belong, taking his receipt; and the said Selectmen exhibit the account of the cost of such arms to the Committee of the Pay-Table, who shall draw on the Treasurer for the amount of their accounts of the cost of purchasing such arms; and if a sufficient supply cannot be obtained in that way, the number wanting to make good such deficiency shall be impressed from householders, or others, not in the Militia roll; and proper warrants shall be given for that purpose, by any of the civil authority; and the owner and owners of such impressed arms may demand a receipt of the officer who shall impress and receive the same, and shall be paid the sum of five shillings for the use of each gun so impressed; and in case of loss, the owner shall be paid the value thereof, deducting the said sum of five shillings; and all arms used in said Regiment shall be appraised by two judicious persons, to be appointed and sworn by the next Assistant or Justice of the Peace.

*And it is further resolved*, That the Captain, or chief officer of each Company in said Regiment, shall take a particular account of all the arms used in his Company, distinguishing such as soldiers provide for themselves, such as belong to the Colony, such as shall be purchased, and such as shall be impressed as aforesaid; and shall transmit the same, with the prices annexed, to the Committee of Pay-Table. And his Honour the Governour is hereby authorized and desired to appoint a proper person or persons to muster said Companies.

Whereas this Assembly have ordered three Regiments to be raised and equipped for the defence of this Colony, and

for the purposes expressed in their acts, and some of the officers appointed to command the same may fail to accept the trust, or, by death or otherwise, vacancies may happen:

*Resolved by this Assembly*, That his Honour the Governour be desired, and he is hereby authorized and empowered to appoint any officer or officers, to fill up any vacancy that shall happen as aforesaid, and to commissionate them accordingly.

*Resolved by this Assembly*, That his Honour the Governour and Council of Safety be, and they are hereby authorized, to take care and give orders and directions for selecting out and regulating a proper number of officers and men from the Regiment raised, and now ordered to be raised and stationed at *New-London* and the sea-coasts, or to appoint other officers as they may find necessary, to be employed and exercised as Matrosses or Artillerymen, for managing the cannon at the Fortifications erected or erecting there, and for the proper duty and services of that department, and to give such orders as shall be proper and necessary to have such establishment made and carried into execution.

Whereas the Companies raised by his Honour the Governour and Council of Safety, and stationed at *New-London*, *New-Haven*, *Groton*, and *Stonington*, are put upon the Continental plan of pay and provisions, and it having been resolved by this Assembly to augment them to a full Regiment, and that the Regiments now ordered to be raised for the defence of this Colony be upon the regulations established by this Assembly in *April*, 1775, and it being inconvenient that the Companies in said Regiments should be upon different footings,

*Resolved by this Assembly*, That his Honour the Governour and Committee of Safety be desired and directed, by all proper ways to endeavour to bring said Companies upon the present Colony plan and Regulations, by directing new inlistments, or other proper methods, to continue the officers by his Honour before appointed to command them, or appoint others as occasion shall require or they shall judge necessary; and as soon as their places can be supplied, and it shall be judged safe by his Honour and said Committee, they are to discharge said Companies, or such numbers of the men as shall not engage upon the present Colony plan, and procure their places to be filled, and said Companies completed as soon as may be.

Whereas the exigencies of Government render it necessary that a further sum of Money, or Bills of Credit, be emitted,

*Be it therefore enacted by the Governour, Council, and Representatives in the General Court assembled, and by the authority of the same*, That there be forthwith imprinted the sum of sixty thousand Pounds, in Bills of Credit on this Colony, equal to lawful money, of suitable denominations, from one Shilling to forty Shillings; ten thousand Pounds of which shall be of the denomination of six Shillings and under, and of the same tenor with the late emissions of the Bills of Credit of this Colony, without interest, payable at or before the 1st day of *January*, 1781, dated the 7th of *June*, 1776. And *Jabez Hamlin*, *William Pitkin*, *George Wyllys*, *Elisha Williams*, *Benjamin Payne*, *Thomas Seymour*, and *Jesse Root*, Esquires, or any three of them, are appointed a Committee for the purpose aforesaid, to take care said Bills are imprinted with all convenient speed, and to sign and deliver the same to the Treasurer of this Colony, taking his receipt therefor; and either one of the said Committee signing of the denomination of six Shillings and under, shall be sufficient, and any two signing the other Bills shall be also sufficient; and said Committee shall be sworn to a faithful discharge of their trust; and the Treasurer is hereby directed to pay out said Bills according to the orders of this Assembly. And for providing an ample and sufficient fund to call in, sink, and discharge, the aforesaid sum to be emitted as aforesaid,

*Be it enacted by the authority aforesaid*, That a tax of eight Pence on the Pound be, and is hereby granted and ordered to be levied on all the Polls and rateable Estate in this Colony, according to the list thereof to be brought into this Assembly in *October*, 1778, with the additions; which tax shall be collected and paid into the Colony Treasury by the last day of *December*, 1780; which tax may be discharged by paying any of the Bills issued by order of this Assembly, Continental Bills, or lawful money; and the Treasurer of this Colony is hereby ordered and directed to send out his warrants for collecting said tax accordingly.

*Resolved by this Assembly*, That the following be, and hereby is, established as the form of the Commission for the Chief Judge of the Superior Court; and the Governour and Secretary are desired and directed to sign the same.

*"The Governour and Company of the ENGLISH Colony of CONNECTICUT, in NEW-ENGLAND, in AMERICA.*

Whereas it appears that there is still an arrearage of Supplies or Rations due to the Officers and Soldiers that went from this Colony last year in the Northern Army; wherefore, that what is right and just may be done to them therein,

It is *Resolved and Ordered*, That the Commissaries appointed last year by this Colony do, as soon as may be, collect an exact Account of what quantity or part of the daily Rations was delivered out, and of all such arrears that may be justly due to said Officers and Soldiers, from the Colonels of the respective Regiments that marched to the northward, duly certified by said Colonels and the Quartermasters of said several Regiments, or by the Commissary of Supplies, or other proper or sufficient evidence; and that they exhibit such Accounts, as soon as may be, to the Commissary-General of the Northern Department, and obtain payment thereof as far as may be; and, in case of failure, that they apply to the Pay-Table with such Accounts and Vouchers, who are hereby directed to adjust and order payment of what they shall find justly due, after deducting therefrom to each Soldier what they have received on account of Continental allowance made by General *Schuyler* for billeting and additional days, over and above the Colony allowance, which is two Shillings and six Pence per week in billeting, and about eight Shillings per man for the whole term of their enlistment in the addition of days.

*Resolved by this Assembly*, That the Home Commissaries be, and they are hereby, directed speedily to settle their Accounts with the General and Deputy Commissaries whom they have supplied in their different departments with Provisions, warlike Stores, &c., and take duplicate copies of their Accounts when stated, settled, and subscribed by Commissaries, observing, as nearly as can be, a distinction between the Supplies that were antecedent to the 3d of *August* last, and those that were subsequent to that time; one set of which copies will be vouchers for the Home Commissaries to settle with the Committee of Pay-Table, and the other to be made use of in supporting the Colony's demand on the Continental Congress for reimbursement.

Whereas it is of importance as well as necessary that the Troops that lately went to the Camp at *Cambridge* and *Roxbury*, also those that marched to *New-York*, in Continental service, all from this Colony, and now returned, should be immediately paid off without further delay: It is thereupon

*Resolved and Ordered*, That Colonel *James Wadsworth*, Jun., Colonel *Matthew Talcott*, and Colonel *Ichabod Lewis*, be, and they are hereby, appointed and empowered to collect and receive all the Pay-Rolls of the several Companies that marched in the service aforesaid, and apply to the General to allow and settle the same, and obtain his order for the payment of the moneys due thereon, for the benefit of the Officers and Soldiers to whom it is due, and deliver and pay the same accordingly; and the Committee of the Pay-Table are hereby ordered and directed to adjust and give order for the payment of all losses of arms, accoutrements, as also for expenses of sickness for such Officers and Soldiers, in the same manner and according to the same rules and regulations that have, or are hereby established, for the benefit of those Officers and Soldiers that have been raised and sent out by special order of this Assembly, and to state an account thereof, in order that it may be transmitted to Congress for payment.

This Assembly do appoint, authorize, and empower, *Nathaniel Wales*, Jun., Esq., of *Windham*, to liquidate, adjust, and settle, the Account or Accounts subsisting between this Colony and *Elisha Pain*, Esq., late King's Attorney for the County of *Windham*, and to receive, secure, and recover, whatever balance may be found due thereon, and account render of his doings in the premises to this Assembly.

*Resolved by this Assembly*, That all accounts of expenses incurred for making necessary provisions for sick Soldiers of this Colony in the Army of the late campaign, when they could not be otherwise supplied without great inconvenience and danger to the sick, and which provisions were approved and directed by any of the Surgeons of said Army, may be laid before the Committee of Pay-Table, and being properly certified and attested, said Committee are hereby authorized and directed to settle and adjust the same, and draw on the Treasurer for payment of what they shall find just and reasonable; and also, in case any Officer or Soldier, in battle or otherwise, by inevitable Providence and without his default, shall lose or destroy his arms, clothing, or accoutrements, or the same shall be so lost or destroyed, upon proper evidence thereof being produced to said Committee of Pay-Table, they are also authorized to receive and examine the accounts thereof, and draw on the Treasurer for the just and reasonable value thereof.

*Resolved by this Assembly*, That the several Postmasters be, and they are hereby directed to prepare their accounts of debts and credits arising in their offices, whilst employed by this Assembly, and lay the same before the Committee of Pay-Table for adjustment; and all special Posts, who have in fact been in the Continental service, be, and they are hereby, advised to prepare true and attested accounts of their service and expenses, and procure authentick certificates of their services, from the person or persons by them employed and encouraged, or from such persons as are knowing to their being so employed and encouraged, that they may be properly laid before the honourable Continental Congress for payment.

*Resolved by this Assembly*, That the Commissaries of the Militia Regiments that marched to *New-York*, on requisition of General *Washington*, be, and they are hereby directed to prepare their accounts of supplies for those Regiments, and lay the same before his Honour the Governour and Council of Safety, for adjustment, and to be transmitted to General *Washington*, for his order for their payment.

It being represented to this Assembly by the Committee appointed in *May* last to procure three thousand stands of Arms for the use of this Colony, which were to have been completed by the 1st day of *May* instant, that by means of unforeseen difficulties and delays they have not been able yet to obtain the number ordered, and some of those engaged are yet in the hands of the workmen unfinished; and the Colony not being supplied with a sufficient quantity of Arms,

*It is therefore resolved by this Assembly*, That the acts and resolves of this Assembly for procuring, encouraging and regulating the manufacture of Fire-Arms and Locks, according to the directions there given, and the provisions thereof, be, and they are hereby revived, and shall be and continue in force until the session of this Assembly in *October* next;

and the Committee therein named are directed to use their utmost care and vigilance to provide and procure the number of such Arms as are thereby directed and ordered, and make report of their doings in the premises.

*Resolved by this Assembly*, That the inhabitants of the Town of *Saybrook* have liberty to build a Battery at the place where the old Fort stood in said town, so that it be well constructed, to contain six carriage-guns, for the defence of said town and harbour; and that the inhabitants be encouraged thereto with the assistance of twenty men from the Regiment to be stationed at *New-London*, &c., in labouring to build said Fort, and to guard the same so long as the Governour and Council of Safety shall think fit; and that said Fort be furnished with three good carriage-guns, in addition to those that be already there; all to be mounted on proper carriages, and furnished with a sufficiency of powder and ball, and all other necessary implements for said guns and Fort, as soon as may be, at the expense of this Colony, to be under the direction of his Honour the Governour and Council of Safety, during the pleasure of this Assembly.

Whereas it is represented to this Assembly, that sundry of the Non-Commissioned Officers and Soldiers belonging to some of the Regiments in this Colony, have, in a late instance, refused to march to *New-York*, for the defence of this and that Colony, pursuant to orders given for that purpose by the Captain-General of this Colony, agreeable to the laws in such case made and provided, by which refusal of such Soldiers, &c., the peace and safety of the good people of these Colonies are greatly exposed to danger, &c.:

*It is thereupon resolved by this Assembly*, That the Attorney for the Governour and Company of this Colony in the County of *Fairfield*, be, and he is hereby ordered and directed, without delay, to examine and inquire into the grounds and foundations of the matters aforesaid, and, where he finds sufficient cause, to pursue such legal prosecutions as are necessary to trying such supposed offenders, and in case they are found guilty, to suffer the just punishment provided by law, and prevent the mischief threatened thereby.

*Resolved by this Assembly*, That the respective Towns in this Colony that have supplied any Powder for the publick, shall lay in their accounts thereof, before the Committee of the Pay-Table, well authenticated; and thereupon the said Committee shall adjust the same, together with such reasonable allowance for their trouble and expense therein, as the said Committee shall think just, and give an order in favour of the Selectmen of such Town upon any of the Powder-Mills in this Colony, to be refunded in Powder, for such quantity as said Committee shall judge just and reasonable.

Whereas the article of Sulphur is necessary, and must be speedily procured for publick use; and whereas one Mr. *Thomas Bidwell*, of *Pennsylvania*, has proposed to this Assembly that upon his receiving from the Colony twenty suitable pots, with their receivers, and the privilege of using the Sulphur Ore drawn from the Lead-Mine in *Middletown*, free from charge, and the Colony taking off from his hands all the well-wrought, refined, and genuine Sulphur, which he shall manufacture within this Colony, out of Ore found within the same, at the price of two Pounds ten Shillings for each hundred weight of such Sulphur made and manufactured as aforesaid, within the space of two years next after the 1st day of *June*, 1776, he will immediately enter upon and continue the manufacturing of such Sulphur in this Colony, upon Ore found within the same, for the space aforesaid, for the use of this Colony, and deliver what Sulphur he shall so make to the Colony at said price; and at the expiration of said term, or whensoever he shall quit said business here, he will fully communicate to some proper person, in the interest of this Colony, and an inhabitant of the same, for the benefit of the Colony, all the skill and art of manufacturing Sulphur, and leave such pots and receivers in the condition they shall then be found in, to the use of the Colony; which proposals are accepted by this Assembly on this condition, that the Colony will not at present engage to receive more than fifty tons of Sulphur, to be made and manufactured by said *Bidwell* as aforesaid.

*Therefore it is resolved by this Assembly*, That twenty suitable pots, and their receivers, for the manufacturing Sulphur, shall be forthwith provided at the expense of this Colony, and delivered to said *Bidwell*, at such place within

said Colony as he shall choose to erect his Works in, for the manufacture aforesaid; and he hath full liberty to make use of the Sulphur Ore raised at *Middletown*, free from any charge to him therefor, for the purpose aforesaid. And Colonel *Joshua Porter* is appointed with the said *Bidwell*, to procure the said twenty pots and receivers, for the purpose aforesaid, in the best manner they can for the publick advantage.

And it is further resolved by the authority aforesaid, That this Colony will take and receive of the said *Bidwell* the Sulphur to be by him made and manufactured of the materials found within this Colony within the term aforesaid, and at the price aforesaid, not exceeding fifty tons; and his Honour the Governour and Council of Safety are hereby empowered to do and order what further may be found necessary to execute the design of this resolve.

Resolved by this Assembly, That his Honour the Governour and Council of Safety be, and they are hereby desired to order an account of the whole expense of raising and marching Colonel *Burrell's* Battalion to *Albany*, together with the expenditure of the twelve thousand five hundred Dollars received for that purpose, to be collected and properly stated, and laid before the honourable Continental Congress for settlement.

Whereas information has been given to this Assembly, that Captain *Daniel Hill*, Lieutenant *Peter Lyon*, and Ensign *Samuel Hawley*, all of the Eleventh Company in the Fourth Regiment in this Colony, under the command of *Gold Selleck Silliman*, Esquire, Colonel of said Regiment, have, instead of forwarding, as it was their duty to do, endeavoured to obstruct and embarrass, and have, in fact, neglected and refused to obey certain orders given out to said officers by said Colonel, in pursuance of orders from the Governour, the Captain-General, some time in *March* last, for the purpose of inlisting or detaching a certain number in said Company to march for *New-York*; which orders the said officers have severally contemptuously disobeyed, and greatly obstructed the execution thereof: Whereupon this Assembly order and decree, that a precept be issued forth by the Secretary of this Colony, immediately to arrest the bodies of them, the said *Daniel Hill*, *Peter Lyon*, and *Samuel Hawley*, respectively, and them have before this Assembly, to answer to the said information, and be further dealt with as to justice appertains; and that Colonel *Silliman*, with other proper evidences, be also cited to appear.

Whereas the honourable Continental Congress have lately ordered and delivered to the Delegates of this Colony the sum of ten thousand five hundred Dollars, to defray the expense of raising a Regiment ordered by Congress to be raised in this Colony; and whereas *Oliver Wolcott*, Esquire, one of said Delegates, took for his own use on account of this Colony, out of said sum, the sum of one hundred and forty Dollars; and *Roger Sherman*, Esquire, took for his own use on account of this Colony, the sum of one hundred Dollars, and also sixteen Dollars given to bring the remainder, being ten thousand two hundred and forty-four Dollars, to the Treasurer of this Colony, and the same is delivered to said Treasurer:

It is now Resolved, That the Treasurer charge the said *Roger Sherman* and *Oliver Wolcott*, Esquires, with the several sums received as aforesaid in account.

And it is further Resolved, That the Treasurer replace the aforesaid sums of two hundred and forty Dollars, for the purpose of defraying the expense of raising said Regiment, and charge the said sixteen Dollars in said account.

Mr. *Nathaniel Shaw*, Jun., Colonel *Jonathan Fitch*, Captain *Jeremiah Wadsworth*, Mr. *Thaddeus Burr*, Mr. *Nathaniel Wales*, Jun., and Mr. *Jedediah Strong*, are appointed a Committee to procure eighteen hundred Pounds, lawful money, in Specie, in exchange for Bills, and pay the same to his Honour the Governour, to be improved for the use of the Northern Army, agreeable to a request of the Congress; and the Committee of Pay-Table are directed to draw upon the Treasurer in their favour for said sum in bills, taking their receipt, to improve the same to the purpose aforesaid, and render their account. And his Honour the Governour is desired, on receipt of said sum, or any part thereof, to forward the same to the proper Treasurer, Paymaster, or officer, to be used for the purpose aforesaid, and lay the account thereof before the Congress, that the same may be replaced in the Treasury as soon as may be.

Whereas, in the present session of this Assembly, a Committee was appointed to procure a sum of money in Specie, in exchange for Bills, and pay the same to his Honour the Governour, to be improved for the use of the Northern Army, agreeable to a request, &c.; and whereas it now appears that a more expeditious method of collecting the same is devised:

Resolved by this Assembly, That the said appointment be, and the same is hereby revoked and made null and void.

The honourable Continental Congress having lately requested of this Colony to furnish a quantity of Hard Money or Specie for the use of the Northern Army, and engaged to replace the same in Continental Bills, &c.,

Resolved by this Assembly, That the Treasurer of this Colony be, and he is hereby directed to procure, in addition to what he has in Colony stock on hand, and can be conveniently spared, so as to make the sum of eighteen hundred Pounds, lawful money, in Specie, in the whole, and the said sum forward and deliver to the proper Treasurer, Paymaster, or Receiver, of the Continental Army, for the Northern Department, taking his receipt therefor, and the same deliver to his Honour the Governour, with his account of expenses attending the same; who is desired to have the same properly laid before the said honourable Continental Congress, that the same may be replaced in the Treasury as soon as may be; said Treasurer to be allowed said sum in account, and to be charged with the same when received and replaced as aforesaid.

Resolved by this Assembly, That Colonel *Selah Hart* be, and he is hereby appointed, in addition to the Committee appointed by this Assembly in *May* last, to provide such store of Lead as they shall judge necessary for the use of this Colony; and said Committee are further authorized and directed, on behalf of this Colony, to contract for, purchase, and take the Lead Ore that is or may be raised out of the Lead-Mine found in the possession of Mr. *Matthew Hart*, in *Farmington*, and to dig and raise Ore in said Mine so far as shall appear to them profitable and necessary, for the benefit of this Colony.

Ordered, That the Committee of the Pay-Table of this Colony draw on the Treasurer in favour of Colonel *Joshua Porter*, of *Salisbury*, Overseer of the Cannon-Foundry carrying on at the Furnace in said Town, for the sum of eight hundred Pounds, in Continental or this Colony bills, keeping a proper account thereof, and taking his receipt therefor, to account for the improvement thereof in the service aforesaid, when thereto required.

Resolved, That *Thaddeus Burr*, Esquire, call upon the Postmasters from *Hartford* to *Greenwich*, on the road to *New-York*, and receive their accounts of the sums of money received by them respectively, for postage of Letters, between the 15th day of *June* and 15th of *November*, 1775, and adjust the same with them; and that he collect and receive the several balances due on such accounts, and render his account thereof to the Treasurer of this Colony when required.

from said garrison, where they were fired upon and engaged by a party of the enemy, in which action he was wounded by a musket ball, which broke the bone of his thigh, whereby he fell into the hands of the enemy, and was conveyed into said garrison, and there remained until the surrender of the same; that by the badness of the wound, &c., the Memorialist has the mortification to find himself still a cripple, and so must remain through life, being thereby in a great measure disabled from labour, the only means in his power of supporting himself and family, praying this Assembly to grant relief, &c., as per Memorial on file:

*Resolved by this Assembly*, The Memorialists have liberty, and license is hereby granted them, to erect such Powder-Mill in said *Stratford*, for the purpose aforesaid, under the regulations which other Powder-Mills in this Colony by law are.

*Resolved by this Assembly*, That the Committee of the Pay-Table be, and they are hereby, directed to pay to the Memorialist the full sum due to him, and to take his bond, payable to the Treasurer of this Colony, with proper conditions for the security of the value of said Arms unaccounted for; and that the Memorialist do account for said Arms, or pay the value thereof in some reasonable time.

Upon the Memorial of *James Law*, of *Lebanon*, in *Windham* County, showing that he was a soldier in the service of this Colony and Continent in the year 1775, in the Army near *Boston*; was drawn off and engaged in the battle of *Bunker's Hill*, the 17th day of *June*, when he had the misfortune to have his right arm broken by a shot from the Ministerial Troops, by which he has wholly lost the use of his hand; is a Joiner by trade; about twenty-two years old; has no estate, nor any means of supporting himself but by labour, which, by means thereof, he is unable to perform, and thereby deprived of his prospects of support and comfort, praying for relief, &c., as per Memorial on file:

It is therefore *Resolved by this Assembly*, That the Treasurer of this Colony pay unto the said *James Law* the sum of fifty Pounds, in current bills of credit, as and for a relief and support to him under his disabled and distressed circumstances.

The Report of the Honourable *Matthew Griswold*, Esq., and the rest of the Committee appointed to inquire into the allegations of a certain complaint exhibited to the present Assembly by Mr. *Jeremiah Halsey* against Captain *Edward Mott*, as on file, is accepted by this Assembly,

And thereupon *Resolved*, That there doth not appear sufficient grounds or foundation for this Assembly to make any further inquiry thereon.

This Assembly do grant to his Honour Governour *Trumbull* the sum of one hundred and fifty Pounds, for the first half of his salary the current year.

This Assembly do grant to his Honour Deputy Governour *Griswold*, the sum of fifty Pounds, for the first half of his salary the current year.

This Assembly do grant to his Honour Governour *Trumbull* the sum of one hundred Pounds for his extraordinary services the year past; and order and direct the Treasurer to pay the same accordingly.

This Assembly do grant to *John Lawrence*, Esq., Treasurer, the sum of one hundred and eighty Pounds, as and for his salary the year past.

This Assembly do grant to *George Wyllys*, Esq., Secretary, the sum of twenty Pounds, as and for his salary in the year past; and direct the Treasurer to pay the same to him accordingly.

Whereas this Assembly, at their present session, have made many preparations for a defence against the increasing hostilities and efforts of our unnatural enemies; yet, considering the alarming situation of the United Colonies, being threatened with the whole force of *Great Britain*, united with all such foreign mercenaries as they are able to engage to assist in the execution of their causeless vengeance on these devoted Colonies, and to burn and destroy our Sea-port Towns, and to spread rapine, murder, and destruction, throughout the whole; in this situation our utmost efforts cannot be too much, and it is the duty of every individual to contribute all in his power to serve and defend our most important cause:

Therefore the Assembly do most earnestly recommend it to all persons, of every rank and denomination, to furnish themselves, with all possible expedition, with good sufficient fire-arms, and other warlike accoutrements, and with bullets sufficient and fit for their guns; and especially that all able-bodied men, who are not of the standing Militia, and such as have been dismissed from common military exercise, form themselves into Companies, choose their officers, according to the number of such who can convene together, and equip themselves, so as to be in readiness for mutual defence

against our common enemy. That all the Field-Officers put themselves in readiness, to conduct and lead forth their respective corps on the most sudden call; and, in the mean time, use their utmost endeavours and care, with the assistance of the commissioned officers in their respective Regiments, to encourage military skill and every warlike preparation, and see that all defective arms be immediately repaired. That the Committee appointed to procure fire-arms to be made in this Colony, use their utmost diligence to promote the same, and purchase all good arms for sale, except such as any person hath for his own proper use. The events of this year may prove most decisive to these Colonies; and as all human care, efforts and exertions are but fruitless attempts for our security and defence, and will prove vain and abortive, unless attended with the blessing of Heaven, which we have no reason to expect but on a sincere repentance and reformation; wherefore, in the day of darkness and threatening calamity, it is most earnestly recommended to and pressed upon all persons, of every rank and denomination in this Colony, to promote and cultivate charity and benevolence one towards another; to abstain from every species of extortion and oppression; sincerely to repent and break off from every sin, folly, and vice; to live in peace, love, and harmony, among themselves; to look up with earnest importunity to Heaven for help, success, salvation, and deliverance; and, with careful attention to the use of means, hope and trust in the Lord of Hosts, who presides over universal nature, guides and governs all; and we need not fear or be dismayed at all the attempts or numerous horrors with which we are threatened.

It is therefore *Ordered*, That the foregoing be printed and distributed, and be read and published in all the religious societies in these Colonies.

This Assembly is adjourned by Proclamation, &c., until his Honour the Governour, or, in his absence, the Deputy Governour, shall see cause to call it to meet again.

Test:

GEORGE WYLLYS, Secretary.

The Committee to whom the Letter from Colonel *Moses Hazen*, and the Report of persons appointed to state the account of losses and damages sustained by him in *Canada*, were referred, brought in their Report, which, being taken into consideration, was agreed to, as follows:

It appears to your Committee that the loss and damage sustained by Colonel *Hazen* in *Canada* have not been estimated with sufficient accuracy; that some of the articles enumerated in the inventory are presumed to be overrated, the quantities of several others reducible to exactness in number, weight, or measure, are not ascertained, and the reasons for the knowledge or belief of any of them by the witnesses are not explicit enough in their examination; that, although the grain, grass, and hay, mentioned in the account, are admitted by Colonel *Hazen*, in his letter, to have been partly destroyed by the Ministerial Troops, the whole value is extended; that the estimate of the crops are so general, it cannot be discovered by what rule they were formed, or to what standard adjusted; that the damages done to the dwelling-house, stone-house, out-houses, barn, and farms, are not particularized or specified; that a considerable part of what a reimbursement is claimed for, is household furniture, wearing apparel, tools, utensils, cables, and anchors, suggested to have been plundered by the troops of the United Colonies, and *Canadians* who joined them; and your Committee believe that no reparation of the like kind hath yet been made by Congress; and that the profit which might have been made of the mills and houses, if the owner had not been deprived of the use of them, being merely contingent and conjectural, are such as have not usually been made good in similar cases: Whereupon,

*Resolved*, That the Commissioners who are going to *Canada* be desired to appoint proper persons to examine, state, and settle an account of the loss and damage Colonel *Hazen* hath sustained in his property and possessions in *Canada* by the forces of the United Colonies, and report the same, with any special matters they may think fit, to Congress; annexing to their Report the estimates, examinations of the witnesses, and other papers relating thereto.

*Resolved*, That if any of the gentlemen appointed Field-Officers in the four Battalions raising in *New-York* for the defence of that Colony, are provided for in *Canada*, they be directed to continue there, exercising the offices to which they are appointed; and that others be elected in their room in the four Battalions aforesaid; and that such of them as are not provided for in *Canada*, be directed immediately to repair to their respective Battalions.

In times of impending calamity and distress, when the liberties of *America* are imminently endangered by the secret machinations and open assaults of an insidious and vindictive Administration, it becomes the indispensable duty of these hitherto free and happy Colonies, with true penitence of heart, and the most reverent devotion, publicly to acknowledge the overruling Providence of *God*; to confess and deplore our offences against him; and to supplicate his interposition for averting the threatened danger, and prospering our strenuous efforts to the cause of freedom, virtue, and posterity.

The Congress, therefore, considering the warlike preparations of the *British* Ministry to subvert our invaluable rights and privileges, and to reduce us by fire and sword, by the savages of the wilderness, and our own domesticks, to the most abject and ignominious bondage; desirous, at the same time, to have people of all ranks and degrees duly impressed with a solemn sense of *God's* superintending Providence, and of their duty devoutly to rely, in all their lawful enterprises, on His aid and direction, do earnestly recommend that *Friday*, the 17th day of *May* next, be observed by the said Colonies as a day of Humiliation, Fasting, and Prayer; that we may, with united hearts, confess and bewail our manifold sins and transgressions, and, by a sincere repentance and amendment of life, appease His righteous displeasure, and, through the merits and mediation of *Jesus Christ*, obtain His pardon and forgiveness; humbly imploring His assistance to frustrate the cruel purposes of our unnatural enemies, and, by inclining their hearts to justice and benevolence, prevent the further effusion of kindred blood. But if, continuing deaf to the voice of reason and humanity, and inflexibly bent on desolation and war, they constrain us to repel their hostile invasions by open resistance, that it may please the Lord of Hosts and the God of Armies, to animate our officers and soldiers with invincible fortitude, to guard and protect them in the day of battle, and to crown the Continental arms, by sea and land, with victory and success; earnestly beseeching Him to bless our civil rulers, and the Representatives of the people, in their several Assemblies and Conventions; to preserve and strengthen their union, to inspire them with an ardent, disinterested love of their country; to give wisdom and stability to their councils; and direct them to the most efficacious measures for establishing the rights of *America* on the most honourable and permanent basis; that He would be graciously pleased to bless all His people in these Colonies with health and plenty, and grant that a spirit of incorruptible patriotism, and of pure, undefiled religion, may universally prevail; and this Continent be speedily restored to the blessings of peace and liberty, and enabled to transmit them inviolate to the latest posterity. And it is recommended to Christians of all denominations, to assemble for publick worship, and abstain from servile labour, on the said day.

#### *Instructions, &c.*

GENTLEMEN: You are, with all convenient despatch, to repair to *Canada*, and make known to the people of that country the wishes and intentions of the Congress with respect to them.

Represent to them that the arms of the United Colonies, having been carried into that Province for the purpose of frustrating the designs of the *British* Court against our common liberties, we expect not only to defeat the hostile machinations of Governor *Carleton* against us, but that we shall put it into the power of our *Canadian* brethren to pursue such measures for securing their own freedom and happiness, as a generous love of liberty and sound policy shall dictate to them.

Inform them that, in our judgment, their interests and ours are inseparably united; that it is impossible we can be reduced to a servile submission to *Great Britain* without their sharing our fate; and, on the other hand, if we shall obtain,

as we doubt not we shall, a full establishment of our rights, it depends wholly on their choice whether they will participate with us in those blessings, or still remain subject to every act of tyranny which *British* Ministers shall please to exercise over them. Urge all such arguments as your prudence shall suggest, to enforce our opinion concerning the mutual interest of the two countries, and to convince them of the impossibility of the war being concluded to the disadvantage of these Colonies, if we wisely and vigorously co-operate with each other.

To convince them of the uprightness of our intentions towards them, you are to declare, that it is our inclination that the people of *Canada* may set up such a form of Government as will be most likely, in their judgment, to produce their happiness; and you are, in the strongest terms, to assure them, that it is our earnest desire to adopt them into our Union, as a sister Colony, and to secure the same general system of mild and equal laws for them and for ourselves, with only such local differences as may be agreeable to each Colony respectively.

Assure the people of *Canada* that we have no apprehension that the *French* will take any part with *Great Britain*; but that it is their interest, and we have reason to believe their inclination, to cultivate a friendly intercourse with these Colonies.

You are from this, and such other reasons as may appear most proper, to urge the necessity the people are under of immediately taking some decisive step, to put themselves under the protection of the United Colonies. For expediting such a measure, you are to explain to them our method of collecting the sense of the people, and conducting our affairs regularly by Committees of Observation and Inspection in the several districts, and by Conventions and Committees of Safety in the several Colonies. Recommend these modes to them. Explain to them the nature and principles of Government among freemen; developing, in contrast to these, the base, cruel, and insidious designs involved in the late act of Parliament for making a more effectual provision for the government of the Province of *Quebeck*. Endeavour to stimulate them, by motives of glory as well as interest, to assume a part in a contest by which they must be deeply affected, and to aspire to a portion of that power by which they are ruled, and not to remain the mere spoils and prey of conquerors and lords.

You are further to declare, that we hold sacred the rights of conscience, and may promise to the whole people, solemnly in our name, the free and undisturbed exercise of their religion; and, to the clergy, the full, perfect, and peaceable possession and enjoyment of all their estates; that the government of everything relating to their religion and clergy shall be left entirely in the hands of the good people of that Province, and such Legislature as they shall constitute; provided, however, that all other denominations of Christians be equally entitled to hold offices, and enjoy civil privileges, and the free exercise of their religion, and be totally exempt from the payment of any tithes or taxes for the support of any religion.

Inform them that you are vested, by this Congress, with full powers to effect these purposes; and, therefore, press them to have a complete representation of the people assembled in Convention, with all possible expedition, to deliberate concerning the establishment of a form of Government, and a union with the United Colonies. As to the terms of the union, insist on the propriety of their being similar to those on which the other Colonies unite. Should they object to this, report to this Congress the objections, and the terms on which alone they will come into our Union. Should they agree to our terms, you are to promise, in the names of the United Colonies, that we will defend and protect the people of *Canada* against all enemies, in the same manner as we will defend and protect any of the United Colonies.

You are to establish a free press, and to give directions for the frequent publication of such pieces as may be of service to the cause of the United Colonies.

You are to settle all disputes between the *Canadians* and the Continental Troops, and to make such regulations relating thereto, as you shall judge proper.

You are to make strict and impartial inquiry into the cause of the imprisonment of Colonel *Du Fee*, Lieutenant-Colonel *Nesfeu*, Major *St. George Du Pree*, and Major *Gray*, officers of the Militia, and of *John Fraser*, Esquire, late a

Judge of the Police at *Montreal*, and take such orders concerning them as you shall judge most proper.

In reforming any abuses you may observe in *Canada*, establishing and enforcing regulations for preservation of peace and good order there, and composing differences between the Troops of the United Colonies and the *Canadians*, all officers and soldiers are required to yield obedience to you; and, to enforce the decisions that you or any two of you may make, you are empowered to suspend any military officer from the exercise of his commission, till the pleasure of the Congress shall be known, if you, or any two of you shall think it expedient.

You are also empowered to sit and vote as members of Councils of War, in directing fortifications and defences to be made, or to be demolished, by land or by water; and to draw orders on the President for any sums of money, not exceeding one hundred thousand dollars in the whole, to defray the expense of the works.

Lastly, you are, by all the means you can use, to promote the execution of the resolutions now made, or hereafter to be made, in Congress.

On motion made, *Resolved*, That the following additional Instructions be given to the Commissioners aforesaid:

You are empowered and directed to promote and encourage the trade of *Canada* with the *Indian* nations, and to grant passports for the carrying it on as far as it may consist with the safety of the troops, and the publick good.

You are also directed and authorized to assure the inhabitants of *Canada*, that their commerce with foreign nations shall, in all respects, be put upon an equal footing with, and encouraged and protected in the same manner, as the trade of the United Colonies.

You are also directed to use every wise and prudent measure to introduce and give credit and circulation to the Continental money in *Canada*.

In case the former resolution of Congress respecting the *English American* Troops in *Canada* has not been carried into effect, you are directed to use your best endeavours for forming a battalion of the *New-York* Troops in that country, and to appoint the Field and other officers out of the gentlemen who have continued there during the campaign, according to their respective ranks and merit; and, if it should be found impracticable, you are to direct such of them as are provided for in the four battalions now raising in *New-York*, to repair to their respective corps. To enable you to carry this resolution into effect, you are furnished with blank commissions, signed by the President.

*Resolved*, That the Memorial from the *Indian* Traders, residing at *Montreal*, be delivered to the Commissioners going to *Canada*.

The draft of the Commission being taken into consideration, and debated by paragraphs, was agreed to, as follows:

The Delegates of the United Colonies of *New-Hampshire*, &c., to *Benjamin Franklin*, LL. D., Member of the Royal Academy of Sciences at *Paris*, F. F. S. &c., &c., one of the Delegates of the Colony of *Pennsylvania*; *Samuel Chase*, Esq., one of the Delegates of the Colony of *Maryland*, and *Charles Carroll* of *Carrollton*, of the said Colony of *Maryland*, Esq., greeting:

Know ye, That we, reposing special trust and confidence in your zeal, fidelity, abilities, and assiduity, do, by these presents, constitute and appoint you, or any two of you, Commissioners for and on behalf of us, and all the people of the United Colonies, whom we represent, to promote, or to form a union between the said Colonies and the people of *Canada*, according to the instructions herewith delivered you, and such as you may hereafter receive; and to execute all such matters and things as you are or shall be directed by your said instructions; and we do require all officers, soldiers, and others, who may facilitate your negotiation, or promote the success thereof, to aid and assist you therein; and you are from time to time to transmit and report your proceedings to Congress. This Commission to continue in force till revoked by this or a future Congress.

The Congress resumed the consideration of the Declaration; which was agreed to, as follows:

Whereas the Petitions of the United Colonies to the King, for the redress of great and manifest grievances, have not only been rejected, but treated with scorn and contempt, and the opposition to designs evidently formed to reduce them to a state of servile subjection, and their necessary defence against the hostile forces actually employed to subdue them, declared rebellion: And whereas an unjust war hath been commenced against them, which the commanders of the *British* fleets and armies have prosecuted, and still continue to prosecute, with their utmost vigour, and in a cruel manner, wasting, spoiling, and destroying the country, burning houses and defenceless towns, and exposing the helpless inhabitants to every misery from the inclemency of the winter, and not only urging Savages to invade the country, but instigating *Negroes* to murder their masters: And whereas the Parliament of *Great Britain* hath lately passed an act, affirming these Colonies to be in open rebellion, forbidding all trade and commerce with the inhabitants thereof, until they shall accept pardons, and submit to despotick rule, declaring their property, wherever found upon the water, liable to seizure and confiscation, and enacting, that what had been done there by virtue of the Royal authority were just and lawful acts, and shall be so deemed; from all which, it is manifest that the iniquitous scheme concerted to deprive them of the liberty they have a right to by the laws of Nature and the *English* Constitution, will be pertinaciously pursued: It being therefore necessary to provide for their defence and security, and justifiable to make reprisals upon their enemies, and otherwise to annoy them, according to the laws and usages of nations, the Congress, trusting that such of their friends in *Great Britain* (of whom, it is confessed, there are many entitled to applause and gratitude for their patriotism and benevolence, and in whose favour a discrimination of property cannot be made) as shall suffer by captures, will impute it to the authors of our common calamities, do declare and resolve, as followeth, to wit:

*Resolved*, That the inhabitants of these Colonies be per-

mitted to fit out Armed Vessels to cruise on the enemies of these United Colonies.

*Resolved*, That all Ships and other Vessels, their tackle, apparel, and furniture, and all goods, wares, and merchandises, belonging to any inhabitant or inhabitants of *Great Britain*, taken on the high seas, or between high and low water mark, by any Armed Vessel, fitted out by any private person or persons, and to whom commissions shall be granted, and being libelled and prosecuted in any Court erected for the trial of maritime affairs, in any of these Colonies, shall be deemed and adjudged to be lawful prize; and, after deducting and paying the wages which the seamen and mariners on board of such captures as are merchant ships and vessels shall be entitled to, according to the terms of their contracts, until the time of the adjudication, shall be condemned to and for the use of the owner or owners, and the officers, marines, and mariners of such Armed Vessel, according to such rules and proportions as they shall agree on: *Provided, always*, That this resolution shall not extend to any vessel bringing settlers, arms, ammunition, or warlike stores to and for the use of these Colonies, or any of the inhabitants thereof, who are friends to the *American* cause, or to such warlike stores, or to the effects of such settlers.

*Resolved*, That all Ships or Vessels, with their tackle, apparel and furniture, goods, wares, and merchandises, belonging to any inhabitant of *Great Britain* as aforesaid, which shall be taken by any of the Vessels-of-War of these United Colonies, shall be deemed forfeited; one-third, after deducting and paying the wages of seamen and marines as aforesaid, to the officers and men on board, and two-thirds to the use of the United Colonies.

*Resolved*, That all Ships or Vessels, with their tackle, apparel, and furniture, goods, wares, and merchandises, belonging to any inhabitants of *Great Britain* as aforesaid, which shall be taken by any Vessel of War fitted out by and at the expense of any of the United Colonies, shall be deemed forfeited, and divided, after deducting and paying the wages of seamen and mariners, as aforesaid, in such manner and proportions as the Assembly or Convention of such Colony shall direct.

*Resolved*, That all Vessels, with their tackle, apparel, and furniture, and cargoes, belonging to the inhabitants of *Great Britain*, as aforesaid, and all Vessels which may be employed in carrying supplies to the Ministerial armies, which shall happen to be taken near the shores of any of these Colonies, by the people of the country, or detachments from the Army, shall be deemed lawful prize; and the Court of Admiralty within the said Colony is required, on condemnation thereof, to adjudge that all charges and expenses which may attend the capture and trial be first paid out of the moneys arising from the sales of the prize, and the remainder equally divided among all those who shall have been actually engaged and employed in taking the said prize. *Provided*, That where any detachments of the Army shall have been employed as aforesaid, their part of the prize-money shall be distributed among them in proportion to the pay of the officers and soldiers so employed.

*Resolved*, That the foregoing Resolution be published.

*Resolved*, That a Committee of five be appointed to consider of the fortifying one or more Ports on the *American* coast, in the strongest manner, for the protection of our Cruisers, and the reception of their Prizes; that they take the opinion of the best Engineers on the manner and expense, and report thereon to Congress.

The Members chosen, Mr. *Harrison*, Mr. *J. Adams*, Mr. *Hewes*, Mr. *R. Morris*, and Mr. *Whipple*.

*Resolved*, That the Commissioners appointed to go to *Canada*, or any two of them, be empowered, if they think it necessary for the service of the United Colonies, to raise a number of Independent Companies, not exceeding six, and to appoint the Officers; that they also be empowered to fill up all vacancies that may happen in the Army of the United Colonies in *Canada*, while they are there.

*Resolved*, That 1066 $\frac{2}{3}$  Dollars, in Continental money, over and above the 1600 Dollars to be paid them in specie, be advanced to the Commissioners going to *Canada*, to defray their expenses, they to render an account.

*Resolved*, That 400 Dollars, in specie, be paid to Mr. *Walker*, in full for so much by him lent to General *Wapster*.

for the use of the Army in *Canada*; and that General *Wooster's* note be taken up and cancelled.

The Committee appointed to take into consideration the state of the Colonies in the Southern Department, brought in their Report, which was read, as follows:

That it appears highly probable that a very considerable force will be exerted in that department by our enemies early in the spring; that the Continental forces employed in *South-Carolina* and *Virginia*, respectively, cannot prudently be solely relied on for the defence of those Colonies; that notwithstanding *South-Carolina* and *Virginia* are at a very great separate expense in armed vessels, rendered absolutely necessary by the situation and circumstances of those countries; that the Militia of *South-Carolina* are obliged to perform a very laborious duty, which, from the smallness of their number, and the consequent quick rotation, is excessively burdensome; and that the Colony of *Virginia*, in addition to the six Continental Battalions already there, have resolved to raise, and are now embodying, three other Battalions.

Whereupon the Congress came to the following Resolutions:

*Resolved*, That the Convention or Council of Safety of *South-Carolina* be permitted to raise and embody two other Battalions, and that they be on the pay and at the expense of the Continent, as soon as they shall be armed fit for service, and accordingly mustered.

That the three Colonial Battalions of *Virginia* be also on the pay and at the expense of the Continent, as soon as they shall be armed fit for service, and accordingly mustered.

The Committee aforesaid further reported: That the Council of Safety of *Virginia* hath contracted for the subsistence of the Third Battalion in that Colony, at six Pence half-Penny a ration; of the Fifth, at eight Pence; and of the Second, Fourth, Seventh, Eighth, and Ninth, at seven Pence half-Penny a ration.

Whereupon, *Resolved*, That those Contracts be confirmed.

*Resolved*, That a Deputy Mustermaster-General be appointed for the Southern Department.

The ballots being taken and examined, *Edmund Randolph*, Esquire, was elected.

*Resolved*, That *E. Randolph*, Esq., be empowered to appoint two Deputy Mustermasters under him; one for *North-Carolina*, and the other for *South-Carolina* and *Georgia*.

*Resolved*, That the Order of the Day be postponed.

The Congress then took into consideration the Report of the Committee on the ways and means of supplying the Troops in *Canada* with Provisions and necessaries.

*Resolved*, That an Order be sent to Commodore *Dougllass* immediately to repair to the Lakes, and take the command of the Vessels on that station.

Adjourned to ten o'clock, on *Thursday*.

Thursday, March 28, 1776.

*Resolved*, That an Order be drawn on the Treasurers, in favour of *William Barrel*, of *Philadelphia*, for the sum of 20,000 Dollars, in full for Tent-Cloth, sent by him to Colonel *Mifflin*, for the use of the Army under the command of General *Washington*; the money being paid in consequence of the General's Letter of the 13th; to be charged to the Account of the General.

*Resolved*, That the Marine Committee be empowered to purchase, on the most reasonable terms they can, the Ship *Molly*, for the use of the Continent, and to fit her out, with all possible expedition, to join Captain *Barry*, on his cruise along the Coast, between *New-York* and *Virginia*.

"We have not been unmindful of our promise made to you and your nation, the 16th of *December*. We now thank you for your speech to us the 2d of last month.

"BROTHERS, THE DELAWARES:

"At the Council-fire, at *Pittsburgh*, last fall, and since by our brother Captain *White-Eyes*, who hath been all the winter with us, you requested our assistance to promote peace and useful knowledge among you, particularly the knowledge of the Christian religion. We rejoice, brothers, to find you thus disposed, and will, as early as we can, provide a suitable minister and schoolmaster, and a sober man to instruct you in agriculture. These things we agree to do, brothers, at your request, and to convince you that we wish to advance your happiness, and that there may be a lasting union between us, and that, as you express it, we may become one people. The introduction of useful arts among you will be effected, we apprehend, by encouraging handicraft-men to settle and reside in your country. The method of doing this must be left to your own discretion.

"BROTHERS:

"We desire you will make it known among all the *Indian* nations to the westward, that we are determined to cultivate peace and friendship with them, and that we will endeavour, by making the best regulations in our power, to prevent any of our people wronging them in any manner, or taking their lands; and that we will strive to put the trade between us on such a footing as will secure the peace, and promote the interest of all parties; and we expect that all the wise men, of every *Indian* nation, will use their influence for the same purpose.

"BROTHERS:

"We have named *George Morgan*, Esq., as Agent under our Commissioners for *Indian* Affairs in the Middle Department, and we desire you will confer with him on whatever business you may have with us. We hope you will inform him of all publick matters. We recommend him to your friendship.

"BROTHERS:

"You tell us that your uncles, our brothers, the *Wyandots*, have given your nation a large tract of country, comprehended between the River *Ohio* on the south, the west branch of the River *Muskingham* and *Sandusky* on the west, *Lake Erie* on the north, and *Presque-Isle* on the east.

"BROTHERS:

"Hearken to our advice. As we are informed that your uncles, our brothers, the *Six Nations*, claim most of those lands, we recommend it to you to obtain their approbation of this grant to you from the *Wyandots*, in publick council, and have it put on record. Such a step will prevent uneasiness and jealousy on their part, and continue the confidence and friendship which subsists between you and them. We wish to promote the lasting peace and happiness of all our brothers, the *Indian* nations, who live with us on this great Island. As far as your settlement and security may depend upon us, you may be assured of our protection. We shall take all the care in our power, that no interruption or disturbance be given you by our people, nor shall any of them

be suffered, by force or fraud, to deprive you of any of your lands, or to settle them without a fair purchase from you, and your free consent. If, contrary to our intention, any injury should be offered to you by any of our people, inform us of it, and we shall always be ready to procure you satisfaction and redress.

“BROTHER CAPTAIN WHITE-EYES:

“We desire you will inform your nation, your uncles the *Six Nations*, and *Wyandots*, your grandchildren the *Shawanese*, and all the other nations, what you have seen and heard among us, and exhort them to keep fast hold of the covenant-chain of friendship, which we have so lately repaired and strengthened. As you are now about to depart, we present you with some money to buy clothes and necessaries, and pay your expenses, and we wish you a good journey, and bid you farewell.”

A Letter of the 21st *March*, from *W. H. Drayton*,\* President of the Convention of *South-Carolina*, with a copy of

\*SOUTH-CAROLINA, CHARLESTOWN, *March* 21, 1776.

SIR: By order of the [Provincial] Congress I have the honour to transmit, through your hands, to the honourable the Continental Congress, the enclosed copy of an act of Parliament, which received the Royal assent on the 21st of *December* last.

A packet just arrived at *Georgia* brought out this act, purporting a declaration of war against the United Colonies; and as it is probable the communication between *England* and the Northern Colonies may be so far obstructed that a copy of the act may not speedily reach *Philadelphia* by a northern channel, and as it is of the highest importance that the Continental Congress should be possessed of one, we have thought proper to transmit to you by express the only printed copy we have.

The act being laid before the [Provincial] Congress, they so much resented the contents of it, that a *West-Indiaman*, which had put in here to refit, loaded with sugars, and being on the point of sailing for *London*, was immediately seized and brought back to the town; and it is ordered that her cargo be sold, and the money arising from the sale, be placed in the Treasury. Indeed, the Congress were disposed to have proceeded, and they certainly would have proceeded to pass a resolution to make prize of all the vessels belonging to *Great Britain*, but they would not anticipate the determination of the *American* Congress upon that important subject.

I have the honour to be, sir, your most obedient and most humble servant,  
WILLIAM H. DRAYTON, President.

To the Honourable *John Hancock*, Esquire, President of the Continental Congress.

An Act to prohibit all Trade and Intercourse with the Colonies of NEW-HAMPSHIRE, MASSACHUSETTS-BAY, RHODE-ISLAND, CONNECTICUT, NEW-YORK, NEW-JERSEY, PENNSYLVANIA, the three lower Counties on DELAWARE, MARYLAND, VIRGINIA, NORTH-CAROLINA, SOUTH-CAROLINA, and GEORGIA, during the continuance of the present rebellion within the said Colonies respectively; for repealing an Act made in the fourteenth

the Act of Parliament prohibiting all Trade and Commerce with the *American Colonies*; also,

A Letter of the 10th instant, from Colonel *John Haslet*, enclosing an account of the engagement between the detachment of the *Delaware Battalion* at *Lewis*, and a Tender of the *Roebuck*; also, informing that another Company is wanted at *Lewistown*, and that he has ordered one to march thither, were laid before Congress, and read.

*Resolved*, That the conduct of Colonel *Haslet*, in ordering another Company to *Lewistown*, be approved.

*year of the reign of his present Majesty, to discontinue the landing and discharging, lading or shipping, of Goods, Wares, and Merchandise, at the Town and within the Harbour of Boston, in the Province of MASSACHUSETTS-BAY; and also two Acts, made in the last session of Parliament, for restraining the trade and commerce of the Colonies in the said Acts respectively mentioned; and to enable any person or persons, appointed and authorized by his Majesty, to grant pardons, to issue Proclamations in the cases and for the purpose therein-mentioned.*

Whereas many persons in the Colonies of *New-Hampshire, Massachusetts-Bay, Rhode-Island, Connecticut, New-York, New-Jersey, Pennsylvania*, the three lower Counties on *Delaware, Maryland, Virginia, North-Carolina, South-Carolina*, and *Georgia*, have set themselves in open rebellion and defiance to the just and legal authority of the King and Parliament of *Great Britain*, to which they ever have been, and of right ought to be, subject; and have assembled together an armed force, engaged his Majesty's troops, and attacked his forts, have usurped the powers of Government, and prohibited all trade and commerce with this kingdom, and the other parts of his Majesty's dominions; for the more speedily and effectually suppressing such wicked and daring designs, and for preventing any aid, supply, or assistance, being sent thither during the continuance of the said rebellious and treasonable commotions, be it therefore declared and enacted by the King's most excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, That all manner of trade and commerce is and shall be prohibited with the Colonies of *New-Hampshire, Massachusetts-Bay, Rhode-Island, Connecticut, New-York, New-Jersey, Pennsylvania*, the three lower Counties on *Delaware, Maryland, Virginia, North-Carolina, South-Carolina*, and *Georgia*; and that all ships and vessels of or belonging to the inhabitants of the said Colonies, together with their cargoes, apparel, and furniture, and all other ships and vessels whatsoever, together with their cargoes, apparel, and furniture, which shall be found trading in any port or place of the said Colonies, or going to trade, or coming from trading, in any such port or place, shall become forfeited to his Majesty, as if the same were the ships and effects of open enemies, and shall be so adjudged, deemed, and taken, in all Courts of Admiralty, and in all other Courts whatsoever.

II. *Provided always, and it is hereby further enacted and declared by the authority aforesaid*, That nothing in this act shall extend, or be construed to extend, to such ships and vessels as shall be actually retained or employed in his Majesty's service, or to such ships and vessels as shall be laden with provisions for the use of his Majesty's fleets, armies, or garrisons, or for the use of the inhabitants of any town or place garrisoned or possessed by any of his Majesty's troops, provided the masters of such ships and vessels respectively shall produce a license in writing, under the hand and seal of the Lord High Admiral of *Great Britain* for the time being, or of three or more Commissioners for the time being for executing the office of Lord High Admiral of *Great Britain*, or of the commanders of his Majesty's Fleets or Armies, or of the Governor, Lieutenant-Governor, or Commander-in-Chief of any of his Majesty's Colonies or Provinces not herein-before mentioned, specifying the voyage in which such ship or vessel shall be employed, and expressing the time for which such license shall subsist and be in force, and also expressing the quantity and species of the said stores and provisions on board; and if any goods, wares, or merchandises, other than stores and provisions for his Majesty's use, or provisions for the use of the inhabitants of any town or place garrisoned and possessed by his Majesty's troops, shall be found on board such ships or vessels, (the necessary stores for the ship's use, and the baggage of the passengers, only excepted,) in any or either of those cases, the said goods, wares, and merchandises shall be forfeited, and shall and may be seized and prosecuted in the manner herein-after directed.

III. And, for the encouragement of the officers and seamen of his Majesty's ships of war, *Be it further enacted*, That the flag officers, captains, commanders, and other commissioned officers in his Majesty's pay, and also the seamen, marines, and soldiers on board, shall have the sole interest and property of, and in all and every such ship, vessel, goods, and merchandise, which they shall seize and take, (being first adjudged lawful prize in any of his Majesty's Courts of Admiralty,) to be divided in such proportions, and after such manner, as his Majesty shall think fit to order and direct by proclamation or proclamations hereafter to be issued for those purposes.

IV. *And be it further enacted by the authority aforesaid*, That it shall and may be lawful to and for the said flag officers, captains, and commanders, respectively, to cause to be taken, or put on board any of his Majesty's ships or vessels of war, or on board any other ships or vessels, all and every the masters, crews, and other persons who shall be found on board such ship and ships as shall be seized and taken as prize as aforesaid; and, also, to enter the names of such of the said mariners and crews, upon the book or books of his Majesty's said ships or vessels, as they, the said flag officers, captains, and commanders, shall respectively think fit; from the time and times of which said entries respectively, the said mariners and crews shall be considered, and they are hereby declared to belong to, and to be as much in the service of his Majesty, to all intents and purposes, as if the said mariners and crews had entered themselves voluntarily to serve on board his Majesty's said ships and vessels respectively; and also that it shall and may be lawful to and for the said flag officers, captains, and commanders respectively, to detain, or cause to be detained and kept, the masters and other persons, and also such others of the mariners and crews of the said prize ships as shall not be entered upon the books of his Majesty's ships or vessels of war as aforesaid, in and on

board any ship or ships, vessel or vessels whatsoever, until the arrival of such last-mentioned ships or vessels in some port in *Great Britain* or *Ireland*, or in any port of *America* not in rebellion; and upon the arrival of those ships or vessels in any such port, the commanders thereof are hereby respectively authorized and required immediately to set the said last-mentioned mariners and crews, and also the said masters and other persons, at liberty on shore there.

V. And, for the more speedy proceeding to condemnation or other determination of any prize, ship, or vessel, goods, or merchandises, to be taken as aforesaid, and for lessening the expenses that have been usual in the like cases, *Be it further enacted by the authority aforesaid*, That the Judge or Judges of such Court of Admiralty, or other person or persons thereto authorized, shall, within the space of five days after request to him or them for that purpose made, finish the usual preparatory examinations of the persons commonly examined in such cases, in order to prove the capture to be lawful prize, or to inquire whether the same be lawful prize or not; and that the proper monition usual in such cases shall be issued by the person or persons proper to issue the same, and shall be executed in the usual manner by the person or persons proper to execute the same, within the space of three days after request in that behalf made; and in case no claim of such capture, ship, vessel, or goods, shall be duly entered or made in the usual form, and attested upon oath, giving twenty days notice after the execution of such monition; or if there be such claim, and the claimant or claimants shall not within five days give sufficient security (to be approved of by such Court of Admiralty) to pay double costs to the captor or captors of such ship, vessel, or goods, in case the same so claimed shall be adjudged lawful prize, that then the Judge or Judges of such Court of Admiralty shall (upon producing to him or them the said examinations or copies thereof, and upon producing to him or them, upon oath, all papers and writings which shall have been found taken in or with such capture, or upon oath made that no such papers or writings were found) immediately, and without further delay, proceed to sentence, either to discharge and acquit such capture, or to adjudge and condemn the same as lawful prize, according as the case shall appear to him or them upon perusal of such preparatory examinations, and also of the other last-mentioned papers and writings found taken in or with such capture, if any such papers or writings shall be found; and in case such claim shall be duly entered or made, and security given thereupon according to the tenor and true meaning of this act, and there shall appear no occasion to examine any witnesses other than what shall be then near to such Court of Admiralty, that then such Judge or Judges shall forthwith cause such witnesses to be examined within the space of ten days after such claim made and security given, and proceed to such sentence, as aforesaid, touching such capture; but in case, upon making or entering such claim, and the allegation and oath thereupon, or the producing such papers or writings as shall have been found or taken in or with such capture, or, upon the said preparatory examinations, it shall appear doubtful to the Judge or Judges of such Court of Admiralty whether such capture be lawful prize or not, and it shall appear necessary, according to the circumstances of the case, for the clearing and determining such doubt, to have an examination, upon pleadings given in by the parties and admitted by the Judge, of witnesses that are remote from such Court of Admiralty, and such examination shall be desired, and that it be still insisted on, on behalf of the captors, that the said capture is lawful prize, and the contrary be still persisted in on the claimants behalf, that then the said Judge or Judges shall forthwith cause such capture to be appraised by persons to be named by the parties and appointed by the Court, and sworn truly to appraise the same according to the best of their skill and knowledge; for which purpose the said Judge or Judges shall cause the goods found on board to be unladen, and, an inventory thereof being first taken by the Marshal of the Admiralty, or his deputy, shall cause all such parts of the goods and merchandise as are perishable commodities to be sold by publick sale, for the clear amount of which only the captors shall be answerable to the claimants, and the remainder of them to be put into proper warehouses, with separate locks, of the Collector and Comptroller of the Customs, and, where there is no Comptroller, of the Naval Officer and the agents or persons employed by the captors and claimants, at the charge of the party or parties desiring the same; and shall, after such appraisement made, and within the space of fourteen days after the making of such claim, proceed to take good and sufficient security from the claimants to pay the captors the full value thereof, according to such appraisement, in case the same shall be adjudged lawful prize; XXXIV. *Provided always*, That nothing in this act contained shall be construed to restrain his Majesty, his heirs and successors, from giving such further rules and directions to his respective Courts of Admiralty and Vice-Admiralty, as by his Majesty, his heirs and successors, with the advice of his or their Privy Council, shall be thought necessary or proper.

XXXV. *Provided always, and it is hereby further enacted by the authority aforesaid*, That nothing herein contained shall extend, or be construed to extend, to any ship or vessel the property of any person or persons residing in the said Colonies of New-Hampshire, Massachusetts-Bay, Rhode-Island, Connecticut, New-York, New-Jersey, Pennsylvania, the three lower Counties on Delaware, Maryland, Virginia, North-Carolina, South-Carolina, and Georgia, or any or either of them, which shall have sailed for Great Britain or Ireland, from any British sugar Colony or Plantation in the West-Indies, on or before the first day of March, one thousand seven hundred and seventy-six, laden with any goods or commodities which before the passing of this act might be so lawfully transported and carried in any such ship or vessel; nor to any ship or vessel the property of any person or persons residing in the said Colonies of New-Hampshire, Massachusetts-Bay, Rhode-Island, Connecticut, New-York, New-Jersey, Pennsylvania, the three lower Counties on Delaware, Maryland, Virginia, North-Carolina, South-Carolina, and Georgia, or any or either of them, which on or before the first day of January, one thousand seven hundred and seventy-six, shall have arrived at any of the British sugar Colonies or Plantations in the West-Indies, laden with lumber and provisions, or either of them, and, after discharging the same at such sugar Colony or Plantation, shall, on or before the first day of August, one thousand seven hundred and seventy-six, lade and take on board there, in order to be transported from thence into Great Britain or Ireland, any goods or commodities which may be lawfully transported from such sugar Colony or Plantation into Great Britain or Ireland respectively, in any other British vessel, upon condition that the master or person having the charge of such ship or vessel which shall have so arrived on or before the said first day of January, one thousand seven hundred and seventy-six, and shall have been loaded on or before the said first day of August, one thousand seven hundred and seventy-six, shall produce a certificate, under the hands and seals of office of the Collector and Comptroller, or other principal officer of his Majesty's Customs for the port or place where such goods shall be laden, certifying that such ship or vessel did arrive at such sugar Colony or Plantation on or before the said first day of January, one thousand seven hundred and seventy-six, laden with lumber and provisions, or either of them, as the case may be; and that, after having discharged the same in such sugar Colony or Plantation, she had taken on board the several goods therein laden for Great Britain or Ireland respectively, describing the name and burthen of the ship, with the name of the master, and the contents of the cargo, with the particular marks and numbers of the packages of each sort and species of goods so laden, the port or place where, and the time when laden, and the port in Great Britain or Ireland to which the goods are consigned, and that bond and security has been given for the due landing thereof according to law; which certificate such Collector and Comptroller, or other principal officer of the customs, are hereby required and enjoined to give without fee or reward.

XXXVI. *And it is hereby further enacted by the authority aforesaid*, That the certificates before-mentioned for such ships or vessels as shall be bound to Great Britain and Ireland, shall continue in force for six months from the dates thereof, and no longer; and the master or person having charge of such ship or vessel, upon his arrival at the port of his discharge in Great Britain or Ireland, at the time he reports his ship, is hereby required to deliver up such certificate to the Collector and Comptroller, or other principal officer of the customs at such port, on forfeiture of one hundred pounds; and if any officer or officers of the customs shall give or grant any false certificate, for the purpose required or directed by this act, such officer or officers shall forfeit the sum of five hundred pounds, and be rendered incapable of serving his Majesty, his heirs, and successors, in any office whatsoever; and if any person or persons shall counterfeit, erase, alter, or falsify any such certificate, or any license required or directed by this act, or shall knowingly make use of any false certificate or license, or of any certificate or license so counterfeited, erased, altered, or falsified, such person or persons shall, for every such offence, forfeit the sum of five hundred pounds, and such certificate or license shall be invalid and of no effect; which said penalties, if the same shall be incurred in Great Britain or within the British dominions in America, shall, and may be prosecuted, sued for, and recovered, and be divided, paid, and applied, in like manner as other penalties, inflicted by any act or acts of Parliament relating to the trade or revenues of the British Colonies or Plantations in America, are directed to be prosecuted, sued for, or recovered, divided, paid, and applied, by any act or acts of Parliament now in force; and if the said penalties shall be incurred in the kingdom of Ireland, the same shall and may be prosecuted, sued for, recovered, and applied, in such and

Ordered, That the same be paid.

A Petition from the Committees of the Townships of *Walpack*, *Sandstone*, and *Montague*, in the County of *Sussex*, in *New-Jersey*, was presented to Congress, and read.

Resolved, That the same be referred to the Commissioners for *Indian Affairs*, who are Members of Congress.

The Committee appointed to prepare a Resolution for the sale and consumption of the Teas now in these Colonies, brought in the same, which was read, and agreed to, as follows:

the like manner, as any forfeiture incurred by the laws now in force in the said kingdom of *Ireland*, against the running or intending to run goods into that kingdom, may, by any act or acts of Parliament now in force there, be prosecuted, sued for, recovered, and applied.

XXXVII. *Provided always, and be it further enacted by the authority aforesaid*, That nothing in this act shall extend, or be construed to extend, to any ship or vessel, or the cargo thereof, which shall have been or may be cleared out from any port in *Great Britain* or *Ireland*, before the 1st day of *January*, one thousand seven hundred and seventy-six, and shall be bound to any of the *British* sugar Colonies in the *West-Indies*, or which hath been, or may be so cleared out from the said *British* sugar Colonies, and shall be bound to *Great Britain* or *Ireland*, in case it shall appear by the register of such ship or vessel that two-thirds at the least of the owners of such ship or vessel are his Majesty's subjects residing in *Great Britain* or *Ireland*, or in some of the said *British* sugar Colonies; nor to any ship or vessel, or the cargo thereof, which shall be cleared out from any port in *Great Britain* or *Ireland*, after the 20th day of *January* one thousand seven hundred and seventy-six, and shall be bound to any of the *British* sugar Colonies, or which shall be cleared out after the 25th day of *March*, one thousand seven hundred and seventy-six, from the said *British* sugar Colonies, and shall be bound to *Great Britain* or *Ireland*, in case it shall appear, by the oath or affirmation of one or more of the owners of such ship or vessel, to be endorsed on the register thereof, to be taken before the Collector or other principal officer of the customs at the port or place where such ship or vessel shall be cleared out, (which oath or affirmation such Collector, or other principal officer of the customs, is hereby authorized and required to administer,) that two-thirds at least of such ship or vessel are the property of his Majesty's subjects residing in *Great Britain* or *Ireland*, or in some of the said sugar Colonies or Plantations.

XXXVIII. And whereas many and large debts are now due from the inhabitants of the *North-American* Colonies herein-before mentioned to divers of his Majesty's good and loyal subjects residing in *Great Britain*, *Ireland*, and the *British* Plantations in the *West-Indies*, and many of such good and loyal subjects may have estates and effects in some of the said *North-American* Colonies: And whereas goods and merchandise have been or may be shipped or laden in the said Colonies, for and on account of such debts, estates, or effects, and other goods and merchandise may be laden there, and sent from thence in consequence of orders given for that purpose, *Be it therefore enacted by the authority aforesaid*, That nothing in this act contained shall extend, or be construed to extend, to any ship or vessel which shall have cleared out and sailed from any of the said Colonies for *Great Britain*, *Ireland*, or any of the *British* Plantations in the *West-Indies*, on or before the 1st day of *January*, one thousand seven hundred and seventy-six; nor shall extend, or be construed to extend, to forfeit any goods or merchandise, or effects which shall be laden or shipped on board any ship or vessel in any of the said *North-American* Colonies, on or before the 25th day of *March*, one thousand seven hundred and seventy-six, as a remittance to any of his Majesty's subjects, residing in *Great Britain*, *Ireland*, or the *British* Colonies or Plantations in the *West-Indies*, for or on account of any such estates, effects, or debts, or in consequence of any orders given for that purpose, before the 21st day of *December*, one thousand seven hundred and seventy-five, provided proof thereof shall be made, on oath of the parties to whom such goods, merchandise, or effects, shall be consigned, or otherwise to the satisfaction of the Judge or Court before whom any seizure of such goods, merchandise, or effects, shall be depending, anything herein contained to the contrary notwithstanding.

XXXIX. *Provided always, and it is hereby further enacted by the authority aforesaid*, That nothing herein contained shall extend, or be construed to extend, to any ship or vessel the property of any person or persons residing in the said Colonies of *New-Hampshire*, *Massachusetts-Bay*, *Rhode-Island*, *Connecticut*, *New-York*, *New-Jersey*, *Pennsylvania*, the three lower Counties on *Delaware*, *Maryland*, *Virginia*, *North-Carolina*, *South-Carolina*, or *Georgia*, which, on or before the 1st day of *January*, one thousand seven hundred and seventy-six, shall have sailed from any port or place in *Europe* where such ship or vessel might lawfully trade; or which on or before the said 1st day of *January*, one thousand seven hundred and seventy-six, shall be actually laden in any such port or place for *Great Britain* or *Ireland*, with such goods and merchandises as such ship or vessel might lawfully so transport; nor to any such ship or vessel as shall, on the said 1st day of *January*, one thousand seven hundred and seventy-six, remain in any port of *Great Britain* or *Ireland*, anything herein contained to the contrary thereof in anywise notwithstanding.

XI. *Provided also, and it is hereby further enacted by the authority aforesaid*, That nothing in this act contained shall extend, or be construed to extend, to any ship or vessel, being the property of any of the inhabitants of the Island of *Nantucket*, employed in the whale fishery only, if it shall appear by the papers on board that such ship or vessel was fitted and cleared out from thence before the 1st day of *December*, one thousand seven hundred and seventy-five; or if the master, or other person having the charge of any such ship or vessel as aforesaid, shall produce a certificate under the hand and seal of the Governour or Commander-in-Chief of the Province of the *Massachusetts-Bay*, setting forth that such ship or vessel (expressing her name, and the name of her master, and describing her built and burthen) is the whole and entire property of his Majesty's subjects of the said Island of *Nantucket*, and was the property of one or more of them on or before the 25th day of *March*, one thousand seven hundred and seventy-five.

Whereas by the third article of the Association entered into by the late Continental Congress, at *Philadelphia*, on the 24th day of *October*, in the year of our Lord 1774, it was agreed, that, from that day, the inhabitants of the United Colonies "would not purchase nor use any Tea imported on account of the *East-India* Company, or any on which a duty had been or should be paid; and from and after the first day of *March* then next following, they would not purchase or use any *East-India* Tea whatever:" And whereas it has been represented to this Congress, that the time as aforesaid limited for the consumption of the Tea

XLI. And whereas, before the passing this act, and since the commencement of the said unnatural rebellion, divers persons, vessels, cargoes, and other effects, may have been seized, detained, examined, searched, damaged, or destroyed, for the publick service, in withstanding or suppressing the said rebellion, *Be it further enacted by the authority aforesaid*, That all such acts shall be deemed just and legal to all intents, constructions, and purposes whatsoever; and if any action or suit shall be commenced or prosecuted against any person or persons for or by reason of anything so done, or for or by reason of anything done or acted in pursuance of this act, then, and in every such case, such action or suit shall be commenced within six calendar months next after the fact committed, and not afterwards; and the defendant or defendants shall and may plead the general issue, and give this act and the special matter in evidence; and if the act shall appear to have been done for the service of the publick, or in pursuance of and by the authority of this act, or if any such action or suit shall be brought after the time herein-before limited for bringing the same, then the jury shall find for the defendant or defendants; and upon such finding, or if the plaintiff or plaintiffs shall be nonsuited, or discontinue his or their action after the defendant or defendants shall have appeared, or if upon demurrer judgment shall be given against the plaintiff or plaintiffs, the defendant or defendants shall and may recover treble costs.

XLII. And whereas an act was passed in the fourteenth year of the reign of his present Majesty, (intituled, An act to discontinue, in such manner, and for such time, as are therein mentioned, the landing and discharging, lading or shipping, of goods, wares, and merchandise, at the town, and within the harbour of *Boston*, in the Province of *Massachusetts-Bay*, in *North-America*;) and also an act passed in the last session of Parliament, (intituled, An act to restrain the trade and commerce of the Provinces of *Massachusetts-Bay* and *New-Hampshire*, and Colonies of *Connecticut*, and *Rhode-Island* and *Providence Plantations*, in *North-America*, to *Great Britain*, *Ireland*, and the *British* Islands in the *West-Indies*;) and to prohibit such Provinces and Colonies from carrying on any fishery on the banks of *Newfoundland*, or other places therein mentioned, under certain conditions and limitations;) and also another act passed in the same session, (intituled, An act to restrain the trade and commerce of the Colonies of *New-Jersey*, *Pennsylvania*, *Maryland*, *Virginia*, and *South-Carolina*, to *Great Britain*, *Ireland*, and the *British* Islands in the *West-Indies*, under certain conditions and limitations;) And whereas the prohibitions and restraints imposed by the said acts will be rendered unnecessary by the provisions of this act, *Be it therefore enacted by the authority aforesaid*, That from and after the 1st day of *January*, one thousand seven hundred and seventy-six, the said acts shall be, and the same are hereby repealed.

XLIII. And be it further enacted by the authority aforesaid, That this act, so far as the same relates to the capture and forfeiture of ships and vessels belonging to the inhabitants of the above-mentioned Colonies, shall, except in the cases herein-before mentioned, commence and be in force from and after the 1st day of *January*, one thousand seven hundred and seventy-six; and so far as the same relates to the capture and forfeiture of all other ships and vessels that shall be found going to trade in or at any of the said Colonies, from and after the 1st day of *February*, one thousand seven hundred and seventy-six; and so far as the same relates to the capture and forfeiture of all other ships and vessels that shall be found trading in or at any of the said Colonies, or bound and trading from any port or place in the same, from and after the 25th day of *March*, one thousand seven hundred and seventy-six; and shall continue to be in force so long as the said Colonies respectively shall remain in a state of rebellion.

XLIV. *Provided always nevertheless, and it is hereby enacted by the authority aforesaid*, That in order to encourage all well-affected persons in any of the said Colonies to exert themselves in suppressing the rebellion therein, and to afford a speedy protection to those who are disposed to return to their duty, it shall and may be lawful to and for any person or persons, appointed and authorized by his Majesty to grant a pardon or pardons to any number or description of persons, by proclamation, in his Majesty's name, to declare any Colony or Province, Colonies or Provinces, or any County, Town, Port, District, or place, in any Colony or Province, to be at the peace of his Majesty; and from and after the issuing of any such proclamation in any of the aforesaid Colonies or Provinces, or if his Majesty shall be graciously pleased to signify the same by his Royal Proclamation, then, from and after the issuing of such proclamation, this act, with respect to such Colony or Province, Colonies or Provinces, County, Town, Port, District, or place, shall cease, determine, and be utterly void; and if any captures shall be made, after the date and issuing of such proclamations, of any ships or vessels, and their cargoes, belonging to the inhabitants of any such Colony or Province, Colonies or Provinces, County, Town, Port, District, or place, or of any ships trading to or from such Colony or Province, Colonies or Provinces respectively, the same shall be restored to the owners of such ships or vessels, upon claim being entered, and due proof made of their property therein, and the captors shall not be liable to any action for seizing or detaining the said ships or vessels, or their cargoes, without proof being made that they had actual notice of such proclamation having been issued.

XLV. *Provided always*, That such proclamation or proclamations shall not discharge or suspend any proceeding upon any capture of any such ship or vessel made before the date and issuing thereof.

then on hand, was too short; whereby many zealous friends to the *American* cause, who had imported large quantities of that commodity, with design not merely to advance their fortunes, but to counteract the plan then pursued by the Ministry and *India* Company to introduce and sell in these Colonies Tea subject to duty, are likely to become great sufferers—the greater part of the estates of many of them being vested in that article, and they, by that means, rendered incapable not only of paying their debts and maintaining their families, but also of vigorously exerting themselves in the service of their country: And whereas it was originally the design of Congress that all *India* Tea, which had been imported agreeable to the tenour of the said Association, might be sold and consumed; but the time limited for that purpose proving too short:

*Resolved*, That all *India* Tea, imported as aforesaid, expressly excepting all Teas imported by or on account of the *East-India* Company, now remaining on hand in these Colonies, be sold and used.

And whereas, from the future importation of Tea being prohibited, some Tea-holders may be tempted to avail themselves of the scarcity which will be occasioned by it, and exact exorbitant prices for an article of little real value in itself, and which owes its worth to a habit, in many respects, pernicious to the inhabitants of these Colonies:

*Resolved*, therefore, That *Bohea* Tea ought not to be sold by retail in the smallest quantities, at a higher price, in any Colony, than at the rate of three-fourth parts of a Dollar per pound; and other Teas at such a price as shall be regulated by the Committees of the Town or County where the Tea is sold; and that all persons who shall either give or take a greater price for it ought to be considered as enemies to the *American* cause, and treated accordingly. And it is earnestly recommended to all Committees of Inspection and Observation, as well to be vigilant in carrying this Resolve into execution as those which prohibit the importation of *India* Tea from any part of the world, it being the desire of Congress to exclude all Teas, except such as make part of the cargoes of prizes taken by ships of war or privateers belonging to these Colonies.

*Ordered*, That the above be published.

*Resolved*, That the Secret Committee be directed to deliver to Lieutenant-Colonel *Hartley* one quarter-cask of Powder, to repay so much by him borrowed for the use of the Continent.

The Committee appointed to prepare a Letter to the Committee of Safety of *New-Jersey*, brought in a draft, which, being read, was agreed to.

*Ordered*, That the same be transcribed, signed by the President, and transmitted.

The Committee appointed to consider the Representation and Queries of *James Mease*, respecting the Sixth Battalion of Troops commanded by Colonel *Irvine*, brought in their Report, which was read.

Whereupon *Resolved*, That the Certificates of Magistrates, or other respectable inhabitants of the County of *Cumberland*, who have inspected and examined the Companies of the said Battalion, shall, in this instance, justify the Paymaster in paying such Companies, agreeable to the said Certificates, the Mustermaster being absent.

That the supernumerary Privates that have been inlisted, and are armed and clothed, be continued and paid.

That the Officers in the said Battalion be paid for their subsistence since the recruiting service has been over, at the rates used in other Battalions.

That the claim of the Ensign, in Captain *Wilson's* Company, to pay and subsistence from the time of entering into actual service, be allowed.

*Resolved*, That the Marine Committee be empowered to build two Galleys, capable of carrying, each, two thirty-six or forty-two-pounders, to oppose the enemy's Vessels in Bays and Harbours.

*Resolved*, That the Committee for casting Cannon be directed to contract for the casting forty Howitzers, with a sufficient quantity of Shells.

The Committee appointed to take into consideration the application of *James Hughes*, late Town-Major of *Montreal*, and now one of the prisoners of the thirteen United Colonies, brought in their Report, wherein they represent,

"That it appears to them that Mrs. *Hughes*, the wife of the said *James Hughes*, on or about the 5th of *February* last, bargained with a certain *Jabez West*, for divers goods and merchandise, in her possession, at *Montreal*, for which the said *West*, as the said *James Hughes* alleges, agreed to pay £905 11 9<sup>3</sup>/<sub>4</sub>, sterling money of *Great Britain*, and £151 1 9, *Halifax* currency, in gold and silver, to said *Hughes*, within eighteen days from that time; upon which payment being made, the goods were to be delivered at *Albany*, to the said *West*, by a certain *John Stevenson*, at *Albany*, to whom they were to be sent at the expense of said *West*; that the said *West* paid to said *Hughes* 240 dollars, in part; but it was, as the said *Hughes* alleges, agreed, that if the residue of the money was not paid within the time limited, then the 240 dollars were to be forfeited, and the goods not to be delivered; that the goods arrived at *Albany*, and were in the possession of Mr. *Stevenson*, who, on the 11th of *March* last, by some means or other, was induced to deliver the goods to *West*, though he paid no money; that the said *West* gave a bond to the said *Stevenson*, payable to the said *Hughes*, for £1609 18 8, Continental currency, on the 9th of *April* instant, without any authority from the said *Hughes*, as he alleges; that the said *West* proceeded with the goods, immediately on the receipt of them, to some of the Eastern Colonies, and, it is apprehended, to *Connecticut*. Upon the whole, the Committee are of opinion, that the said *Hughes* may probably lose his debt from *West*, without the interposition of Congress, or their permission to him to go in pursuit of the said *West*."

Whereupon *Resolved*, That Governour *Trumbull*, of the Colony of *Connecticut*, be desired to direct the most effectual method, according to law, to be taken, for securing the person of *Jabez West*, or his effects, to the value of the debt due to *James Hughes*, if either can be found in his Government; and to see that justice be done in the premises.

To *GEORGE MORGAN, Esq., Agent under the Commissioners for INDIAN Affairs in the Middle Department.*

SIR: You are required to provide that the Great Belt presented to the *Indians* last fall at *Pittsburgh*, be forwarded, with all convenient expedition, to the Sachems and Warriors of the Western Nations, and endeavour, to the utmost of your power, to convince them of the good wishes

and good intentions of Congress for and towards them, and to cultivate harmony and friendship between them and the white people; and to give Congress the most early intelligence of any interruption thereof, or of any disturbance which shall arise, and which you cannot quiet.

Acquaint the *Indians* that Congress have formed the best plan they could devise to import foreign goods for their use, and have neglected no probable means to procure them in time; and if they should not be supplied so soon as they may be wanted, the misfortune is to be ascribed to the common enemies of them and us, who, by obstructing our trade, as well as in numberless other instances, are daily injuring and distressing both; but that we have well-grounded hopes of speedy relief, in expectation of which, and of greater advantages in prospect, the present inconveniences are borne more patiently.

All differences and disputes that shall happen between the *Indians* and white people, you will have adjusted and determined in the mode prescribed by a resolve of Congress, of which you have a copy; and you are directed, in a particular manner, to prevent, as much as you are able, any impositions upon the former by those who deal with them. Treat all those people with whom you may meet kindly and hospitably. Inspire them with sentiments of justice and humanity, and dispose them to introduce the arts of civil and social life, and to encourage the residence of husbandmen and handicraftsmen among them. Advise the Congress, from time to time, of all occurrences that may, in your opinion, deserve their attention.

\* Report of the Committee appointed to inquire into the truth of the report respecting Governour *Penn's* inviting the *INDIANS* to *PHILADELPHIA*.

The Committee to whom Mr. *Deane's* letter to General *Schuyler* was referred, beg leave to report, that they have taken the only step which, in their opinion, could lead to an investigation of the subject therein contained, by waiting on his Honour Governour *Penn*, who has assured them that his name has been used without his consent or privity; that he has sent no message whatever to the Six Nations, nor had he ever a thought of desiring the Six Nations to come to *Philadelphia*.

master-General of the Southern Department, having been chosen by the citizens of *Williamsburgh* to represent them in Convention, and an Ordinance having been passed, excluding all persons holding any military post of profit from a seat therein, begged leave to resign his office:

Resolved, That the resignation of Mr. *Randolph* be accepted.

Resolved, That the pay of the Aids-de-Camp of the Commander-in-Chief be raised to forty Dollars a month.

Resolved, That none of the Troops already raised be, for the present, disbanded for want of Arms; and that the General apply to the Convention and Committee of Safety of *New-York*, for such Arms as may have been collected under the resolve of Congress for disarming Non-Associators and disaffected persons, or any other Arms they can supply, and that they be delivered to the *New-York* Troops.

Resolved, That Congress approve the assistance given by the General to Commodore *Hopkins*.

Resolved, That the further consideration of the Report be postponed till to-morrow.

The Congress then took into consideration the Report of the Committee on the Petition of Colonel *James Easton*: Whereupon,

Resolved, That the claims of the persons concerned in the surprise and reduction of the Fortress of *Ticonderoga*, having already been submitted by Congress to the Committee of *Albany*, the Petitioner be referred to the said Committee of *Albany* for a settlement of his demand on that account.

As from the testimonials produced by the Petitioner, it appears that he and his Battalion behaved with great diligence, activity, and spirit in the successful enterprise against General *Prescott*, and the Vessels and Troops under his command, in the River *Sorel*, in which important service they were joined by Colonel *Bedel* and a part of his Regiment; that to encourage the party employed in that important service, the late Major-General *Montgomery* promised them all the publick Stores which should be taken in the Vessels under General *Prescott's* command, excepting Ammunition and Provisions; and as the Petitioner alleges that no part of those Stores was delivered, nor any composition made to the Troops concerned in the acquisition: Therefore,

Resolved, That it be recommended to the General commanding in *Canada*, to appoint Commissioners to estimate all the publick Stores taken with General *Prescott*, (excepting Ammunition and Provisions,) and pay the value thereof among the officers and men employed in that service, in such proportions as the Commissioners shall determine.

As the Petitioner's account of moneys received, and disbursements made by him for the use of his Regiment, on which he claims a balance, can, for want of proper vouchers and information here, only be adjusted in *Canada*, where the business was transacted,

Resolved, That the same be referred for settlement in such mode as the Commissioners from Congress, in that

Province, shall direct. But as the Petitioner is in want of money,

*Resolved*, That 200 Dollars be advanced to him, in part of his demand against the United Colonies.

With regard to the Petitioner's request that a Court of Inquiry may be called respecting the charge against him and Major *Brown*, for plundering the effects of the prisoners: as Brigadier-General *Arnold*, in his letter of the 1st of *February* last, alleges that the Petitioner and Major *Brown* had been publickly accused of plundering the officers' baggage taken at *Sorel*, contrary to the articles of capitulation, and to the great scandal of the *American* arms; for which reason, he declared it to be his opinion, that it would give great disgust to the Army in general if either of them should be promoted until these matters were cleared up; and as the Petitioner asserts his innocence, declaring that he neither plundered, nor directed, nor was privy to the plundering of any prisoner or other person whatever; considering, therefore, on one hand, the aggravated nature of this charge, which is an impediment to the Petitioner's promotion, and, on the other, the great confidence reposed in him by General *Montgomery*, and the essential service which the Petitioner has rendered to his country:

*Resolved*, That the Commissioners from Congress, in *Canada*, be instructed to cause inquiry to be made, by a Court-Martial or otherwise, into the charge against the Petitioner, giving him an opportunity of making his defence; and that the proceedings thereon be transmitted to Congress, in order that justice may be done to the Petitioner, if he has been accused without sufficient reason.

The several matters to this day referred, being postponed, Adjourned to ten o'clock, to-morrow.

Whereupon,

Resolved, That the ninth article of the Association, which enjoined the inhabitants of the United Colonies to sell goods and merchandise at the rates they had respectively been accustomed to do for twelve months then last past, was, in its nature, a temporary regulation, respecting the goods then on hand; but as those goods are nearly consumed, and a further supply must be obtained at an extraordinary risk and expense, and it is reasonable that adventurers should be encouraged by a prospect of gain adequate to the danger which may be incurred in the importation, and a free trade being now opened from the United Colonies to all parts of the world except the dominions belonging to the King of *Great Britain*,

New York April 18<sup>th</sup> 1776

Sir,

Permit me through you, to convey to the honorable Congress the sentiments of gratitude I feel for the high honor they have done me, in the public mark of approbation contain'd in your favour of the 2<sup>d</sup> Inst<sup>t</sup>, which came to land last night. — I beg you to assure them, that, it will ever be my highest ambition to approve myself a faithful servant of the Public; and that, to be in any degree instrumental in procuring to my American Brethren a restitution of their just rights and Priviledges, will constitute my chief happiness. —

Agreeable to your request, I have communicated in General order to the Officers and Soldiers, under my command, the Thanks of Congress for  
their

their good behaviour in the Service  
and am happy in having such an  
opportunity of doing justice to their  
merit — They were indeed, at first  
“a band of undisciplined Husbandmen  
but it is (under God) to their bravery, &  
attention to their duty, that I am indebted  
for that success which has procured  
me the only reward I wish to receive  
— the affection, & esteem of my Countrymen

The Medal, intended to be presented to me by your Honorable Body, I shall carefully preserve as a memorial of their regard — I beg leave to return you Sir my warmest thanks for the polite manner in which you have been pleased to express their sentiments of my Conduct, and am with sincere esteem and respect. — Sir

Yours and their most Obed.  
& most Affectionate

G. Washington
